If You Think IT'S WICKED To Gamble Don't Buy Oil Stock

For it sure is a gamble. There is no way Wisecarver could have made \$3000 out of \$300 in less than a year, except by gambling. He risked losing \$300 and won \$3000.

IF THERE WERE NO GAMBLERS THERE WOULD BE NO OIL WELLS and we would still be burning tallow candles. Every Oil Field in the World has been developed by long-shot money invested by men and women with the gambling instinct.

THE LORD DIDN'T PUT UP ANY SIGN BOARDS by which man could know that oil is here and not there.

But he gave the gambling instinct to a lot of people and they have drilled wells and struck oil and made millions.

WE HAVE PUT THOUSANDS OF DOLLARS INTO CRATER OIL & GAS.

We are gambling, and we know it. If you buy our Stock, you are gambling too, and we want you to know it.

If you want to take a chance with us sign this
