

Portland Man Thinks Trade Readjustment Is Near Completed

night after an all days journey from land are visitors here arriving from Ashland. Mr. and Mrs. Ash are "vacationing" and intend to visit Crater Lake and other points of interest in this county. An unfortunate accident occurred to them which has marred their trip here, the loss of a highly prized blooded dog which was accidentally run over by their car within twenty miles of this city. A bad hole in the road caused their baggage and dog to be tumbled into a ditch and in the mixup the animal was killed.

Mr. Ash is engaged in textile lines in Portland and states that business there is reaching a pre-war level and a steady normal flow of trade is resulting which is satisfactory to most business men. Mr. Ash states that he believes that Portland will take on a decided boom within a few months as many manufacturing plants are coming in. He is very optimistic about present conditions and feels that business on the coast is really better than most people realize.

Gold Mine Working On Edge of L. A.

LOS ANGELES, June 24.—Gold is being panned daily but a few miles from the center of the city of Los Angeles and near the heart of the north residential district. Guy W. Rollins, chief engineer for a rock and gravel company, which operates in the Arroyo Seco, has installed a system of crude sluice boxes and each day "pans" out a quantity of the precious metal that nets them \$20 weekly.

The old dust is found in the gravel that is dug from the bed of the Arroyo Seco and for years has been left with the crushed gravel to be used in road construction. Rollins discovered the "pay streak" when he entered the company's employ months ago and has been panning since then.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys and Neutralize Irritating Acids

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two

or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and cause no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Adv.
