

The Office Cat

BY JUNIUS

Adam's Advantage
Whatever troubles Adam missed,
This must have made him sore,
When he and Mother Eve fell out
He couldn't slam the door.

Strange how some men here in
Klamath Falls spend their money,
says Fred English. We see a lot of
them buying expensive cars when
they can't have a quart of whiskey in
the house.

Time: Before the Great Thirst
The night was cold and the wine
was hot, and the clubman was toddling
homeward after doing himself
extraordinarily well at the reunion
dinner.

Handsh nearly frozen," he uttered.
Suddenly along the almost deserted
street rushed an old-type fire engine,
with smoke pouring from its funnel—and
the old gentleman at once gave chase to it.

We are sorry for city editors. The
only time they ever break in print is
when they marry, get sick or die.

These wild western movies would
be more convincing if the hero wore
a few week's growth of whiskers and
got his hair mussed up once in a
while, instead of freezing the villain
with a dirty look.

Another Use for 'Em
(From a Classified Ad. Colman)
WANTED—White man to milk and
run a Ford car; one mile south of
Fifteenth on Lewis. Devlin.

A flivver in Kankakee, Ill., broke
the arms of four persons, who
attempted to crank it, in less than a
week, Luke Walker says. That's what
comes of crossing a bicycle with a
mule.—Ulta Tribune.

Mr. E. J. Barrett says that so far
as the female citizens go, this is the
sweet land of lingerie and stenographers
are now hired for their short
skirts instead of their short-hand.

The conductor and a brakeman on
a Montana railroad differ as to the
proper pronunciation of the name
Eurella. Passengers are often startled
upon arrival at this station to hear
the conductor yell: "You're alliar!
You're a liar!" Then from the brake-
man at the other end comes the cry:
"You really are! You really are!"
—Boston Transcript.

We read in one of the high-brow
magazines that it is predicted that
women will eventually abandon cor-
sets. Well, there isn't much left to
abandon.

A recent convention of plumbers
was delayed while the chairman went
back to the shop for a gavel.

\$8,000 Mill Burned;
Lumber Not Touched

DORRIS, Cal., June 2.—Fire origi-
nating from an unknown agency
completely consumed the Tuman &
Keene saw mill at Jerome, 14 miles
southwest of here, early yesterday
morning. The mill was valued at \$8,-
000.00 and was partially covered by
insurance. It was a total loss.
Lumber piled in the yards some
distance from the mill was not burn-
ed. From indications the fire seemed

to have started on the opposite side
of the mill from the boilers.
Monars, Tuman and Keene will not
rebuild this season, it is understood.

DORRIS PERSONALS

DORRIS, CAL., June 2.—Stuart
Taylor, assessor of Siskiyou county,
was in town yesterday on business,
having driven from Yreka via Topsy.
Cob McManus, a farmer of Oklaho-
ma district, was a business visitor in
Dorris yesterday.

Albert V. Jacobson and family
have gone to the Rogue River Valley
by automobile for a few weeks visit
with Mrs. Jacobson's parents.

Chesley Stow, who has been visit-
ing with his daughter, Mrs. William
G. Hagelstein here, has gone to Chil-
iquin to spend a few weeks with an-
other daughter, Mrs. George Haydon.
Mr. Stow resides in Watsonville, Cal-
ifornia.

Stanley Allen, of Macedoel, was a
business visitor in Dorris yesterday
afternoon.

AERIAL PATROL
WILL BE ACTIVE

Wireless Service to Be
Used in Warning
California Base Sta-
tions of Forest Fires.

SAN FRANCISCO, June 2.—Four-
teen new receiving stations will be
established this summer in California
to handle wireless messages regard-
ing forest fires from government
airplanes patrolling the forests of
the state, it was announced here re-
cently.

The new stations will be at Siason,
Weaverville, Mineral, Alder Springs,
Quincy, Santa Barbara, Orleans, Ne-
vada City, Placerville, Sonora, North-
fork, Hot Springs, Los Angeles and
Yreka. In addition, there will be
radio stations at the main bases of
Visalia, Mather Field, March Field
and Corning.

Planes in the air will be in com-
munication with one or more of the
stations almost continuously, it was
said. When fires are discovered, the
planes will radio the approximated
location to the land stations which
will notify forest service fire fighters
who will go to the blaze.

Young men, many of them stud-
ents doing summer work, will serve
as wireless operators at the land sta-
tions. All of them will be required to
show registration as qualified amate-
urs.

Patrols of the California forests by
air service planes will start by July
1, at the latest, it was said, and will
continue during the summer until
October 1 or 15. The planes will be
stationed at the four main bases and
will go on routes from 200 to 400
miles daily, covering the principal
forests.

Planes will leave their bases daily
at about nine a. m. to cover half
their routes before noon. They will
stop at sub-bases for lunch and sup-
plies and to telephone or telegraph to
the bases confirmation of fire reports
of which they are en route. In the af-
ternoons they will cover the rest of
their patrol routes, which will take
them back to their bases.

In order to keep a check on the
accuracy of location and promote the
interests of the men in the work, the
forest officers who go to the fires on
the ground will report back the actual
locations as they find them. This
will enable the aviators to determine
how close he is coming to locating
the fires correctly.

The patrol in the state will be
handled by the Ninth Aero Squadron
and will be under command of Cap-
tain Walsh.

DEPARTMENT OF THE INTERIOR
General Land Office

WASHINGTON, D. C., April 28,
1921.—Notice is hereby given that
on June 18, 1921, at Klamath Falls,
Oregon, beginning at 10 A. M., of
that day and continuing thereafter
from day to day (Sundays excepted),
as long as may be necessary, H. D.
Newell, project manager of the U. S.
Reclamation Service, will, under the
Act of May 20, 1920 (41 Stat. 605),
offer for sale at public outcry to the
highest bidder at not less than the
appraised price all of Lot 3, Section
23, Township 40 S., Range 3 E., W.
M., containing 40.8 acres with the
improvements thereon, within the

Klamath Irrigation Project.
The purchaser may at his option
pay all cash at the time of sale or
one-half cash at the time of sale and
the balance in one year with interest
at the rate of six per centum per an-
num. Parties are warned under pen-
alty mentioned in Section 59 of the
Criminal Code of the United States
against any combination or action
tending to hinder or embarrass the
sale of the said lot and improve-
ments, or to prevent free competition
between bidders.

WILLIAM SPRY,
Commissioner.
5-12-19-20-2

NOTICE OF SALE OF IRRIGATION
DISTRICT BONDS

NOTICE IS HEREBY GIVEN That
sealed proposals will be received
until the 24th day of June A. D. 1921
at the hour of 2 o'clock in the after-
noon for the purchase of Fifteen
Thousand Dollars' worth of bonds of
the Enterprise Irrigation District of
Klamath County, Oregon. Said bonds
are to draw interest at the rate of 6
per cent per annum, payable semi-
annually upon the 1st day of July

and the 1st day of January of each
year until the maturity of said bonds.

Said proposals will be received by
the Board of Directors of said Irriga-
tion District, and should be directed
to the Secretary of the Enterprise Ir-
rigation District, care of Fred. D.
Fletcher, Loomis Building, Klamath
Falls, Oregon.

The Board of Directors reserve the
right to reject any or all bids offer-
ed.
G. J. HILYARD,
Secretary of the Board of Di-
rectors of Enterprise Irriga-
tion District. M19-J20

SOME STORAGE BATTERY
FACTS: You might as well
say that you can buy an auto-
mobile for \$200 as to say that
you can buy a battery for \$30.
One signifies just as much as
the other. Voltage counts for
nothing when it comes to the
capacity of a battery. The
ampere hour capacity is what
counts. The larger the bat-
tery the greater the ampere
hour capacity and necessarily
the greater the cost. We
could build you a six volt bat-
tery for \$2 that you could
wear for a watch charm. It
wouldn't run your car but it
would be six volts just the
same. Investigate LUTHY it
will pay.

~an advantage
worth while~

Back of the Zerolene you buy for your
engine are the combined resources, expe-
rience, knowledge and equipment of the
Standard Oil Company. They create an
efficiency in the manufacture of fine lubri-
cants hard to duplicate elsewhere in the
world.

You gain this advantage in the use of
Zerolene.

Our Board of Lubrication Engineers
recommends the grade of Zerolene to meet
the requirement of your type of engine.
Follow their recommendations as embod-
ied in the Zerolene Correct Lubrication
Chart.

Ask for a Chart for your car.
