

SAYS FATE OF CIVILIZATION IN JEOPARDY

PHILADELPHIA, April 27.—Probably the most important question in the world today is whether man is capable of directing intelligently the civilization he has created and organized, said Dr. Stewart Paton in a paper read at the session of the American Philosophical Society, Dr. Paton, who is lecturer in Neuro-Biology at Princeton University, said:

"International as well as industrial peace can only be attained in proportion as we are capable of understanding and controlling human nature. Following outbreaks of insanity in 1914, which plunged the world into war, no attempt has been made by statesmen or diplomats at the peace conferences to discriminate between the signs of sanity and insanity.

"In order to understand the nature of sanity we must use two methods of investigation: 1, analytical; 2, synthetic. Man has paid a heavy price for neglecting the latter. He has studied parts of the human machine, but has made little effort to notice behavior of the entire machine.

"Judging sanity and insanity is a biological and not a psychological problem: It is not a question of body and mind, but of body-mind. The organizations of the body-mind in sanity provides: 1, channels for discharge of energy in action; 2, assists individuals to face squarely problems of actual life, and 3, rewards effort by definite sense of achievement and feeling of adequacy.

"Bolshevism, radicalism and the tendency to think in terms of class distinction are defense reactions of inadequates afraid of facing their own personal problems.

"Success of individual, future of democracy, and the fate of our civilization depend upon the recognition of these biological principles and the cultivation of mental processes favorable for sane thinking and acting."

At the Theaters

THE MONDALE

Roy Stewart, Triangle's western star, appears in "By Proxy," a breezy western feature, with a new leading lady in the person of Maud Wayne, former Keystone favorite. "By Proxy" will be shown at The Mondale theatre on Wednesday and Thursday.

Miss Wayne will be remembered for her clever work as Mr. Desmond's leading lady in "Clovis In."

In "By Proxy," Miss Wayne plays the role of "Lindy," the niece of a very "cool" uncle, whom Roy Stewart is delegated to bring to the Saunders ranch. Roy is acting as the third party in this transaction for Aleck, a haphazard cowboy, who has admired Lindy from long range and decided he would like to wed her. Lindy proves to be the wrong girl, but Ambassador Roy has fallen in love with her in the meantime and suggests nuptial possibilities which are promptly accepted by Lindy.

Many amusing situations are included in this breezy, galloping comedy. One of the most uproariously funny is that in which Ah Sing, the Chinese cook, wins the clothing of the boys on the ranch and departs with it surreptitiously.

THE LIBERTY

She made fun of the House of Lords to her husband who was a member of the British Parliament, while they were touring the continent on their honeymoon. And, later, this led her to write a book in which she exposed many secrets of state. But the trouble it brought her together with an unfortunate love affair were forgiven by her husband when she proved at the last that she really loved the man who had married her. See May Allison in the Metro picturization of Mrs. Humphrey Ward's celebrated novel, "The Marriage of Wm. Ashe," showing at the Liberty Theatre tonight. It's a peach of a picture.

Buck Jones in the William Fox production "Just Pals," a drama of the wheat country from a story by John McDermott, is announced as the feature attraction at The Liberty Theatre tomorrow.

Spring is coming on and you have the house clearing bug. Well, I have got it too. Let's get together.

TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.—Adv.

GLASS OF SALTS CLEANS KIDNEYS

If Your Back Hurts or Bladder Bothers You, drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations

KIRK-KLAMATH FALLS STAGE LINE

Stage leaves The Smoke daily at 2 p. m. and the Central Hotel a few minutes later. We use a large, easy riding, comfortable automobile, in thorough repair.

Stage leaves Kirk at 8 a. m. daily. Tickets \$3 each way; round trip \$5.50. Phone your reservations.

Central Hotel 155-W, The Smoke 175

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanse, purify and freshen the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.
