The Plumber's Answer
(By G. C. Lorenz)

The plumber man who yesterday was the object of your wrath is the first one that you call for when you cannot take a bath. When the faucets all are leaking, water's all too hot or cold, I pray these spring some newer stuff. That plumber gag is old.

The first one that you call for when it's thirty-five below, when the sidewalk's icy covered and the streets are full of snow; he's the very one you're wanting when you are in a pinch. And then you turn and talk about the plumber's "lead-pipe dnch."

Two Hours Wit
"A well-known man says that man thinks better after midnight." Fred Houston says he is willing to admit that they think better when caught coming in after 2:45 in the A. M.

Arthur Collins is getting sentimental. He says some men are so grouchy that they do not think that a girl baby is fit to kiss until she is sixteen.

A washerwoman applied for help of a gentleman who gave her a note to Ross Hickerson, the genial cafe man. The note read: "This woman needs washing." Very shortly after, Ross replied by saying: "I say she does."

Less than a decade ago our chief ambition was to leave school. After lamping some of the comely pedagogues of today, however, we decided that going back wouldn't be so bad. (Note to composing room foreman: Please set the foregoing in agate; our wife can't read fine print without getting a headache).

Our Tabloid Educational Series
Shark fins are highly prized as an article of food in the Orient.

The nickelplated castor oil spoon, offered for the best example of base ingratitude, is hereby awarded to a New York World reporter, who was invited to a banquet by Mayor Hylan and then "played up" in his story the fact that booze was served. The city editor, we feel, should be held as an accessory before the fact.

Mayme Liggett says that when a woman gets sick and has to go to bed she arranges the scenery so that she looks pathetic and interesting. But let a man get sick he usually looks like something the cat brought in.

Seasick

Bill Houston says it is unnecessary to go to San Diego to get seasick. Just stand around and listen to some sixteen-year-old girl shoot the hot air over the telephone to some candy-legged kid for an hour or two.

Ode to An Auto

My Bonnie went over the gas tank, The height of the contents to see; He lighted a match to assist him, Oh, bring back my bonnie to me.

High Cost of Pleasure

"Look here, Malina," cried a husband in one of the nearby districts, shaking the bills the R. F. D. carrier had just left. "You must think I'm made of money! Mustard plasters from Underwood's, fifty cents; six teeth pulled by Doc Mason, three dollars. There's three dollars and a half spent in one week for your own private pleasure."

NEWSPAPER ADVERTISING GAINS FURTHER FAVOR

NEW YORK, April 29.—Newspaper advertising throughout the country during 1920 amounted to more than \$2,000,000,000, an advance of \$50,000,000 over that of the previous year. The bureau of advertising of the American Newspaper Publishers' association so reported.

Newspaper advertising space has gained in favor as a medium of dependable results and of sure economy, the committee reported. Increase the service to advertisers has made necessary the opening of a San Francisco office to supplement the Chicago and New York offices. The results of market surveys and statistical research were eagerly sought by advertisers and bankers as well as several booklets and other literature. Total gross income of the bureau was \$55,124. Expenses amounted to \$48,581.

Even the man who expects the unexpected is apt to be surprised when it happens.

Trans-Lever Springs ON A FORD

DOES AWAY WITH MAKESHIFT

Remarkable new springs that save their cost in a short time by reducing tire, gasoline and up-keep expense. And they do away with all necessity for shock absorbers, snubbers, coil springs and other makeshifts.

MAKES RIDING SMOOTH AND EASY

There is an almost unbelievable smoothness about its action. In going over rough roads one automatically watches for the bumps ahead and prepares for the shock but no shock takes place. If the wheel drops into a hole you get a strange but pleasant sensation of going down, but there is no rebound—you never seem to come back.

GUARANTEED AGAINST BREAKAGE

The spring is easily attached; requires no drilling or alteration to body or chassis, and with every sale is an unconditional guarantee against breakage for the life of the car.

10 DAY FREE TRIAL

We will equip your Ford with a set of these springs and give you 10 days free trial without cost or obligation to you.
