CREDIT BUREAU ESTABLISHED

Ray N. Fouch has resigned as deputy county clerk and entered into the credit information and collection business. The business will be conducted under the name of the "Business Service," with offices in the I. O. O. F. building.

Mr. Fouch has made a survey of the Klamath Falls business field, and finds that approximately \$100,000 is at present outstanding on account. Among some of the items investigated, court records show that the Second Northwestern Finance corporation of Portland has discounted most of the local automobile paper, H. S. Royce being the largest patron, with a total of \$17,193 contract sales. The Ewauna Motors company follows next in the record of sales contracts recorded in this county, but the disposition of their paper is not made. This record extends from January 1, to July 1, 1921.

The amount of money due on payments for contracts of automobile sales from January 1 to July 1, 1921, amounts to \$22,792.

Perhaps the greatest items of collateral security are the mortgages filed on chattels such as cattle, sheep and wool, crops, farm equipment and horses. Approximately, loans have been made on cattle amounting to \$290,552; sheep and wool, \$462,825; crops, \$10,141; farm equipment, \$14,000, and horses, \$10,445. Some of the fillings are extensions of mortgages that have fallen due, and have been renewed, and part of them represent cash loans and re-extension of prior loans.

Body of Drowned Victim Not Found

Within two hours after he had taken a job with the construction crew on the California Oregon Power company dam, William Hauser, 25, drowned in the Link River rapids Saturday evening about 6:20 o'clock. The body has not yet been recovered. Hauser came here recently from Vancouver, Washington, where his widow resides. He had only been married three months. His family was notified, and either his brother or brother-in-law will come from Seattle to arrange the funeral when the body is found.

Hauser and a companion went out in a rowboat to do some work. The current seized the craft and swept it downstream. The companion saved himself by leaping up and

grabbing the suspension bridge below the dam as the boat passed under, but Hauser missed the bridge and was lost in the rapids.

A Series of Human Interest Talks on Insurance

What is Legal Reserve Life Insurance?

I have been asked this question many times.

Some think Legal Reserve life insurance is a gamble where you must die if you are to win.

What is your aim in life? To create an estate for yourself and family, isn't it?

When you buy a policy from Oregon Life you buy an interest in a group of mortgages and bonds on the installment plan.

Mortality tables scientifically foretell how many are going to die and how many are going to live.

This enables Oregon Life to know exactly how much each must pay in order to set aside the funds—invested in bonds and mortgages—to pay a given contract. These funds are protected by state laws and must be held in reserve to mature your policy.

Only by dealing with groups are we able to do this. We have always paid in full.

Think it over and talk with
