**War Mother Here to Visit Soldier Son**

One of the welcome echoes of the great struggle which took place from April 6, 1917, to November 11, 1918, is being reenacted in this city with the arrival last night of Mrs. B. Carson and her daughter, Miss Bessie, who came from Los Angeles for a visit with Fred Ziegler, an ex-service man.

Mrs. Carson and her daughter are the "war mother and sister" of Mr. Ziegler, being assigned to him in Los Angeles when he enlisted in the United States army after a period with the British army just at the entrance of the United States into the conflict. It was the custom among the California families, whenever a man enlisted, to take over his interests and look after him when he was abroad, in the matter of sending letters, home comforts, candy and other things which would tend to make him know that he was missed from his usual abode.

Some weeks ago, Mrs. Carson notified Mr. Ziegler that she with her daughter would start out on a tour of Washington, Oregon and northern California and that they would like to visit with him. They arrived last night and will remain for a week or so seeing the many picturesque points in this section during their visit.

They took Mr. and Mrs. Ostrum with them for a ways, liberating them near Valley, Wash. The Ostrums were captured as they were putting their car into the garage and held captive until the time lock on the bank vault released the bolts at 7:30.

**Confer on Plan to Benefit Farmers**

(Continued from Page 1)

agreeing to abide by a determination of samples made by some near-by authority such as the grade supervisor of the department of agriculture. Experience with millions of transactions under the grain corporation during the war showed that such disagreements are extremely rare and do not entail many appeals.

If the above plan can be made practicable, the farmer will have a prime collateral which will open to him a much wider circle of credit than that of his own local bank. Through the sale of his certificates he would be able to place his grain on the market at any time he wished under no compulsion by seasonal or financial reasons to accept a market price at variance with his own option.

The conference is to determine to what degree such a plan will benefit the position of the farmer, how far it will increase the mobility of his credit, how far it can be made workable from the point of view of elevator operators and insurance companies, and the methods and machinery by which it can be set in motion. If the plan can be practical, it will in no way overlap or replace co-operative activities. Its function being to render farmers' credit security more mobile will, in fact, contribute to any co-operative effort.

**NOTICE TO PATRONS WHO SEND PARCEL POST C. O. D.**

Parcel post sent C. O. D. can be sent only to such points as are money order offices. The reason for this is that if the office is not a money order office it has no way of returning your money to you for the shipment.

For the benefit of local merchants who make frequent use of the C. O. D. privilege the following list of offices in Klamath county is given which ARE NOT money order offices and which therefore CANNOT handle C. O. D. parcels. For points outside the county, ask the postoffice before preparing your parcel.

If you will cut this out and paste it over your desk it will save both you and the postal service much needless annoyance.
