Memorial Day, 1921

By Berton Braley

Our dead rest on the breast of France
And all around the world
Where by war's grim or splendid chance
Our banners were unfurled;
So whether here or overseas
Their bodies chance to lie,
We pay full honor unto these
Who did not fear to die.

Because they dared, because they died,
We and our nation live,
Our liberty, our hope, our pride
Were gifts that they could give,
And since for all these gifts the price
Was life—they held life cheap
And blithely made the sacrifice,
And laid them down to sleep.

O, dead of many wars, who fought
With spirit high and pure,
The noble structure that you wrought
Shall evermore endure!
You held your country's cause above
All else; we, unafraid,
Will keep your country worthy of
The price you gladly paid.

Lumbermen to Confer With Hoover

Herald Washington Bureau
WASHINGTON, May 27.—Final details of the conference of Secretary Hoover with the lumber interests are now cleaned up. It was agreed that all of the great lumber organizations should hereafter represent both members and non-members in the collection of data on accumulations of stock, market conditions and other factors bearing on the price and distribution of lumber material.

It was also agreed that the contributing associations should close their books, so far as the data is concerned, not later than the 27th of each month, and rush the information gathered to the department of commerce, where the bureau of census would collect, analyze and print it in the form of a bulletin, not later than the 15th of the month following.

Secretary Hoover was also advised that production in the Northwest would be more than 65 per cent of the production of 1920.

Secretary Hoover is sending a letter to all of the larger associations authorizing them to act as representative of the department for the collection and transmission of this data, from non-members as well as members and asking general co-operation for the plan adopted.

JULY 4TH PLANS BEING MADE

Soliciting Committees Report Proposition Meeting With Hearty Support Generally.

D. W. Griffith may have staged the famous "Birth of a Nation," but the organized group of heart and soul Klamath Falls boosters who assembled at the Chamber of Commerce, on the question of a July celebration here—the launch put over the "Birth of Klamath Falls," the initial movement for the expanding and enlarging of every interest in the city—even with odds against them, they won, and Klamath Falls will have a celebration of the national Natal Day.

It was not talk that the business men met for, and little time was wasted; all wanted action, and gave it. The meeting was called to order by Fred. Houston, who was chosen temporary chairman, and suggestions called for.

That call by the chairman set the meeting going and the flow of ideas and suggestions came fast, so fast that within a few minutes a subscription list was passed around and a "nest egg" laid for a far reaching temporary proposition, which will be made permanent with careful consideration and planning.

Permanent organization began with the selection of Fred. Houston as permanent chairman. The appointment of committees followed and the members of the various committees are:

- Finance—Leslie Rogers, Fred Garich, Glyson Wimberly.
- Concessions—K. Price, Bordman, "Blackie" McDonald, Harry Poole;
- Entertainment—To be appointed Tuesday night.
- Soliciting—(North of Main street) Joe Pospall, Ed. Weston, Louis Hoagland, Barney Chambers, J. T. Perkins, (South of Main street) Jack Farber, Jack Nichols, Ross Nickerson, Harry Poole, Ed. Lawrence.
- Mills and Banks—L. G. VanBelian, O. M. Hector, Ed Vannice and Fred Houston.

The definite program settled upon was for a two days celebration, beginning July 4, and lasting all day July 5. Tuesday evening, the committees will report the amount of money pledged and at this session, the choice will be made of the entertainment, whether it shall be carnival, rodeo, old fashioned Fourth, or cetera. So many preliminary ideas were given in regard to the class of entertainment that money will determine the kind for this Fourth.

The boosters of this celebration have announced that on Tuesday evening at 7:45 o'clock, a public meeting will be held, at which all citizens of Klamath Falls are invited to attend, to take part in, to help by suggestions or ideas, and back the proposition with but one thought—"for the greatest and best entertainment ever staged in Klamath Falls"—and every business man who is a live wire, or a dead one, is expected to be present, either in person or by a representative.

As one man who just "sat in" on the proceedings said, "Either get into the bandwagon and be rated a live wire, or call for the Warren Construction company road scraper and have them yank off 47 yards of moss, then climb aboard—or hang a bunch of crepe over your hat and announce to all the world that you are in the land of the shades and are a dead one."

The promoters of this Fourth of July celebration want everyone on hand Tuesday evening at 7:45 o'clock at the Chamber of Commerce to get into the game.
