OREGON BREVITIES

SALEM—The state association for the deaf, following organization and election of officers here, adopted resolutions urging that the next annual conventions of the national association for the deaf and the national fraternal society of deaf be held in Portland during the world's exposition in 1925. It was agreed that the Washington, California and other western state associations for the deaf would join in the movement to bring the national conventions to Oregon.

HILLSBORO—Hillsboro's three days of celebration closed Monday night. The attendance on the Fourth is estimated at 17,000. H. V. Gates, Civil war veteran, was orator of the day. Miss Vivienne Rasmussen was the Goddess of Liberty.

HOOD RIVER—The Hood River Apple Vinegar company has begun the canning of pork and beans. The first commercial output of the factory has been placed on market at local stores, all of which this week are featuring window displays of the product. Members of families who have tried out the locally canned beans declared them of excellent blend.

BAKER—The lower Powder river and Big Creek sections are in the running this year with the brightest prospects for the bumper crops. The first crop of alfalfa is ready for cutting and the wild hay on the river lands promises to be heavy. Wheat, oats and rye are growing rapidly and there is hardly a dry spot to be seen anywhere.

PORTLAND—The price trend of both wild and tame hay for the 1920-21 crop year has been steadily downward. The heaviest decline has been in timothy prices and has amounted to approximately \$19 per ton or almost 50 per cent of the selling price at the beginning of the crop year, according to the bureau of markets and crop estimates.

An Illinoisan regained his sanity when he had all his teeth pulled, but it is not believed having a tooth pulled will ever become a popular craze.

WASHINGTON TO HAVE HIGHWAY PATROLMEN

OLYMPIA, Wash., July 9.—Highways in Washington state will be patrolled regularly after August 1 by twenty-five men, who will travel on motorcycles, but who will not be "speed cops." Their organization will be known as the Highway Protection force, and their duty will be to prevent misuse of the roads and to enforce highway rules adopted by the last legislature. One duty will be to report sections of roads in need of repair.

Cooking Electrically

the ideal method

Electrically equipped kitchens hold no terrors for the housewife. They are cool, cozy, and comfortable in the summer. They eliminate the drudgery, the grime and the nerve racking tension caused by wood stoves. The expense is surprisingly low. Let us tell you about it.
