HUDSON, Ohio, June 10.—Mrs. Eva Kaber, charged with first degree murder in connection with the slaying of her husband in Lakewood, O., nearly two years ago, today confessed to "getting two men to beat up her husband in order to change his harsh treatment toward her."

This is according to the statement of Chief of Police Christensen of Lakewood. The chief said that Mrs. Kaber denied she intended that her husband be killed.

Chief Christensen made the statement of Mrs. Kaber's confession to an Associated Press representative in the train that is carrying Mrs. Kaber, her daughter, and himself back to Cleveland. Christensen denied the report that the two men had been ordered by Mrs. Kaber to pose as ghosts to frighten her husband. He also stated that Mrs. Kaber's confession did not implicate her daughter.

Misleading newspaper stories of "cave-ins" alleged to be caused by coal mining under Wilkes-Barre have led the Wilkes-Barre Chamber of Commerce to issue a statement denying that surface subsidence has occurred on the city streets. The stories were ridiculous, the report declares, since mining is prohibited under central locations of the city.
