Lizzie Wouldn't Mind Bill But Finally She Was Conquered

Mr. and Mrs. William Ganong heaved a sigh of relief when the lights of Klamath Falls came into sight Monday evening after a more than a strenuous trip to Medford, starting Saturday and ending here Monday night.

Mr. Ganong recently purchased a Ford car and to dedicate it, decided Friday to visit in Medford and drive the new "boat" over there on the initial trip. The start was made with flying colors and all went well until they reached the long grade on Green mountain. Then the car began bucking like a Missouri mule. Coaxing failed to make it go and the "Book of Instructions How to Operate a Cranky Car," was fished out. Paragraph "this and that" said "do this and that," and Mr. Ganong did all of them. The car started, then decided to back up, so they let it back up. By jumps and starts they reached the top of the hill and going down, burned out the bearings.

A garage in Ashland repaired the damage and another start was made. After the visit, the home trip was one succeeding trial after trial. Up Topsy hill, Mr. Ganong pushed the car while Mrs. Ganong tried her hand at the steering wheel. Then it "acted up" between there and home until the sight of this city relieved them. Mr. Ganong states that it is easier to report the hardest trials in the circuit court than operate cars when knowledge of them is more than limited. He has but one expression to the bantering of his friends. "Nevermore."

Alleged Arkansas Auto Thiefs Jailed

A reward of \$150, offered by Arkansas authorities for the capture of Clarence and Cecil Wilkins, aged 39 and 19 years, respectively, is likely to fall to Sheriff Lloyd Low, who arrested the Wilkins pair yesterday afternoon at Odessa.

They are alleged to be wanted at Cherokee City, Arkansas, for the theft of an automobile, said to be the same car in which they were traveling when captured. They are in the local jail, awaiting instructions from Arkansas regarding their disposal.

In demanding "speed in action on beer bill," Mr. Volstead does not seem to be aware that it is difficult to get up speed on some of the stuff that passes for beer.

Those wanting the prescriptions will endorse the attitude of the American Therapeutic Society, which wants no limit placed on a doctor's right to prescribe alcohol.

Disloyal Employees Can't Hold Places

WASHINGTON, June 15. — Government employees who actively oppose the administration's government reorganization plan will be dismissed, it was decided today at a conference of the president and cabinet.

inot. The step was taken because some employees are actively spreading propaganda against the reorganization policy.

MOLINE The Universal Farm Power Plant

The Correct Farm Power Unit
The 3-2 plow Moline is the correct farm power unit, doing all belt and field work, including cultivating, with ONE MAN.
ONE MAN handles both tractor and implement in every operation.
He handles the outfit from the seat of the implement and does better work.
Both tractor and implement back as one unit.
These features, with others, combine to make the Moline the most economical, convenient and satisfactory investment you can make in farm power. Come in and look at it. We will be glad to tell you more about it.
And remember that—
If desired you can use the "drag behind" or horse-drawn implements you now have with the Moline the same as with other types of tractors.

The MOLINE is unique in the tractor field—
Made so by our Patent Protection

Would Exempt Tolls From U. S. Ships

WASHINGTON, D. C., June 15. — American shipping gained quite a boost today when the Senate Inter-Oceanic Canals committee reported out the bill whereby American coastwise shipping would be exempted from the payment of Panama canal tolls. American shipping interests have assailed this question of American bottoms being forced to pay tolls just the same as other foreign shipping.

FIRE STARTS FROM DEFECTIVE WIRING; QUICKLY CONTROLLED

The fire department was called out at 2:25 o'clock this morning to the residence of Charles R. Marple, 1154 Pine street to put out a fire in the attic caused by defective electric wiring. Damage done was small and the fire department was through in less than 20 minutes after receiving the call. The chemical engine was used in this blaze. The J. H. Driscoll Insurance company reports that the home was adequately insured.

Moose Matinee Draws Crowd; Again Tonight

The afternoon performance of the seven reel film at the Moose hall was well attended by members and friends of the Moose lodge who saw the interesting agricultural, mechanical and educational advantages of Mooseheart, the home where widows and dependent children of members are taken for both support and education by the national organization.

The home is located a short distance from Chicago, Illinois, and has over a thousand dependents within its confines at present. The picture shows all departments and the functions of each where it pertains to the development of the dependent to a self-supporting individual.

Tonight will be the last time for Klamath Falls citizens to see this great home and tonight at 8 o'clock the picture and home will be lectured upon by District Lecturer Joy from Portland. There are no admission charges. This picture is entirely free to the general public.

LAST NOTICE TO THE HONOR ROLL SUBSCRIBERS

The latest and final shipment of Honor Rolls is here and those who ordered copies are asked to call for them. Many of the books have been paid for and should be in the hands of their owners.

We also have a number of photographs used in illustrating the book. The pictures were obtained with instructions to forward them, in many cases, to mail addresses. These instructions have been followed but a number of the envelopes have been returned by the postal service, marked "Address Unknown." Evidently the owners have moved without leaving a forwarding address.

We desire to clean up the entire matter, and this is the last notice that will be given. One more effort will be made to distribute the books and pictures. Where it is not possible to locate the persons entitled to them, they will be filed at the owners' risks. The Herald will take no further responsibility.

The Klamath County Honor Roll is a complete roster of Klamath county's service men and the war workers who put the home campaigns over. It is handsomely and durably bound, printed on the best paper obtainable and will be increasingly valuable as a war record as the years pass. Call and get your copy, if you know that you subscribed to its publication, or send your address and 12 cents for postage. Photographs will be mailed on receipt of address and six cents for postage.

INFANT SON OF MR. AND MRS. CHAS. DE LAP BETTER

The condition of the two year old infant of Mr. and Mrs. Charles De Lap is reported to be better after nearly a week, during which period life hung upon a very slender thread from an attack of pneumonia. This morning the doctors in attendance for the first time gave out hopeful information.

A classified Ad will sell it.

Cooking Electrically the ideal method

Electrically equipped kitchens hold no terrors for the housewife. They are cool, cozy, and comfortable in the summer. They eliminate the drudgery, the grime and the nerve racking tension caused by wood stoves. The expense is surprisingly low. Let us tell you about it.
