

We Announce the
Opening of

Anderson Bros. Quality Groceteria

The Call to Economy

is one that makes for prosperity and progress. And to assist the housewife, the homemaker, the laborer, and, in fact, everybody, to live more cheaply, we will close our store and close our books

THURSDAY NIGHT, JUNE 30,

as a credit establishment giving expensive service and having the losses incident to the credit business, and will open

OUR NEW QUALITY GROCETERIA

FRIDAY MORNING, JULY 1st

with a saving in expenses of almost \$1,000 per month to our customers.

Two Months' Grocery Saving in One Year

We will buy and sell for spot cash, taking all the discounts, and these, with the savings mentioned, will easily amount to 15 per cent. In twelve months this will amount to 180 per cent, which is almost two months' groceries free after one year, compared with the old way.

If you will come to our store prepared to make your selections, making a personal inspection of each article, making the great saving by paying cash, we believe you could not be induced to go back to the old system, with its high costs and expensive service.

Friday Is the Opening Day

AND WE INVITE THE GENERAL PUBLIC TO
COME AND INSPECT THE BARGAINS AND
LOW PRICES WE WILL HAVE TO OFFER

WE HAVEN'T MADE MUCH NOISE

The promoters and organizers are business men, and have gone about the business of drilling an oil well in a business-like manner. We are going to sell our Treasury Stock in the same way.

We haven't wasted our time telling you what we are GOING TO DO. But we are going to tell you briefly in the next few days WHAT WE HAVE DONE.

Our Well Will Speak for Itself As the Drill Goes Down

It is not necessary for us to sell a great deal of Treasury Stock; we were pretty well financed from the beginning. Our stock will not remain on the market for long. Whenever a sufficient amount of money is in the treasury to drill 1,000 feet, our STOCK WILL BE WITHDRAWN FROM THE MARKET, and all future offerings will be at whatever price is warranted by the oil showings at that depth.

PURCHASERS OF OUR STOCK WILL HAVE AN OPPORTUNITY
TO TAKE PROFITS FROM A RAISE IN PRICE WHENEVER THE
OIL SHOWING IN OUR WELL WARRANTS AN ADVANCE. That
gives early buyers the best of it. BE AN EARLY BUYER.
