

The Office Cat

BY JUNIUS

SONG O SELF-RESTRAINT

I've never been given to cruel guffaws
On beholding some other chap's woes;
For instance, poked fun at some geezer because
He's equipped with an overlarge nose.
Say one is so cross-eyed both ways
he can see,
Or perchance, he has stuttered
since birth,
Is he cross-eyed to furnish amusement
for me?
Does he stutter to stir up my mirth?
Fun, based on misfortune, is going
too far,
But—though I'm aware 'tis a sin—
When a fat guy's potato sack busts
on a car
I confess, I can't keep back a grin.

We have been asked why the Office Cat is occasionally omitted from the Herald. The answer is simple yet full of truth. Whenever anyone in the composing room gets mad they kick out the Office Cat. That's what becomes of this column sometimes.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys If Bladder Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; elop up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.
