

**Personal Mention**

Guy Merrill, of Merrill, is here today on business.

McKinley Jackson, accused of wife beating, is at liberty under bonds. His trial will be held on April 14.

Miss Ella Elliott, an employe of the Lamm Lumber company, left for Santa Barbara this morning.

Mrs. B. F. Ferris left for Illinois this morning to visit with relatives.

George M. Strowbridge, of Chiloquin, is registered at the White Pelican hotel.

A Wolfe went back to Merrill this morning following a brief business visit here.

G. S. Long, of the Weyerhaeuser Timber company, left for Tacoma this morning.

Most of the timbermen who were here to attend the pine beetle investigation, were outgoing passengers this morning. Thirty of them checked out of the White Pelican hotel alone.

Dennis McMahon, of Chiloquin, left for New Orleans this morning, from where he will sail for Peru. He will take up a 2,000 acre homestead there if conditions are favorable.

C. L. Stidd, of the Union Savings & Loan association, leaves for Portland tomorrow. He spent yesterday fishing at Chiloquin with H. E. Wood and says he had such good luck he is going to try it again.

Mrs. W. C. Henderson, who has been visiting Mrs. L. E. Emery, left for Eugene this morning to visit her mother.

Captain J. W. Siemens returned last night from Portland, where he has been for ten days on business.

Miss Frances Beatty has returned from a visit with her parents at Gardner, Oregon, and has accepted a position in the office of the Wood-Curtis company.

**Weather Probabilities**

The barometric pressure, as indicated by the Cyclo-Stomograph, at Underwood's Pharmacy, has remained practically unchanged for the last 24 hours, and conditions are favorable for a continuance of present weather—clear, with light winds.

Forecast for next 24 hours.  
Clear, light winds, probably warmer.

**VETERAN OF TWO WARS COLLEAGUES IN CONGRESS**

LOS ANGELES, Cal., April 6.—Two war veterans whose military careers more than half a century elapsed will represent Los Angeles county in the sixty-seventh Congress when it convenes in extraordinary session April 11.

They are Henry Z. Osborne, of Los Angeles, who served in the 192d New York Infantry during the last year of the civil war, and Walter F. Lineberger, of Long Beach, former major in the American Expeditionary forces in the world war. Congressman Lineberger was elected from the Ninth and Congressman Osborne from the Tenth California district, the two divisions being co-extensive with the county.

Congressman Osborne has the additional distinction of being the only survivor of the Union army elected to the sixty-seventh congress. He is a past commander of a Los Angeles G. A. R. post, while Congressman Lineberger is a past president of the American Legion post of Long Beach.

A German coffee company is selling coffee from which the caffeine has been extracted. It is claimed that the coffee so treated is superior in quality to the bean in its natural state.

Experiments in Turkestan to extract edible oil from a wild plant called "kumtary" have proved successful. The residue is made into oil cake which is very nutritious.

**Shoes You'll Be Proud to Wear**

There is a style to REGAL SHOES that cannot be denied. They have that "up-and-coming" look that adds so much to the appearance of any wide-awake man.

And while "clothes do not make the man" still any man who continues to wear anything but good looking and well kept shoes is working under a considerable handicap.

The prices are right. **\$6 to \$10.00**

FOR Shoes

**MAY ORGANIZE GUARD CO.**

The principal discussion at the meeting of the American Legion last night centered around the advisability of organizing a legion baseball team. From the information advanced, there seems to be plenty of good material among the legion boys, and a committee headed by Percy Burke was instructed to investigate the situation.

Major William M. Coplan, of Portland, who is here on private business, suggested the organization of a local national guard company. It is not possible to organize guard companies before the first of July, said Major Coplan, but plans are under way for an entire brigade of troops and Klamath Falls was a logical place for the formation of one of the companies. The minimum strength permitted is 65 men, the company electing its own captain. At least \$12,000 of government money would be spent here through this company every year, said Major Coplan, and the outlook for the building of an armory here would be very good.

A letter from Senator Charles McNary, read before the meeting, stated that he would take up the matter of opening the Adams marsh within a short time.

The great firm of Vickers, Limited the largest shipbuilders and armament manufacturers in the world had its origin something more than a century ago in a little scissors-making shop in Sheffield, of which the proprietors was Benjamin Vickers, who became the founder of the great firm of today.

Have You Seen Kelly today?

Machinery recently devised will lay concrete on a roadway 9 to 12 inches in thickness, covering 14,000 square feet in a day.

A working woman in London has applied a judicial separation from her husband because he objected to her attending the "movies".

A classified Ad will sell it.

**FURNITURE BUYERS**

Take advantage of my outside service. I have a car and like to drive it. You need furniture and would like to buy it. Call 41-W and I will send for you; also take you home.

PHOTOPLAYS OF QUALITY TO-DAY

DOROTHY GISH  
—IN—  
"MISS LITTLE REBELLION"

"Oh piffle!" cried the Duchess. "Your conduct gives me a pain!"

For she'd gone stale on the palace stuff, and her flunkeys' flappedoodle vexed her.

Then came the Yanks and baseball into her seedy old durkery, and lo! in her breast was born the spirit of democracy!

So, when the fall revolution came, Her Highness sneaked to the U. S. A. and went to baking "wheats" in a beanery. Until she saw the rest: a whirlwind romance of laughs, love and excitement.

Don't miss this show. It starts at 6:45. Admission, adults 44c and children 25c.

**It's a Good Bet Even If You Lose**

If there is oil beneath the Klamath Basin, LET'S FIND IT.

If there is no oil there in paying quantities, LET'S KNOW IT.

The only way to know is to drill and find out. That costs money, but its money well expended. Our derrick material is on the ground and preliminary work is being rushed. We will be drilling early in May. We want to keep the drill going three shifts, 24 hours a day.

This can be assured by a ready response from Klamath Falls investors. If we strike a gusher, immense profits will be assured to all early investors.

And it will be the EARLY INVESTORS who will reap the BIGGEST PROFITS.

Are you going to let your neighbors put up all the money for this development work? Or are you going to do your share of the "PUTTING UP," so that you can do your share of the "TAKING DOWN" of profits if oil is struck?
