In announcing this, our Eleventh Anniversary sale, we wish to impress upon the minds of the buying public, two important things. First—We have been in the merchandise business in Klamath Falls for eleven years and during that time have always carried up to the minute, high grade merchandise priced as low as is consistent with good business policy.

We have earned the patronage of this community through years of study of local conditions, always with the firm belief that to get and retain this patronage we must supply the public demands for high quality merchandise at reasonable and just prices. We wish to express our appreciation of your patronage during these eleven years, and trust that our business relations may continue to be as pleasant in the future as it has in the past. Second—It is our firm intention to make this our Biggest and Best Sale, and if real, genuine, bonafide reductions will do it we assure you that we have left no stone unturned to accomplish this result. Come, See and you will buy.
