

WE KNEW IT

You just can't evade the fact that low prices, with goods that for years have been conceded to be the best on the market, is a combination that attracts buyers who know what a "real" sale is. We claim that the shoe sale which began at our store yesterday comes under the head of real and bona fide sales, anyway you look at it. We are proud of our shoe line. Our shoes have stood the acid test of hard wear and fashion, and the numbers of people who patronized the sale yesterday, some of them coming from long distances despite the bad weather proves that our pride in our shoes is well founded. Most of those who bought shoes from us yesterday had attended our sales before—

THEY CAME BACK

because they were satisfied with their previous purchases from us.

Keep this in mind: We've got shoes for every foot, every use, and every sensible fancy. We can fit you and please you—men, women, and children—if we can't fit you we will tell you so without trying to sell you something you do not want. But, we'll satisfy you no doubt about that.

Ladies can buy Luxite Hosiery at a reduced price. Luxite represents the best there is in hosiery, and discriminating ladies will be pleased with this line.

We want the confidence of the public, and the only way to retain it is by giving recognized shoe values, and at prices that you absolutely know are away below regular prices. We are doing it. The sale is on. Here is the biggest shoe-buying opportunity of the year.

When Oil

IS STRUCK

Real money will be as plentiful then as the "Elks Bull Coin" has been this week.

Men with a few dollars now will have hundreds and thousands then. Everybody will be busy; everybody will be excited. The whole city will be crowded. Every store will be crowded and you will have to elbow your way wherever you go, just as you did this week at the Elks club.

Some of our best citizens are putting a lot of money into Oil Development, and are doing everything in their power to hasten the prosperity which we all know will come to Klamath when Oil is struck.

ARE YOU DOING YOUR PART?

ARE YOU GOING TO BE IN ON THE PROFITS?

AS GLENN JESTER TELLS THE CRAP SHOOTERS, "You can't pick up the winnings if you don't put down the bets."

You may not be able to put in Thousands of Dollars as Siemens, Bloomingcamp, Fordyce and others have, but if you put in all you can afford, you have done your part as much as they.
