# The Farmer AND ...OIL...

Every acre of land in Klamath County is more valuable today than a year ago because of the oil possibilities which have been made probable by the wonderful showing in the Siemen's-Bloomingcamp-Campbell well. If a gusher is brought in, every acre of land in Klamath County will double in value, because of the possibility of profits from oil leases. This applies as well to the mountain range, to the dry land homestead, to the irrigated ranch and to the city garden. Those who have traveled the country over have seen producing oil wells drilled on the steepest mountain sides, in the most fertile valleys, on busy city streets, and even in the Pacific ocean.

Before mid-summer at least four wells will be actually drilling in Klamath County, (possibly six if the plans of local business men carry.) The Siemen's well may develop a producer this summer; all who have seen the indications, and all who are believers in Capt. Siemen's luck, (and that's everybody,) believe that this first well in Klamath County may startle the world.

Our 82 foot Standard Rig is now under construction. We will be drilling next month. Experts say our surface indications are most favorable.

If you own a foot of land in Klamath County, your property and your prospects are being benefited by the work we are doing and the money we are spending.

OUR SUCCESS MEANS YOUR SUCCESS.

If we strike oil in paying quantities the profits WILL ALL GO TO OUR STOCK HOLDERS. You will be one of our stock holders if you SEE KELLEY TODAY

### County Officials Dine and Discuss Courthouse Case

A number of county officials met at lunch in the Rex cafe Saturday to talk over county affairs, and to endeavor to lay the basis for a spirit of county-wide harmony that will help to solve some of the aggravating political problems now retarding the progress of the county, and which are giving the county some disagreeable publicity. The courthouse controversy was the principal topic, but there was an entire absence of acrimony, the subject being handled pleasantly, though frankly. Judge R. H. Bunnell stated that the present board of county commissioners were elected with the understanding that they would complete the Hot Springs courthouse, and that they will endeavor to have the proposition placed upon the ballot at the June primaries, and if the majority of the people still demand the completion of the Hot Springs building they would proceed with the work, and make an effort to dispose of the new Main street courthouse.

Other get-together meetings will be held by these officials. Those present at this luncheon were Circuit Judge D. V. Kuykendall, County Judge R. H. Bunnell, Commissioners Asa Fordyce and Burrell Short, County Clerk C. R. DeLap, Sheriff Lloyd Low, Treasurer G. K. Van Ripper, Assessor Will T. Lee, and District Attorney C. C. Brower.

### CIRCUS IS COMING

Interesting news for young America was spread upon vacant walls this morning in the shape of posters announcing that Al Barnes four ring circus would reach Klamath Falls May 2.

### Personal Mention

Mr. and Mrs. Sizmore of 2204 Eberlein street are the parents of an eight pound daughter, reports Dr. George Wright. The birth took place this morning.
