## In Ye Olde Home Towne

the navy and was seriously injured when the Westover was torpedoed and sunk off the coast of France. Following his recovery he was assigned to U. S. S. George Washington, the presidential ship.

Members of the American Legion at Anthony, Kansas, have contracted to shock 500 acres of wheat. Crews of 18 to 25 legion men will go to the wheat fields each evening and work until dusk. They will receive \$400 for their work and this will be used for equipping club rooms.

The unidentified of a young man man killed by a motorcycle at St. Paul, Minn., recently escaped burial in the Potter's field when among his possessions was discovered a small gold locket containing a likeness of the man himself in the uniform of a United States soldier. Members of the American Legion took charge of the body and the burial was with full military honors. Efforts are now being made by legion men to establish identity of the victim.

The Blue and Gray association of Oklahoma has announced that it will turn over its grounds and buildings, formerly used by civil war veterans, to the American Legion post at Bridgeport, Okla., September 1, 1921.

It's hard to think of a Rockefeller riding in a flivver, but such is the truth. William G. Rockefeller, of the fashionable Greenwich, Conn., summer colony was awarded one recently at a carnival given by the Greenwich post of the American Legion. It cost him \$15. John D. Rockefeller will supply the gasoline, 'tis said.

Still it was our doughboys, and not members of congress who ended the war with Germany.—Indianapolis Star.

## IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place. Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness. You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.—Adv.

**THIEF IS TRICKED**  
NOGALES, Ariz., July 8.—A trick similar to the popular old "gold brick" game but with a thief as a victim, the chief of police as perpetrator and a bar of silvered iron as the property, was played here recently. Chief of Police Jay Lowe is also superintendent of weights and measures for Nogales. Recently he was testing scales in local stores and was using several cast iron weights painted a dull silver color. At one store he left one of the weights in his automobile. When he returned some one had stolen the bar of iron that looked like silver.

Upton Sinclair's proposed newspaper probably plans to publish all the news that's unfit to print.—Washington Post.

**CHURCH DELEGATE WILL REPORT ON CONVENTION**

## Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, headaches, are bothered with headache, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purify and freshens the skin on the outside, hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is far more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowels pores do.

Women who desire to enhance the beauty of their complexion should try this for a week and notice results.

## AMERICAN LEGION NEWS

Russell C. Gross, of Philadelphia, who filled Slacker Bergdoll's place in the army and who was killed in action in the Argonne after winning a citation for bravery, will be honored by the Overbrook, Penn., post of the American Legion, whose members have decided to name their projected community house for the hero. The Overbrook post will in the future be known as Russell C. Gross post.

Gilmore Galbraith, 18 years old, the only son of the late Col. F. W. Galbraith Jr., national commander of the American Legion, who was killed in an automobile accident, has adopted the name of his distinguished father. He will be known as Frederick W. Galbraith III.

Members of the American Legion in Lyon county, Kansas, have agreed that if the state of Kansas or the federal government give a bonus to former service men, they will donate a part of the amount they receive to the payment of a debt on their new clubhouse to be erected at Emporia, Kansas, at a cost of \$15,000.

To give unemployed veterans of the world war an opportunity to work, the welfare committee of the American Legion at St. Louis, Mo., is arranging to clear 1100 acres of timber land near Cahokia, Ill. The men will be paid from \$2 to \$5 a day according to their ability as woodsmen.

As a tribute to the memory of Col. F. W. Galbraith Jr., late national commander of the American Legion, members of the 147th infantry, Colonel Galbraith's command in France,

have applied for a charter for an American Legion post at Cincinnati, Ohio, to be known as Frederick W. Galbraith post.

Sergt. Alvin York, famed for his individual war record, has enrolled as a member of David King Summers post of the American Legion at Chattanooga, Tenn. York was present at the organization meeting of the legion in France in 1919, but did not join the organization until a few days ago.

A war against 'goldbrickers' has been declared in Los Angeles county, Calif., by 36 posts of the American Legion. "Goldbrickers" are defined as men who pose as ex-service men and prey upon the public purse as beggars or solicitors for non-existent veteran publications."

The American Legion's national legislative committee at Washington, D. C., has obtained prompt action from the state department in seeking the release of 50 Greek-Americans who served in the A. E. F. and have been inducted into the Greek army while visiting their people. Secretary Hughes has instructed the American consul at Athens to make strong representations to the Greek government for the release of the men.

General Pershing's cousin, Miss Helen Gene Pershing, of Seattle, Wash., and Edwin A. Kraft, a member of the American Legion in that city, were married recently. Mr. Kraft served during the world war as a senior grade radio operator in
