## WARREN BROS. HANG TO HIGH ST. CONTRACT

Improvement of the High street unit, including High between Sixth and Eighth, Sixth from Pine to High, and Seventh from Pine to Washington, in which property owners are seeking to avoid paving this year, was a topic of lengthy discussion at last night's council meeting.

Bids were received from Keeler Brothers of Portland, and the Warren Construction company for the \$25,000 bond issue. The former bid was rejected and the latter laid over for further consideration. If it were accepted, the work could go ahead as Warren Bros. received the contract for construction last year, subject to the sale of the bonds.

The Warren Bros. company, by letter, read last night, protest the proposed cancellation of the paving contract, stating that it would be unjust to them after they have made preparations to do the work and have forwarded material here.

The city was offered the use of the state highway engineering trucks upon payment of a dollar a year rental, and agreement to bear depreciation costs.

The matter was laid over until next meeting.

The report of Fire Chief Ambrose was read and approved. There were two fires and 33 inspections during the month of May.

The amendment of the charter, raising license fees of carnival and tent shows to \$300 a day, depending on seating and standing capacity, was passed to second reading.

Other amendments to the city charter were laid over until the next meeting.

The request of Richard Melchase for a four room building permit was granted by the city council last night.

Permission to hang a grocery sign over his place of business was given to J. V. Cordoza. The application of Mrs. A. Pierson for a rooming house permit at 133 Grant street, was turned over to the fire chief for a report.

Upon petition of Attorney Manning, the council rescinded its order cancelling the license of H. A. Royce to sell automobiles in this city, and restored the license taken away at the council meeting May 29. The automobile dealers of the city were present to hear the matter and after assurance that Royce would become a permanent dealer, and Klamath Falls would be his home, the matter was settled.

### NUMEROUS PHASES OF LIFE

Existence May be Likened, with Considerable Truth, to Any One of Many Things.

Life, says the Ladies' Home Journal, is very much like a savings account in the bank. You get out all you put into it, and considerable interest besides.

A winding country road. Although one cannot see far ahead, zest is given to the journey by the fact that something new and interesting will be revealed at every turn of the road.

The new spring bonnet. A great deal of its charm depends on the kind of a face that peeps out beneath it.

An old-fashioned quilt. Requires both light and dark patches to carry out the design successfully.

Your wife. You find it very trying at times, but all things considered, you would not want to do without it.

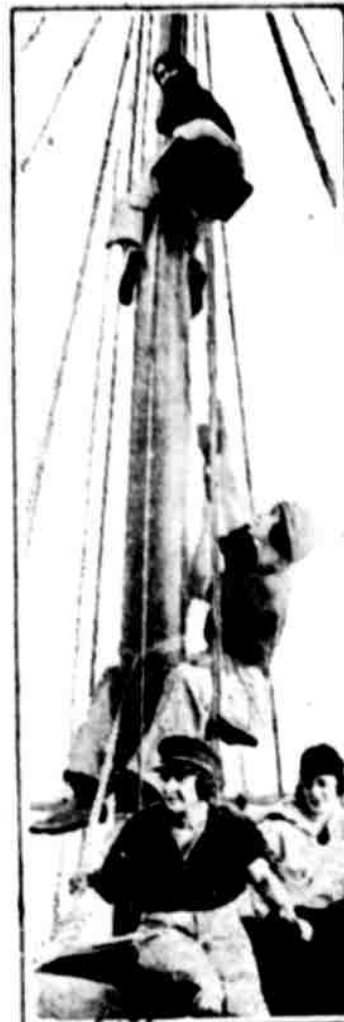

An education. In order to make it really worth while one must share it with others.

A garment. It has its seamy side, but it is not policy to wear it inside out.

"Where ignorance is bliss, 'tis folly to be wise"—may be very true, but it's hard on the other fellow.

When a girl thinks she has broken her heart it's a sign it will stand a

### Sailors

To show that women are as good sailors as men, these Chicago girls are doing men's work preparing the yacht P-23 for the opening of the Chicago yachting season. Betty Cowan and Kelly McKevitt are "soft" sandpapering the mast.

### Rode Horseback 5,000 Miles.

The record for the longest individual ride of which an authentic account has been given is held by Lieut. Penckhof of the Russian cavalry. In 1882 he rode from his station in distant Siberia, a place with an unpronounceable name, to St. Petersburg, a distance of over 5,000 miles, in 103 days. This was more of an endurance than a speed test. Riding an ordinary pony of Siberian breed, carrying no baggage or provisions, he averaged thirty-seven miles a day and often made more than fifty-six miles a day. He rested at night. He used the same horse throughout the trip. Starting every morning at 7, he generally made but one stop for rest during the day, simply loosening the girth of his saddle while resting, but retired every night at 9. As he approached St. Petersburg after his long ride a life guard regiment with two bands met him and escorted him into the city, where he was received by the czar and knighted for his achievement.

### Record Horseback Rides.

There is a reliable account given of an Englishman, Squire Osboldstone, having ridden, in 1831, 300 miles in ten hours. In doing this, however, he rode 16 horses and changed every four miles. A wonderful test of endurance and pluck was the case of Capt. Charles Townley, another English cavalryman, who, in 1849, rode with dispatches from Belgrade to Constantinople, 820 miles. He remained in the saddle five days and 11 hours without rest, except on one occasion for six hours and the time consumed in changing to fresh horses. Twice the horse he rode dropped under him from exhaustion. It was a historic ride, for upon the event of his arriving in Constantinople ahead of all other couriers hung the decision of the war, which by his accomplishing the feat was averted.

It makes a man sure he has brains when he happens to get something by luck.

### 29 Club Workers Will Take Trip to Summer School

Twenty-nine boy and girl club works from various parts of Klamath county will leave Saturday and Sunday for Corvallis to attend the two weeks' summer course, which opens June 13. The trip and schooling is a reward for work in the local club work.

Frank Sexton, county club leader, and three other local men will take 20 of the youngsters to Corvallis by auto leaving Saturday morning. Nine will leave on Sunday's train under chaperonage of Mrs. Sexton.

Following are the boys and girls who will attend the school:

- Eva Wilcox, Joyce Sigford, Lizzie Dimmitt, Maxine Bradbury, Mary Shulmire, Hilda Hamaker, Margaret Weiffle, Virginia Baell, Bernice Dawson, Beacie Briscoe, Gladie Sanders, Bryant Williams, Elmer Buewing, Kenneth Colwell, Marian Patterson, Lois Sigford, Blanche Short, Grace McClay, Elsie Rueck, Charlotte Geertson, Irene Trink, Charline Lambert, Babe Pomeroy, Guido Robustellini, Lee Ezell, Clarence Hill, Floyd Tingley, Alton Short, and Alexander Cheryne.

One person who claims to have made a special study of the woman in business, declares that a girl is likely to be hindered by beauty from getting on in the business world. Many employers, it is explained, hesitate to promote pretty girls for fear of being accused of favoritism.

### Says Private Capital Is Irrigation Need

(Continued from page 1)

Reclamation service has recognized this project by the allotment of these funds. However, when we consider that it will require several millions of dollars to complete the Deschutes project, we must recognize the fact that the allotment of \$400,000 is only a beginning. Again, some consideration has been given by the reclamation service to both the Owyhee project in Malheur county and the Powder valley project in Baker county. These projects will cost several million of dollars. It would seem, therefore, that if Oregon is to carry forward her reclamation program, she must not only co-operate with the United States reclamation service and secure all available funds from this source, but also must endeavor to interest private capital in this enterprise.

"We must not overlook the fact that while Oregon is looking to the federal government for funds 17 other states are also sagaciously looking forward to the time when projects may be completed or new projects undertaken with federal funds.

### For Sport

For strictly sport wear, Diana Allen, Paramount star, has let the knitted frock replace the skirt and sweater. The wool is Harding blue.

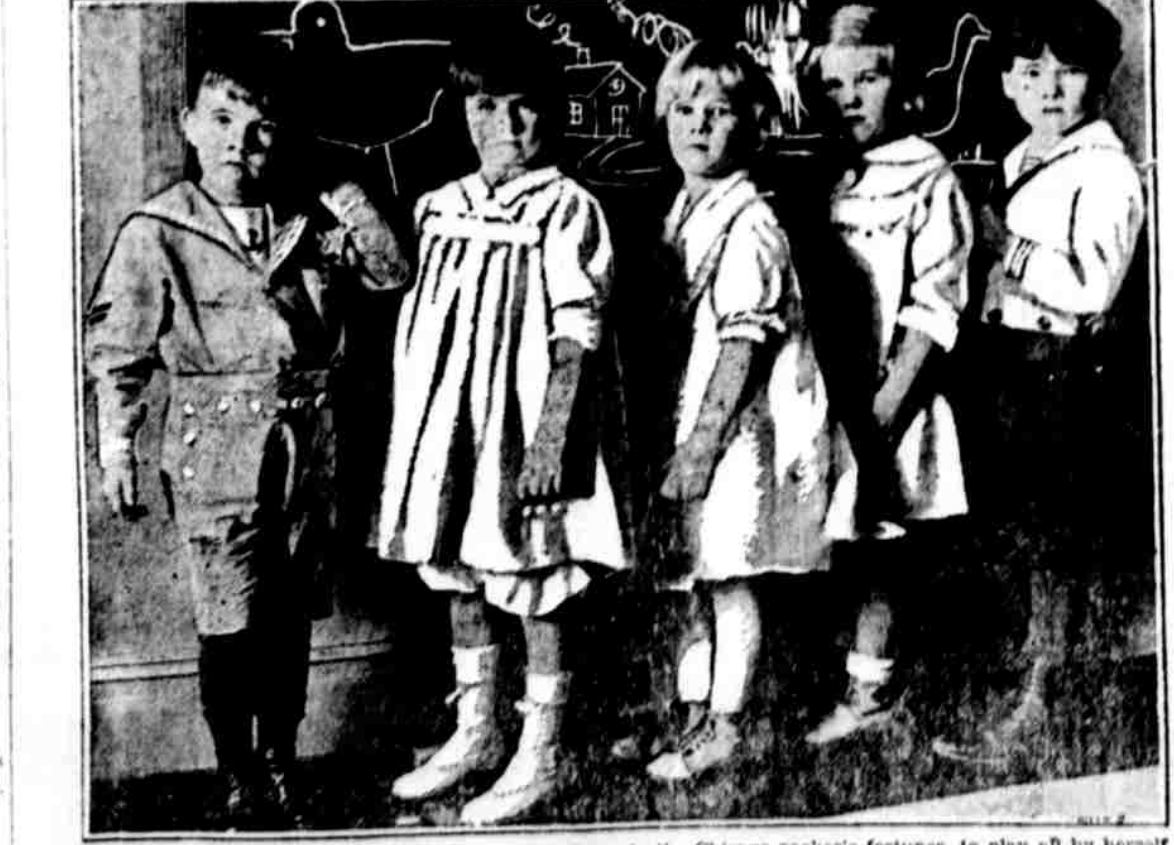

### Enterprise Injured

Oregon now has outstanding about \$7,000,000 of irrigation district bonds, or less than 10 per cent of the amount of required, to construct the works of irrigation districts already organized. An irrigation program was well underway in 1909, but it was not on a sound business basis, and the result was a general failure in irrigation development, which served to discredit this class of securities and stagnate the enterprise for many years. Again we have succeeded in establishing irrigation on a sound basis with a measure of confidence in its securities. If the confidence which has been re-established is justified by conservative business methods and can be maintained on this basis, we may expect to see \$75,000,000 expended in irrigation development within a reasonable time.

"An unsound irrigation policy will result in a reaction similar to that which occurred in 1919, and from which we are now recovering."

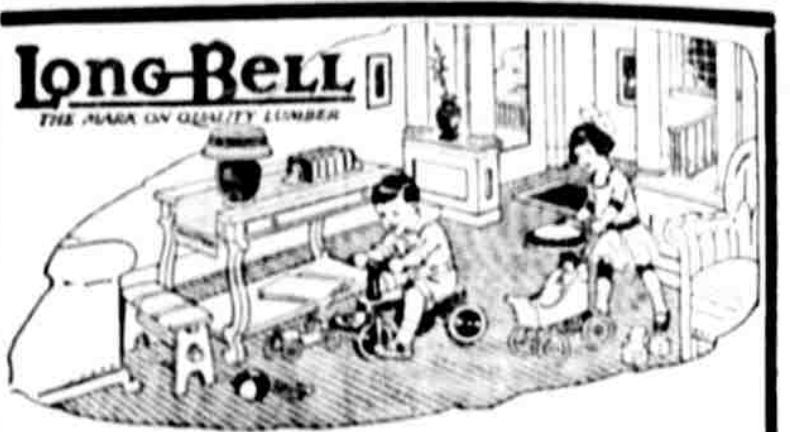

Piano tuning, W. H. Morgan, 7-137

### Armour Heiress Has Her Own Kindergarten

It was lonesome for Gwendolin Armour, heiress to the Chicago packer's fortunes, to play all by herself. So her mother, Mrs. P. D. Armour III, called in her neighbors' children and started a kindergarten in her Chicago home. Here's the class at the blackboard. Left to right, Mervyn Baum, Gwendolin Armour, Dorothy Chicago home. Here's the class at the blackboard. Left to right, Mervyn Baum, Gwendolin Armour, Dorothy Chicago home. Here's the class at the blackboard. ### Hole in Pin!

A hole bored straight through from pinhead to point is the feat performed by William Humans, watchmaker of Cambridge, Mass. Photo shows Humans and the pin through which he drilled the hole.

The University of Pennsylvania is to have a new clubhouse as well as a new dormitory for women students

### SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.—Adv.

### SAY "DIAMOND DYES"

Unless you ask for "Diamond Dyes" you may get a poor dye that streaks, spots, fades and gives that dyed look. Every package of Diamond Dyes contains simple directions for home dyeing or tinting any new, rich, fadeless color into garments or draperies of any material. No mistakes! No failures!

### RED PEPPER FOR RHEUMATIC PAIN

Concentrated Heat Penetrates Instantly and Brings Quickest Relief Known

Rheumatism, lumbago, neuralgia, headache, stiff neck, sore muscles, strains, aching joints. When you are suffering so you can hardly get around, just try "Red Pepper Rub," and you will have the quickest relief known.

Nothing has such concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion—and pain is gone.

Rowley's Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Almost instant relief awaits you. Use it for colds in chest. No matter what you have used for pain or congestion, don't fail to try Red Pepper Rub—Adv.

### MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the back or region, sharp pains in the kidney, sick headache, dizziness, your stomach aches, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy free; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus avoiding bladder weakness. Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.
