GROWERS WILL COMBINE FOR LOWER RATES

TUESDAY, APRIL 26, 1921

citrus, vegetable, apple and deciduous fruit industries, of the Pacific coast will combine in a battle to obtain radical amendments to the Trans portation Act of 1920, was the statement made public today by C. C. Teague, president of the California Fruit Growers Exchange and the California Walnut Growers Association. Characterizing the act as the "most vicious federal statue ever enacted," Teague stated that it had brought the heavy tonnage producing industries of the Pacific Coast to the verge of

The Transportation Act of 1920 authorizes the Interstate Commerce Commission to establish railroad rate schedules which will earn six per cent on the combined railroad properties in the United States.

"By this act, the Interstate Commerce Commission is charged with fixing rates on the shippers of the United States that will produce an earning on billions of dollars of worthless property" declared Teague. "Roads which should never have been built, roads which on account of improper location or lack of tributary to them, do not, never have and never can, produce an earning that would pay interest on their cost.

"This iniquitous transporattion act pools all these worthless railroads," he continued "with the good roads of the country and decrees that the shippers must pay freight rates that will produce six per cent earnings on this combined capital.

"In an attempt to produce this earning, rates were advanced while the roads were under government control twenty-five per cent in 1918 and again thirty-three and a third per cene by the Interstate Commerce mulssion in 1920. The result is these rates are prohibitive to y classes of freight and the whole ome is an absolute failure, both ben the standpoint of the railroads the shippers.

The tonnage of the carriers has so falien off that they are not doing business enough to produce the six per cent. Industry in many cases is paralyzed due to the excessive rates."

At the Theaters

THE MONDALE

Picture lovers who have seen the two previous Triangle pictures from "Red" Saunders series, will be more than pleased to know that Roy Stewart will appear in another of these entrancing western stories, "By Proxy," at the Mondale theatre on Tuesday and Wednesday nights.

"Red" undertakes to woo winsome Lindy for Aleck, a long, lean bashful cowboy employed on his ranch. Aleck, not over-gifted with powers of ecise description, gives "Red" a rapturous account of her beauties and appearance and the latter begets himself to Crater to introduce the girl to become Aleck's wife.

But a cog slips and "Red" hits on the wrong lady. Unsuspectingly he brings her to Cowtown and arranges for a minister. The pair journey on to "Red's" ranch, delighted with each other.

Aleck, confronted with the girl horrifies the cowboys by announcing that "Red" has brought the wrong lady. But the love bee has begun to buzz in Saunders' bonnet, and he promptly proposes to Lindy, who just as promptly accepts him.

Ah Sing, the Chinese cook, provides an enormous amount of fun in this picture by winning all the clothing the cowboys own at a game of poker.

THE LIBERTY

"The Misfit Wife," showing tonight at the Liberty theatre, with Alice Lake in the leading role, is an adaptation of the successful stage

play, "The Outsider," by Julie Herne. Miss Lake will be seen as Katie Malloy, a laundress who loses her job through burning a hole in a silk shirt and who sets out on a career as a manicurist in the rough town of Paris, Wyo. There she meets Peter Crandall, a New Yorker, who has gone West to take up prohibition in a serious way, but who becomes daily ed they are married. more frivolous about it. OREGON MAN IS SORRY HE DID NOT KNOW ABOUT TANLAC LONG AGO—RHEUMATISM AND OTHER TROUBLES ARE OVER COME.

"I firmly believe that if I had gotten hold of Tanlac three years ago it would have saved me the awful suffering I had to endure, besides hundreds of dollars F spent for other medicines that did me no good," said J. E. Wilson, of Linton, Ore.
"I suffered from rheumatism and stomach trouble for about three years and for weeks at a time I was scarce-in the least bit of trouble. The bloating has disappeared, my heart no longer and I would bloat up with gas that affected my heart, and I would bloat up with gas that affected my heart, and I would bloat up with gas that affected my heart, and I would bloat up with gas that affected my heart, and I would bloat up with gas that affected my heart, and I would bloat up with gas that affected my heart, and I would bloat up with gas that affected my heart, and I would bloat up with gas that affected my heart, and I would bloat up with gas that affected my heart, and I would bloat up with gas that affected my heart, and I would bloat up with gas that affected my heart, and I would bloat up with gas that affected my heart, and I would bloat up with gas that affected my heart, and I would bloat up with gas that affected my heart, and I would bloat up with gas that affected my heart, and I would bloat up with gas that affected my heart, and I would hardly close them, and many a time I didn't think I was going to be able to work the day out.

LUMBER FOR CASH

ANNOUNCEMENT TO OUR CUSTOMERS!

Our pay rolls have to be met with spot cash. Wholesale credits have been tightened and curtailed and in many instances entirely withdrawn. A large portion of our purchases are now spot cash. Our creditors rigidly require immediate payment of accounts as they fall due.

Our own collections have become more and more difficult from month to month until our bills receivable now amount to practically so much Dead Capital. In order to continue business on anything like a sound basis it has become necessary to SELL FOR SPOT CASH ON DELIVERY ONLY, BEGINNING MAY 1ST.

Contractors and others requiring frequent deliveries may avoid the inconvenience of daily cash settlements by making credit deposits in advance.

We greatly regret our inability to longer continue credit accomodations to our customers and trust the public will appreciate the conditions which have made this change in policy necessary.

They used to say there was no other bread like mother used to make. That was true before BAKE-RITE was put on the market. BAKERITE OVENS AND BAKERFTE METHODS did the business and today you can get a loaf of bread possessing that delicious, lasting, appetizing flavor heretofore found only in bread made at home.
