Eastern Approves Klamath Climate

Mrs. C. S. Morris and daughter, Helen, are spending July with relatives here and enjoying the outdoor life of Klamath county. Mrs. Morris is a sister of Oscar and Willard Peyton, local fuel dealers. She is elated over the discovery of a climate where the days are full of sunshine and the nights are cool and restful. She finds the local climate a decided contrast to that of her home city, St. Louis, Mo.

Barring one or two experiences she finds the western life perfect. She "is not crazy about" sleeping out all night without even a tent for cover, after one trial, and she thinks if she again should have to take the outside in passing a car on Topsy grade, she will dismount and keep the inside track.

"I Ain't Mad at Nobody"

If you are a professional man or a family man who wants the utmost in a moderate weight, compact enclosed car, or if you are a woman of exacting taste who prefers to drive her own car, you should find out for yourself the kind of comfort in the new Scripps-Booth Coupe.

The very lines of this smart car radiate comfort. There is in this model a lowness which obviates side-swaying, a wheel-base of sufficient length to prohibit pitching and still permit a very short turning radius for easy maneuvering in congested streets, and a source of energy in the six-cylinder valve-in-head motor that is powerful, dependable and economical.
