KLAMATH IS NOT A FORMAL PARTY IN RATE HEARING

If Klamath Falls enters the hearing for lower freight rates, set by the interstate commerce commission for July 13, 1921, it will not be as one of the parties to the action...

The complainants mentioned are the Portland Traffic and Transportation association, and the Medford Commercial club, both against the Southern Pacific railway company...

The hearing is set for July 13, 1921, at 10 o'clock a. m. in the Merchants Exchange building, San Francisco, before Commissioner Clyde B. Atchison.

In a letter to the chamber of commerce, Bishop and Bahler, the San Francisco rate attorneys who represented the Klamath Falls commercial club in the beginning...

"We understand (the San Francisco hearing) to be a continuance of the case in which Klamath Falls interests were concerned and which the commission heard at Portland, Oregon, January 18, last.

Following the Portland hearing and failure of Klamath Falls to be represented, with the result that rate reductions were received with general dissatisfaction here, there was a conference here of Medford, Portland, San Francisco, Sacramento and Klamath Falls interests...

Portland seemed satisfied with rates secured at the January 18th hearing, but San Francisco, Medford and Klamath Falls were not satisfied.

San Francisco's demand for a reopening of the case is said to account for the coming hearing and no doubt influenced the choice of San Francisco as the place of hearing.

The notice of hearing is dated June 1. On May 24, the secretary of the chamber of commerce here forwarded the local request for rehearing, it is understood, the delay being caused by the change in attorneys and necessity for the new firm to familiarize themselves with the situation.

Naturally, the petition would hardly have been received in time to secure formal representation for Klamath Falls at the hearing, if the commission desired to grant the request.

While several persons have expressed opinions that Klamath Falls would have been in stronger position if it were a formal party to the complaint, it is unlikely that local representatives will be denied a hearing.

Klamath is Leader In Prosperity Says Visiting Auto Man

Four cities, Klamath Falls, Bend, Pendleton and Marshfield, are the only places where business is reviving and conditions are near the normal state previous to the war...

Mr. Morrison finds that the automobile game in this city is better than any of the places where he has been this spring and summer and is now seeking an establishment to locate here in the business.

Mr. Morrison added that no complaint should come from the local business men when at other places, conditions are not one-half as good as they are here.

SIMS ASKED TO EXPLAIN TALK AGAINST IRISH

DENVER, June 10.—The recall of Admiral Sims from London and his dishonorable discharge from the navy, if his remarks on the Irish question are found to be correctly quoted, was demanded in resolutions presented today in the annual convention of the Metal Trades department of the American Federation of Labor.

LONDON, June 10.—Rear Admiral Sims' reply to Secretary Denby's request for an explanation of his speech here Tuesday expresses Sims' opinion that some parts of the speech, to which objections were taken, had been garbled in the report.

Sims declared he said nothing Tuesday night that he had not said before, both in speeches in the United States and in his book.

WASHINGTON, June 10.—Secretary Denby instructed Rear Admiral Sims yesterday to advise the navy department immediately by cable as to whether he was correctly quoted in press accounts of an address he made to the English-speaking Union at a luncheon in London June 7.

The secretary's action was taken after Senator McCormick, Republican, Illinois, had called on the secretary to urge disciplinary action against Admiral Sims because of reference to the Irish in this country attributed to the officer in reports of the speech. McCormick also called at the White House to ask that the matter be brought to President Harding's attention.

"I have read with amazement," Secretary Denby said in his message to Admiral Sims, "certain extracts from a speech purporting to have been made by you in addressing the English-Speaking Union." The message then quoted the press reports of what Admiral Sims said about Irish in the United States, "some of them naturalized and some born here, but none of them American at all."

"You will inform the department immediately by cable," Secretary Denby concluded, "whether or not you were correctly quoted and made such statements at the time and place in question."

On leaving the White House, Senator McCormick declared that the Admiral's address, which was delivered before the English-Speaking Union, was "disgusting and un-American."

Admiral Sims was quoted in press dispatches as having said there were many persons in the United States who technically were Americans, "but none of them Americans at all." They "are Americans when they want money," the admiral said, "but Sinn Feiners when on the platform."

Traveler Suffers Paralytic Stroke

Fred Martin, aged 60 years, was stricken yesterday afternoon by partial paralysis while driving through the city in a covered wagon. He had reached a point just opposite the White Pelican hotel when suddenly he became blind and fell from the wagon seat to the ground.

Spectators of the accident went to the assistance of the stricken man and removed him to a nearby rooming house where medical attention was given him. Martin stated that he and a partner left Reno last week bound for Portland but his partner stopped on the road.

Martial Storms Have All Blown Over

Another chapter in the checkered career of Viola Harrington and her husband, Wilbur Harrington closed yesterday when three complaints against Harrington were withdrawn by his wife. The Harringtons have not had a peaceful case. On May 20 Mrs. Harrington filed charges alleging non-support against her husband, on May 21 an assault and battery charge, and the same charges again on May 26.

Yesterday the "thorns" were removed and the couple will try to live peacefully from now on, assuring Judge Gaghagen of that intention when the charges were withdrawn.
