TEN FOR ONE

You might have made \$900 in the last year from an investment of \$100 in Siemens' Oil Stock.

WHY DIDN'T YOU?

You didn't have the nerve that's why. You were afraid to take a chance. You were afraid you would lose the hundred.

YOU'VE GOT ANOTHER CHANCE. TODAY you can buy our stock at a Dollar a share. You know that the minute our drill hits oil the stock will jump to \$10.—Ten for one; just as Siemens' stock did.

You know too that if the Siemens' well brings in a gusher his stock will jump to \$10,000 a share or more. No one can safely estimate the profits that will be made in Klamath Oil stocks if a gusher is struck.
