Fiftieth Year—No. 5108

KLAMATH FALLS, OREGON, FRIDAY, APRIL 29, 1921

PRICE FIVE CENTS

## CITY COUNCIL HAS FINANCIAL NUT TO CRACK

The city council tonight will hold an extra session, pursuant to last Monday's adjournment, to consider ways and means for meeting the deficit on the first, second and third paving unit bonds, which are due May 1.

Police Judge Leavitt today is preparing a detailed statement of the delinquency on the three units, for consideration by the council. In a recent published notice to delinquent property owners in the improvement districts in question the delinquency was fixed at approximately \$16,000. There have been some payments since. Judge Leavitt was unprepared with figures this morning but said the deficit had been considerably reduced.

Realization that time is apparently here for a "go easy" policy in regard to improvement matters is being forced upon the attention of citizens. It is understood that the Chamber of Commerce forum meeting next Wednesday will be given to a discussion of the municipal financial problem.

As the bond payments on the first, second and third issues are due Monday, it appears probable that the council must take some definite action tonight to secure the money to meet the deficit. They must decide whether or not there are other funds available from which the money can be temporarily borrowed.

One definite fact has apparently been established and that is that the charter forbids borrowing from other improvement funds, and this leaves the administration with quite a sizable problem on its hands.

## Business Women Organize Club

At a meeting of the business women of the city last night, it was decided to form a Business Woman's club. Plans were made for a club room and an employment agency for the girls. A meeting of all the business women of the city has been called for next Friday evening at the chamber of commerce at 7:30. The success of this organization depends largely upon the interest shown by the women and all are urged to attend.

The officers elected at last night's meeting were: Clara Calkins, president; Beulah Jarvis, secretary, and Fay West, vice president.

## Auto Busses Are Cheaper Than Train Lumber Co. Finds

DORRIS, Cal., April 29.—Determined to defeat the high cost of railroad fares a Sacramento employment agency has evolved a plan which shows promise of revolutionizing the business of transporting laborers from one point to another quickly. A few days ago a lumber company in this vicinity placed an order with the agency for a certain number of men. In due course of time the men arrived on the scene ready to go to work, but not on the 5:45, as customary.

The employment agency, by careful calculation, arrived at the conclusion that men could be transported from Sacramento to this vicinity cheaper by large auto busses than by train. A machine carrying eighteen men was used for the first trip. This method probably will be employed extensively in this locality hereafter until railroad rates are materially decreased.

## ICE PRICE RAISED

HONOLULU, T. H., March 5 (By mail).—Ice water in Honolulu is going to cost more during the coming summer than it did in 1920. The ice companies say increased schedule of prices which they put into effect in June, 1920, has failed to make good their losses and another hold in cost to consumer has been announced. High costs of operation, say the companies, are responsible for the rise.

## Lloyd George

British premier would exact full reparation but is inclined to fix terms in accord with German ability to liquidate debt.

## BOAT ADrift FIVE MISSING

SEATTLE, April 29.—A small boat containing 5 men from the Umatilla reef lightship are missing after being cast adrift last night in a fifty-two mile gale, says a wireless message. The men put out for the steamer Queen to receive some books and magazines for the lightship. They did not return to the lightship. The boat was last seen drifting toward the west shore of Vancouver Island. The Queen advised by wireless from Tasek that she had put back to search for the boat, but was unable to locate it.

The names of the missing men are Robert Nelson, engineer; E. Antonson, V. Heikel, J. Olson and Jens Munson. Hope is expressed that they have made a landing. There was a 60 mile gale off the coast last night. The cutter Snohomish was forced to seek shelter after losing one boat and having her hatches smashed, while hunting the missing men.

## Financial Report Encourages Church

In view of the fact that the Emmanuel Baptist church has been pastorless, until recently, for 18 months, and that only the prayer meeting services were held, the financial statement for the year, read at last night's business meeting, was considered by the congregation as most encouraging. A \$200 balance on hand was shown, after expenditures during the year of more than \$1,000 for missions and other work.

New appointments of officers were as follows: Miss Beulah Jarvis, superintendent of Sunday school; Miss Lucille Larkey, clerk, and William Saunders, treasurer.

The Rev. J. H. Dickson, new pastor, will arrive from Roseburg soon and will preach his first local sermon May 15. The Rev. G. L. Hall, state missionary, who has been temporary pastor, leaves next week for new fields.

## MEDFORD MAN GETS PLACE ON NEW BOARD

SALEM, Or., April 29.—George T. Collins of Medford, has accepted the appointment from Governor Olcott as a member of the tourist information bureau, created by the last legislature. Mr. Collins is manager of the Mason-Ehrman wholesale grocery's plant at Medford. He is appointed to fill the vacancy caused by the inability of E. C. Simmons of Eugene, one of the original appointees, to accept the appointment.

## MEDFORD LEGION PLEDGES AID TO LAW OFFICERS

MEDFORD, April 29.—After considering anonymous threats against the Medford police for recent arrests of drunkards and liquor sellers, the Executive Committee of the Medford Legion has issued a statement pledging its support to the officers of the law in any showdown between the forces of law and order and vice. The statement declares "the legion can be depended upon to support the officers."

## HOPEFUL VIEW OF SITUATION HELD BY U. S.

WASHINGTON, April 29.—The President and the cabinet are understood to have discussed the German reparations proposals again today.

It became known that Great Britain and Italy had not definitely rejected the German offer as a basis for negotiations. It is understood, however, that the French and Belgian views were that the terms were unacceptable.

Secretary Hughes is understood to be hopeful that negotiations between the allies and Germany can be reopened. Even if a final decision is not reached before the French begin to move into additional German territory, exchanges can continue after that time.

PARIS, April 29.—Dr. Von Oertzen, head of the German war burdens commission, refused to attend the meeting of the reparations commission today for determining the time and the methods of the German payments. Premier Briand left for London to attend the supreme council, Saturday. He has the unanimous French support for direct action in enforcing the penalties upon Germany.

LONDON, April 29.—A dispatch says that Lloyd George will consent to the occupation of the Ruhr district only after an ultimatum granting a certain amount of delay.

## PARKHURST OUT; MEDFORD MAN TO RUN HOTEL

Carl Y. Tengwald has been chosen as manager of the hotel at Crater lake and the establishment will open July 1, with a party given by the officials of the Crater Lake National Park company. These matters were settled at a meeting held in Portland by the incorporators, says the Oregonian. With plans laid and a manager selected, the agitation for improved conditions at the lake has assumed definite shape.

The Crater Lake National Park company has been incorporated under the laws of Oregon. The officers elected are Eric V. Hauser, president; R. W. Price, first vice-president; Vernon H. Vawter of Medford, vice-president and treasurer; George T. Collins of Medford, secretary-treasurer. The board of directors will be elected later in the week.

It is the intention of the company to make Crater lake service on a par with the service at Yosemite and Glacier national parks and to make a model establishment for tourists. Special attention is to be directed to transportation facilities between Crater lake and Medford. A former head stage man from Yosemite is to be manager of the transportation service, and announcement will be made later as to the schedule and stages.

The company confirmed the action taken by the citizens' committee of Medford, of which Mr. Vawter was an active spirit. The option on the hotel property, which was taken by A. B. C. Dohrmann, president of the Yellowstone national park, has been turned over to the new company. Mr. Dohrmann's sole idea in making the transfer is to get the enterprise under way as quickly as possible.

A. L. Parkhurst, who had the hotel at the lake, is now entirely out of the institution. He expressed himself yesterday as well pleased with the result of the efforts of the Crater Lake commission in bringing about plans for the adequate development at the lake.

"Crater lake had reached a degree of importance in the future development of the tourist business of the state that rendered it impossible longer to neglect the interests of the people of Oregon," said Mr. Parkhurst. "The growth of other parks has made it absolutely imperative that a very large development take

## RED CROSS HAD BUSY YEAR; NEW BOARD CHOSEN

A new executive committee for the Klamath county Red Cross chapter was chosen at last night's meeting. The committee will be called together, probably early next week, to select the officers for the coming year. The committee consists of:

Leslie Rogers, Miss Twyla Head, Father J. V. Molloy, Mrs. William Ganong, Mrs. Thos. Campbell, Mrs. Callaghan, Marshall Hooper, E. S. Henry, Dr. A. A. Soule, Rev. C. F. Trimble, Fred A. Baker and Judge D. V. Kuykendall.

With the exception of Mrs. Ganong, Miss Twyla Head, Fred A. Baker and Leslie Rogers, all of the persons named have not previously served on the executive committee.

Receipts and disbursements for the past year were reported by the treasurer as follows:

Balance on hand June 30, '20	\$2,383.99
Misc. Receipts	72.76
Donations	903.57
Memberships	2,366.00
<b>Total</b>	<b>\$5,726.32</b>

<b>Expenditures—</b>	
Home Service	\$ 948.36
Disaster and Relief	20.50
Public Health Nursing	976.71
Rent, Light, etc.	57.59
Postage, etc.	24.00
Remittance to div. headq.	1,173.00
<b>Total</b>	<b>\$3,229.16</b>

The secretary's report showed a membership in Klamath county of 2,257 annual members, 12 contributing and two sustaining members. It showed that hospital and medical treatment has been secured for five ex-service men and two civilians during the year. Four others have applied for medical aid. Vocational training has been secured for three disabled veterans at government expense, and five other applications forwarded. Two of these were rejected and three are pending. Additional travel pay and overdue allotments have been secured for four and compensation for disability has been secured for five disabled ex-service men. Material relief has been given to one soldier, four ex-service men and eight civilian families. County relief and relief from other agencies has been secured for six families.

The executive board has a busy year, holding various meetings and conference with school officials and with agencies working for ex-service men's betterment and their families' welfare.

Dr. Dan Clark, northwest director of civilian relief addressed the meeting, outlined plans of the Red Cross for peace service and recommending certain lines of work. He urged support of the county health nurse, a health center for the distribution of information, and the study of the Red Cross home nursing course.

## FAVORABLE REPORT ON IMMIGRATION BILL

WASHINGTON, April 29.—The house immigration restriction bill was reported favorably today by the senate immigration committee, after elimination of the provisions allowing special privileges for the entrance of minors and persons subject to religious persecution.

## BOUT IS DRAW

PORTLAND, April 29.—The Leach Cross and Joe Goodman ten round bout last night was officially declared a draw, though newspaper opinion favored Cross.

place at Crater lake in the near future.

Mr. Hauser and Mr. Vawter, with other members of the committee, deserve the thanks of the entire state for their patriotic efforts in developing a satisfactory solution. The improvements which are to be made this year will give greatly increased facilities for taking better care of the tourists who are desirous of visiting this great scenic wonder.

Mr. Tengwald, the active manager, formerly was manager of the Holland hotel at Medford.

## Premier Briand

Head of the French cabinet, who demands that Germany pay to the uttermost mark the sum fixed by the reparations commission.

## LOCAL LUMBER MAN IS DEAD

SAN FRANCISCO, April 29.—Ernest Elfendahl, a prominent lumberman of Klamath Falls, died here last night.

E. W. Elfendahl left here last Saturday for San Francisco, hoping that a change in climate and treatment would benefit him.

Many friends, who knew he was in ill health, will be deeply grieved to hear that he was unsuccessful in his battle against death.

The decedent was associated last season with the Associated Box company at Dorris, an enterprise which he and other local lumbermen and investors founded. For a time he was manager of the plant. During the 1919 season he was with the Modoc Lumber company and before coming here he was for many years general manager of the La Moine Lumber and Trading company at La Moine, Cal.

The family residence, sold a few days ago, in this city was in the Hot Springs addition. The decedent's immediate family consists of a widow, daughter, aged about 9 years, and a son, aged 12.

The boy had been ill for several months, following an attack of influenza, and friends believe that worry over the son's condition, as well as anxiety for his own health, aided in lowering Mr. Elfendahl's vitality and helped to bring about his death.

## HITCHCOCK LAUNCHES ATTACK

WASHINGTON, April 29.—The Knox peace resolution was attacked by Senator Hitchcock, of Nebraska, a democrat, as "idle and ineffective" and as an attempt to dictate the international policies of the president.

In a minority report submitted today by democratic members of the senate foreign relations committee, the Knox peace resolution is declared to be "fraught with untold difficulties."

## WARNER NAMED FOR MEDFORD POSTMASTER

WASHINGTON, April 29.—Nominations of 84 postmasters, the first made by President Harding since entering office, sent to the senate included David W. Morris, Modesto, Cal., and William J. Warner, Medford, Ore.

## NEW TRIAL DENIED TO NON-PARTISAN LEADER

ST. PAUL, April 29.—The state supreme court denied a new trial to L. C. Townley, president of the national non-partisan league, and Joseph Gilbert, former organization manager of the league, convicted of conspiracy to teach sedition. The case was tried June 23, 1919.

## NEW HURDLE RECORD

PHILADELPHIA, April 29.—A new world record of 53 4-5 seconds was made by A. Besch of Notre Dame university in the first heat of the four hundred and forty yard hurdles, at a meet here today.

## PELICAN BAY MILL TO RUN IN FEW DAYS

The Pelican Bay Lumber company's sawmill will resume operations within a few days, it was announced today at the office of the Pelican Bay plant in answer to inquiry. One shift will be operated at the start, pending the arrival of H. D. Mortensen, who is now in San Francisco. When he arrives the question of operating two shifts will be considered.

About 150 men will be employed, meaning additional jobs for about 40 men as a large part of the Pelican Bay crew has been employed upon repair work during the winter.

With one shift operating, the output of the Pelican Bay mill will be about 155,000 feet of lumber daily.

## Ewauna Is Running

The Ewauna Box company's mill has been in operation since the first of the week, working one shift of 25 men daily. The box factory has not yet reached a normal but is producing a little more than 75 per cent of its full capacity, it was reported today.

## Big Lakes Starts Monday

The Big Lakes Lumber company announced today that its mill would start Monday morning, operating one shift, 25 men. The Big Lakes has installed a new boiler and overhauled its plant, somewhat increasing the capacity. It will saw about 50,000 feet of lumber daily, it was reported.

## The Klamath White Pine Company

whose new mill at Ship-pington was finished late last fall, has not fixed a definite date for starting. E. W. Doe, the manager, is now in California.

It is expected that a start will soon be made, however. The Klamath Manufacturing company's mill has been operating for ten days, being the first local mill to open.

## Forgery of Hotel Man's Name Charged

A. B. Huntington, employed by the Central hotel, was arrested last night on complaint of Guy Garrett, hotel manager, on a charge of forgery. He is accused of having passed six five-dollar checks forged with the hotel manager's signature, three of which reached the bank and were cashed.

Arrangements were being made for the arraignment of Huntington in the justice court this afternoon.

Huntington has been employed by the Central hotel for several months as janitor. He was a telegraph operator, and was a man of more than ordinary intelligence. Officers said that he was intoxicated when arrested, and it is said that habitual indulgence in liquor is the source of much of his trouble.

## Sportsmen Meet Tonight At C. of C.

Local sportsmen are urged not to forget the meeting tonight at 8 o'clock at the chamber of commerce rooms. Many important matters are scheduled for discussion, among others the arrangements for the state fish and game commission meeting here in June.

## SHIPPING EMPLOYEES WILL APPEAL TO THE PRESIDENT

WASHINGTON, April 29.—Falling to reach an agreement with the shipping board and the American steamship owners on a basis for readjusting the wages and the working conditions in a conference today the representatives of the unions announced that they would lay their case before President Harding.

## WEATHER PROBABILITIES

The Cyclo-Stormograph at Underwood's Pharmacy has recorded but little change in the barometric pressure during the past 24 hours, hence a continuation of present conditions may be expected. Forecast for next 24 hours: Continued fair, with brisk winds.
