OWL CAFE IS SOLD

SUES FOR TRACTOR RENTAL.
The county court, for Klamath county, has begun suit against W. K. Brown, for \$1,125 alleged to be due for rent of a caterpillar engine, defendant is alleged to have rented the machine in December, 1919, for 22 1/2 days, at an agreed price of \$50 a day, which was not paid.

True Shoe Economy

Shoes cost less than they used to — But now, as always, it is more economical to buy the well-made shoe of the best materials rather than a much poorer shoe at a slightly lower price. Wear-for-ever, the good shoes cost less, and it looks better and feels better for a far longer time.

Our prices have been reduced on an average of 33 1-3% over last season. That includes shoes we have on hand from last fall, which we are selling at today's market prices regardless of what they cost us.

Shoes and hosiery for the family. Our Spring models are in and are ready for your inspection.
