## The Office Cat

He Had a Precedent

It's a shame, and may be libel, to delve into the past of one so sedate as Police Judge Leavitt, but it is said Al's younger days, and nights, were not altogether monotonous. One evening, wending homeward from a gathering of convivial spirits, the judge became lost in thought and started to walk across Link river.

Some passing Samaritan drew him from the stream and called a doctor. "What made you think you could walk on the water?" asked the medico.

"Well," said Al, "I understand it has been done."

Saturday's The Day

Yep, Saturday we'll rid our waste baskets of a few of the pomes received during our Great Pome Contest.

The influx of pomes has been so great that extra postmen were dispatched to clear the postoffice of this deadly gush of would-be pomes.

The janitor has been separating the wheat from the chaff and Saturday we'll pass a generous portion of same on to our thousands' (nother adv.) of readers.

No extra charge. Order your paper early and avoid the dust.

Puncture Proof Tire Humor

Tires are four important all round seasons why an automobile is a joy to ride in. You may gather that we have an inflated idea of the pleasures of motoring. But, we know as well as you do that a little puncture now and then takes the air out of our tires and hot air expressed in words from the mouth of the mender. A pneumatic blow-out has often flattened a social blow out. If you do not take a hoisting jack in your tool box so that you may repair your tire, be sure to carry plenty of "jack" in your wallet. Free air is furnished at garages, but the incidental services are just as chargeable as your electric batteries. Current expenses can not be "turned off." During the past five years the average number of tires used on a car has dropped from over five to under four. So, motorist, register joy.

Pa's LI Whooee

Plainly Dorothea was worried. "Whats the matter?" asked her father, instinctively shifting his wallet to his inside vest pocket. "Oh, Dear" she sighed. "I ate onions for supper and Cecylle just phoned to say that he was coming over." "Oh, I see—so you're awaiting his arrival with batted breath!"

Ask Shaw, He Can Fulfill It (d In Terra Haute Tribune)

**FOR SALE**—Soda fountain, two show cases, cow fresh this month, three hogs. Robert Shaw, box 185, Hymers, Ind.

Mrs. Jas. Driscoll says that when the average married man gives his wife a \$10 bill on pay day and tells her to put it away he knows as well as she does that he's expects about \$9.85 of it back before the next week.

The offending article was written by Dr. Woodbridge Riley, professor of philosophy in Vassar college, Poughkeepsie, N. Y., and he is exceedingly angry at the treatment he has received. The most offending part was where Mrs. Eddy is called "the thrice-married female Trismegistus."

## MEET WITH ACCIDENT

**DORRIS, June 23.**—Cobb McManus, well-known rancher met with a serious accident Friday on the Klamath River road.

While driving a team down a steep hill, the brakes slipped, throwing the wagon onto the horses. The animals bolted and threw McManus, his head striking a rock.

Frank Frain, who was there, took him to his house nearby and sent for medical aid.
