to 25 per cent. The new rates will go into effect July 21.

CALIFORNIA NEWS

LOS ANGELES.—Los Angeles was host to more than 30,000 lodge men and their friends and relatives reaching the city to attend the opening here of the fifty-seventh grand lodge of the Benevolent and Protective Order of Elks.

SACRAMENTO.—Sacramento's birth rate exceeded the death rate almost 100 per cent during the month of June, according to a report made by the city health department. The report gives 123 births for the month as compared to 74 deaths. Twenty-one of the births were Japanese.

SISSON.—The local forest service has been trying to obtain land in the Sacramento canyon. These were wanted for camping grounds. The forest service lacks the money which is needed to improve their grounds and the Shasta county supervisors have promised to furnish the money so that this land can be obtained if possible. The Northern California Counties Association is interested in the matter, and is going to make another attempt to secure the land desired.

SACRAMENTO.—Warning was issued to butchers who use sulphur to restore spoiled meat and meat products intended for public consumption that they will be prosecuted to the extent of the law if found violating the food law, is a statement made by Dr. George E. Ehrhart, president of the State Board of Health, while in Sacramento on an official visit.

COLFAX.—It is learned that Lyman Gilmore who has been prospecting near the old Morning Star Mine has broken through into a big channel which is believed to be a part of the old Morning Star and Big Dipper channel. Gilmore has not gone far enough yet to determine the extent but indications are that the channel is big and rich in gravel.

WOODLAND.—Asa W. Morris, well known citizen of Yolo county and one of the leading stockmen in the west, was killed in an auto accident near Shasta Retreat. His auto went over a grade.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre At Once. Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.—Adv.

DOWNIEVILLE.—Tom Cosker, from Howland Flat, displayed a fine gold nugget weighing 10 3/4 ounces and worth \$200 to his friends in Downieville this week. The nugget was found by P. G. Carlton in the claim owned by Tom and Will Cosker at Howland Flat.

SACRAMENTO.—Oil field operations reported to State Oil and Gas Supervisor R. E. Collom during the week ending July 2, 1921, show 26 new wells started, as compared with 30 during the previous week. The total new wells this year number 784, as compared with 455 the same date last year.

MEAT INJURIOUS TO THE KIDNEYS

Take a Tablespoonful of Salts If Back Hurts or Bladder Bothers

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble. The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Adv.

SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

GOLD MEDAL HARLEM OIL CAPSULES

bring quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. All druggists, in three sizes. Look for the name Gold Medal on every box and accept no imitation.

TENTATIVE PLAN FOR BOXING ON AUGUST 13TH

The clarion call for battle has been sounded by the fight fans of this city and the answer is a scheduled contest about August 12. The tentative main event is a return match between Babe Blue of Oakland and Sammy Gordon of Portland. The quality of this match was not questioned as both men appeared here in an event July Fourth, and both demonstrated that they are all there, wool a yard thick and not a touch of cotton fabric in their fights makeup. Promoter Robertson stated that it was his plan to use these boxers in the main event, a ten round go.

The principals suggested for the held here in this class was superior to this city and Young Papke of Sacramento. Papke put up a clever fight with Young Stevens of Portland in the old opera house in this city last year. These last two named boys fought from the start to the finish of the bout and at the close, the fans declared that no fight ever held here with class was superior to this.

The preliminaries will be between local fistic aspirants to be selected at a later date.

Promoter Robertson stated that while this card is the one he has in mind for the carnival August 13, still there might be a hitch in the financial arrangements and other boxers secured but the boxing commission would receive definite word in advance so the records of the boxers could be carefully scanned.

Robertson also said that he expected to place a clean drawing card on the slate and that the rule "fight or no pay" would be enforced with the boxers in order to give the spectators a good run for their money.

The tentative program is outlined for Labor day in which a main event featuring Billy Huff of Chillicothe and Johnny McCarthy of Portland is scheduled, providing terms can be arranged between them. Action on the Labor day program was left open.

MORE LOBSTERS THAN GOD IN BAY STATE

BOSTON, July 14.—If the trend of the times in sea-food were to be followed, the lobster might be bracketed with the sacred codfish as the emblem of this state's fishery activities. Figures just announced for the last year show that a total of 3,700,000 lobsters came into this port, an average of a thousand a day. By thus adding to its prestige as the principal lobster market of the world, Boston sometimes described as the home of the bean and the cod, must be known as the "lobster port."

Steamers from Halifax, N. S., and smacks from ports in Maine and Massachusetts have landed live lobsters here this spring at a rate promising to surpass even the record receipts of last year. In addition earned lobster meat to the extent of six or seven hundred thousand pounds passes through this port.

The lobster grounds, which extend from Nova Scotia to New Jersey, send most of their products here, as the bulk of the catch comes from Nova Scotia and Maine. Regardless of the source, the lobsters are subject to the Massachusetts law as to legal length and all "shorts" those measuring less than nine inches from nose to the tail—are sent back to the sea.

The Massachusetts coast in this way profited by lobster immigration from Nova Scotia and Maine to the extent of 35,000 "shorts" last year. This season, officials of the state fish and game commission said, 11,000 have been culled out as short up to May 1.

The shorts are taken to selected places on the coast and dumped overboard, to establish new colonies, bringing added numbers to old ones, there to grow and become available for a legal trip to market.

Plumbobs Intend To Pan Rivals

Sunday July 16, the Plumbob team will score a perfect goose egg in batting, fielding and errors for it is "their day off"! Lucky boys has been applied to them by their jealous rivals, the Copcos, Jewels and Ewaunas but the wise wag of the hair-trimmers' union has supplied the reply that inasmuch as the Plumbobs have had no opportunity given them to be gallery birds in the past, there is no use in getting sore now that a few hot shots can be sent down on the Jewels and Ewaunas in their coming contest Sunday. "Roast my dog and I'll eat yours alive," seems to be the plan of the Plumbobs and as they already have had the gastronomic epithets applied to them, they assure the other birds that in returning the past compliments it is only "heaping coals of fire on thine enemy's head." One of the Plumbobs stated that every time a Jewel or an Ewauna player makes a bloomer Sunday, they intend to "hotter their fool heads off."

It is evident that a few boxing bouts not scheduled on the program outlined to the commission yesterday may take place after Sunday but that is an affair for the police to supervise.

"As usual," both Manager Pospisil and Daggett are already claiming the game for their respective teams but Pospisil is not so kindly disposed to the Ewaunas since last Sunday when it was reported to him that one of the Ewauna players made the assertion that Joe couldn't hit a flock of balloons anchored just four inches from his bat. A Plumbob who is within a stone's throw of Joe's headquarters claims the irate manager even jumped on his hat in his anger.

Two Copco Teams To Tangle Sunday

Manager Thompson of the California Oregon Power company stated today that Klamath Falls baseball fans were to be given a treat Sunday at Modoc park when the Yreka Copco team would play the local Copco team a return match. The first game between the two teams was played June 19 at Yreka and the way the battery, Jordan and Frazer of the California team worked on the local boys at the rate of 16 to 2 has made the locals eager to show up the Yreka bunch on the local grounds. Manager Thompson added that the Klamath Falls people can expect to see a lineup Sunday in the local team that will surprise them and that daily practice was being taken to insure team work and unity of action for this great game between the "juice experts" of Klamath and Siskiyou counties.

The record of the Yreka team this season is a very flattering one as they have had an opportunity to mix up with some fast teams in the valley west of the Cascades. Manager Thompson expects to have the Yreka lineup within a few days.

At the Theaters

THE STAR

An actual horse race, with all its thrills, is shown in the First National special feature, "In Old Kentucky," the great American classic, presenting Anita Stewart. This picture will be screened at the Star theatre tonight.

It is the great Kentucky handicap race, and you see it from start to finish. There is shown the gigantic grandstands in which thousands upon thousands of persons are crowded, all cheering wildly for their favorites.

You get a flash of the stables where the jockeys are rubbing their mounts, in preparation for the great event and then the jockeys coming one by one onto the track to be greeted by cheers by the spectators.

THE LIBERTY

Jenny was so innocent that she was a perfect goose. She was a dear, sweet goose, of course, but a goose none the less. And of all the scrapes that girl got herself into! First thing old dad knew little Jenny's escapades were on the front pages of the sensational papers, which he had never permitted little Goody-Goody even to read. It took more than dad's influence to extricate Jenny from the mess in which she had innocently involved herself, and it was with positive relief that he married her off to a nice young man. That is the plot of "Sheltered Daughters," Justine Johnston's new picture showing at the Liberty theatre tonight.

THE STRAND

Charles Ray has scored the comedy hit of the season in "The Pinch Hitter," a Triangle play directed by Victor L. Schertzinger under the personal supervision of Thomas H. Ince, which will be exhibited at the Strand theater tonight.

"I have seen some thrilling baseball games in my time," says F. C. Lane, editor of Baseball Magazine, "but 'The Pinch Hitter' was the prize thriller. As to atmosphere, I lacked only a bag of peanuts and a bottle of pop to imagine myself in the grandstand and not a theater. 'The Pinch Hitter' is a master production, combining the sure fire appeals of romance, comedy and clean sport. Charles Ray's portrayal of the title role is immense."

The story, which is by C. Gardner Sullivan, concerns a lubberly farmer's boy who inherits the gibes of the dapper college men when he arrives on the campus. They consider him a specimen of the prehistoric age, as his clothes would indicate. But he comes to bat at the crucial moment in the big game of the year, and he makes good with the fellows and with Abbie Nettleton, the pretty proprietress of "The Students' Progressive Cream Puff Parlor."

SENATOR STANFIELD RETURNS TO WASHINGTON

Herald Washington Bureau WASHINGTON, July 14.—Senator Stanfield has just returned from a several weeks trip in the West in connection with financing the livestock interests in which Western bankers and New York financial interests have advanced \$50,000,000 for the more pressing needs of this industry.

World's Biggest Mule

H. B. Dean, Anderson, Mo., says his gentle mule, Jack, is the biggest mule in the world. Jack's six feet high and weighs a ton. His driver, shown in the picture, is said to be the smallest mule skinner in the world.
