

The Office Cat

BY JUNIUS

But She Was Stylish

Mary wore a very low cut waist. She wore a very high cut skirt as well. The men all thought she looked like the mischief.

Public dinners are no longer referred to as banquets.

So you ask us what we are living on? Well, some of us are just living on that's all.

Our idea of no sort of job is that of being husband of a lady cop.

The movies have solved the problem of perpetual emotion

Poets are born—but nobody has ever found out why.

Strait, But Some of The People Will Be Where The Phone Wires Will Meet.

From an undertaker's advertisement in a Wabash (Ind.) Paper: In case of death, call us on the phone, no matter where you may be.

Mosquitoes, airplanes and motorbikes always travel with the mufflers cut out.

We want to know why does a girl with a pretty face think that she has to expose just as much of her chest as a homely girl?

Oh, You Beautiful Doll So beautiful she seemed to me. I wished we might be wed, Her peck was just like ivory Alas! So was her head.

George Stephenson says a man expects his wife to stick around the kitchen all day and cook him a big supper. But if she isn't as fresh looking as some of the girls he sees down town he wants a soul mate.

With Due Apologies The hours I've toiled o'er thee, dear verse

Have almost made a wreck of me; And every time I try, thou gets little worse— Bum poetry! Bum poetry!

Popular Fiction

No, Ma'am, I ain't been smokin'—th' smell musta got on my clothes from bein' around paw so much.

When a pretty little baby has a dog-faced father and a hatchet-faced mother the eugenics argument seems useless.

What has become of the old-fashioned sixteen-year-old girl who got a good spanking if she wasn't home by 9 o'clock at night?

A Yreka, Cal., woman whose husband died about a week ago has already tossed her hat into the ring for a second mate. It is rumored that an absent-minded person who attended the funeral shook hands with the bereaved woman and wished her many returns of the day.

Can of Rattlers Gift to Zoology Department, O. A. C.

OREGON AGRICULTURAL COLLEGE, Corvallis, April 15.—Six large rattlesnakes are now on exhibition by the department of zoology. C. L. Wilkins, former student, sent them to H. M. Wight, assistant professor of zoology, in a five gallon oil can punctured full of holes to admit air. They were caught at Coburg near Eugene while in a state of coma.

To get them into the can for shipment it was necessary to put them in through the filling hole. They are kept in a glass observation cage in a sunny window of the zoology laboratory. After they were in the warm room and sunlight for a short time they woke up and are ready to rattle and strike on the slightest provocation. Zoology students are interested in their new and unperturbed mascots as these are the first rattlers many of them have seen.

DORRIS PERSONALS

DORRIS, Cal., April 15.—After spending a few weeks in San Francisco on account of ill health, Dr. A. A. Atkinson, surgeon at the Dorris hospital, is again in town and active in his practice feeling much rejuvenated.

C. H. Norman drove to Klamath Falls Wednesday to attend to business matters. Mr. Norman has sold his interest in a pool hall here to Henry Jaeskie from Dunsuir.

George Vochatzer, a Malin farmer, spent yesterday in Dorris on business.

Mr. and Mrs. H. W. Mitchell, who reside on a large stock ranch in the Oklahoma country, drove to town yesterday for a short business visit.

Karl Adams, who operates a dairy in Macdoel, came to Dorris yesterday to attend to matters in connection

with his new creamery. Mr. Adams has studied creamery operation and dairying at the Oregon Agricultural College and is well equipped with information and training to make a success of his venture.

E. O. Bissell, one of the leading business men at Macdoel, spent yesterday in Dorris on business. Mr. Bissell is one of the directors of the newly organized irrigation project in that locality.

William Hagelstein and J. D. Waltz drove to Klamath Falls last evening where they were called on matters pertaining to business. They returned this morning and reported the roads in very good condition most of the way by Keno.

Dr. J. P. Bowman made a trip to Chiloquin by auto one day this week to attend to matters pertaining to the erection of a hospital there this spring. He is a member of the staff of the Dorris hospital.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Menthe-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Menthe-Sulphur from any good druggist and use it like cold cream.—Adv.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts If Your Back Hurts or Bladder Troubles You

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked with the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular or passage or attended by a sensation of scalding, stop eating meat and get

about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it

no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Adv.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the morning day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire

alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks. A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.
