OREGON BREVITIES

EUGENE, June 16.—In the county highway development of the past few years Lane county can show the best results of any county in the state. From Eugene, the county seat, and from Cottage Grove and Junction, smooth, well kept roads radiate in every direction, reaching the thickly settled portions of the county.

SALEM, June 16. There will not be a shortage of gasoline in Oregon this summer. In the opinion of W. A. Dalsiel, deputy state sealer of weights and measures, who returned here from Portland, where he conferred with the heads of the several distributing agencies.

SALEM, June 16.—Casualty insurance companies operating in Oregon are making the greatest drive to break down the workmen's compensation act that has been undertaken since the law went into effect eight years ago, according to charges made in a statement given out by the industrial accident commission here today.

CALIFORNIA NEWS

YREKA, June 16.—This season has been noted for mining property transfers, among the largest being the purchase from James Walker and Charles Marzac of the Old Hundred placer property on Indian Creek, a well known producer in the early days and one which has all manner of gold in its confines yet.

SAN FRANCISCO, June 16.—Work is being rushed at the Presidio of San Francisco and at Camp Lewis, near Tacoma, Wash., preparing the posts for the twelve hundred men expected there July 6 to attend for a month citizen's military training camps.

PALO ALTO, June 16.—The completion of the new stadium at Stanford the first to be constructed in a California university and perhaps one of the most pretentious in the country, is to be accomplished within 135 working days, according to present estimate, or by Nov. 1. This will be two weeks previous to the date of the annual football game between Stanford and the University of California.

While all men may be horn equal, but few of them die that way.

Chinese Ruler Plays Safe

Governor General Tuan Tuo-Lin of Manchuria, values his life too highly to take any chance with bandits. This fortified Packard limousine has been shipped to him from New York. Its frame is of armor plate and it has heavy steel window shades. A machine gun is part of the equipment. The three belts attached to the side are for guards with rifles.

CHURCH SHOULD ADVERTISE SAYS EUGENE PASTOR

OREGON AGRICULTURAL COLLEGE, Corvallis, June 16.—"Use papers freely for advertising and pay for the work you get," was the advice of the Rev. E. V. Stivers, pastor of the Eugene Christian church, who spoke Tuesday afternoon before the Farmers' week rural life conference. "The church that tries to operate on a penny basis may expect penny results. One great lesson needed by the world is that the church is not a charitable institution, but that it gives value received, or at least should do so, for money invested." There should be no let up in advertising, believes the Reverend Mr. Stivers. The church should keep continually at it, in his opinion, with an occasional "extra large effort." "Be sure you have something to advertise," he advises. "The old saying, 'You can fool all of the people some of the time and some of the people all of the time, but you cannot

fool all of the people all of the time,' applies to advertising. Do not expect results too soon. Many try the plan and give it up because they do not get results from a single effort. Pay for space as any business does. Do not ask favors."

IF KIDNEYS ACT BAD TAKE SALTS

Says Bachacho Is Sign You Have Been Eating too Much Meat.

When you awake up with bachacho and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.—Adv.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.—Adv.

Exclusive Organization.
Though legendarily reputed to be more than 1,000 years old, the Order of the Thistle was founded by James II in 1687. After the revolution, says the London Star, it fell into desuetude, but was revived by Queen Anne in 1703. The chapel of the order, in St. Giles' cathedral, where the king attended service on Sunday, was not commenced until 1699.

The Thistle is one of the most exclusive orders, its only members being the king and 16 knights. The motto of the order is: "Wha daur meddle with me."

Armenian Language is Old.
The Armenian tongue, however much it has changed in the course of centuries, is descended from the language that Priam and Hector spoke. The Armenians hail, like Homeric Trojans, from Thrace, which subsequently became incorporated in the Byzantine or eastern Roman empire. Erzerum, capital of Armenia, has retained the deathless name of Rome. It was founded in the year 514, by Theodosius, a senator, that is, emperor, of eastern Rome. He called it Theodosiopolis; but its native name is Erzerum, or "Armenian Rome."—Ernest P. Horowitz in Asia.

With Soups,
Broths and Bouillon

Well begun, indeed, is the dinner which commences with soup and Snow Flakes—the crisp, delicately flavored soda wafer. And for the later courses—oysters, salads and cheese. Sold by grocers in red packages and the family tin.
