THE STAR

Allan Dwan has turned to his first love comedy drama in producing "A Perfect Crime," his second Associated Producers' release, which comes to the Star theatre today.

He has taken a simple story, embellished it with sound philosophy, provided plenty of romance, humor and pathos and turned out the best comedy drama of his career.

Monte Blue is the hero of the story and Jacqueline Logan, a former Ziegfeld girl plays opposite him.

THE LIBERTY

Nazimova, the brilliant Russian star, in her newest production, "Stronger Than Death," is announced by the management of the Liberty Theatre as the special attraction today. The presentation of this great artist in a great photo-drama is described as a particular treat for motion picture-goers.

In "Stronger Than Death," Nazimova returns to powerful emotional roles after her clever impersonation of the chorus wail in her picturization of Maude Fulton's Morosco stage play, "The Brat." Nazimova is cast as Sigrid, a London music hall dancer, who finds love in the almost wildernesses of India, whither she goes for rest.

Miss Frances Beatty is at home again after visiting for two weeks with her parents at Garcelon, Oregon. She will resume her work with the Wood Curtis company.

Frank Schmit, a merchant of Beatty, is in town on business. A. A. Bellman and Dr. Gaddes left for the latter's home at Eagle Ridge this morning for a short visit.

Mrs. King Price, and baby, Clair, have just returned from Algoma, where they have had a very pleasant visit with Mrs. Price's sister, Mrs. W. J. Mayberry.

What Oil Development Has Already Done for Klamath Falls

It has stimulated realty values to a very appreciable extent. It has made an increased demand for labor. It has aroused more outside attention than anything ever done in Klamath Falls. It has brought outside capital here for investment. It has multiplied the possibilities of prosperity and profits a hundred fold. It has been the one stimulant to activity; the one source of hope; the one ray of light, during a winter of depression which would otherwise have been dull, hopeless and dark.

What a Continuation of Oil Development Will Do For Klamath Falls

Business of all kinds, values of every description and wages in all lines will increase as long as oil development is carried on in increasing degree. The greater stimulus given Oil Development, the greater boost it will be to business, values and wages. The development work now planned will do much to make 1921 the most prosperous year that Klamath has ever known.

Do Any of These Conditions Benefit You?

Aside from the profits which may be made from an investment in oil stock, is it not a sensible reasonable proposition for every FARMER, BUSINESS MAN, PROPERTY OWNER and WORKING MAN to put a few dollars, (all the dollars he can spare,) into Oil Development, where it means so much in profits, prosperity and possibilities to Klamath Falls?
