

# HOT BATH IS GERMAN LUXURY

BERLIN, March 26 (By mail). — The hot bath has become such a luxury in Germany owing to the shortage of coal and the manner in which the government regulates the distribution of fuel that many persons have ceased bathing. Others have gathered courage for an icy sponge daily, but this is not popular for the houses are generally cold and exposure in cold rooms after a chilly tub paves the way for colds and pneumonia.

Ordinarily a family can afford hot water once every two weeks. Hotels where nationals of Entente nations reside supply running hot water.

Public baths, where once a plunge or a tub was available for a few pennies, have been forced to close or raise prices beyond the reach of working men and salaried workers. Only expensive bathing places remain open for the patronage of the profiteers. In Berlin six of eight bathing establishments have gone out of business.

This situation has produced hygienic conditions which have caused much discussion among health authorities and suggestions have been made that the several cities assume the task of providing proper public bathing facilities. However the cities also are handicapped by lack of funds, shortage of coal, and the government rationing regulations.

Nearly all German houses in the cities are equipped with modern plumbing and numerous bathrooms and before the war the Germans were insistent on the daily hot bath.

# LUMBER FOR CASH ONLY

## ANNOUNCEMENT TO OUR CUSTOMERS!

Our pay rolls have to be met with spot cash. Wholesale credits have been tightened and curtailed and in many instances entirely withdrawn. A large portion of our purchases are now spot cash. Our creditors rigidly require immediate payment of accounts as they fall due.

Our own collections have become more and more difficult from month to month until our bills receivable now amount to practically so much Dead Capital. In order to continue business on anything like a sound basis it has become necessary to SELL FOR SPOT CASH ON DELIVERY ONLY, BEGINNING MAY 1ST.

Contractors and others requiring frequent deliveries may avoid the inconvenience of daily cash settlements by making credit deposits in advance.

We greatly regret our inability to longer continue credit accommodations to our customers and trust the public will appreciate the conditions which have made this change in policy necessary.
