The Sweetest Music in the World

is that of the Violin, so they say. It will touch your heart, in the hands of a master; it will weep, it will wail, and it will sing sing you to sleep.

Many Klamath folks there are who have not yet discovered the beauty of a violin solo or string quartet among the Victrola or the Columbia Records. Here is Music that you never get tired of; Music that appeals to all, highbrow or woodchopper! Step into the Shepherd Store, some time and ask to have some real Violin or Quartet Music played for you. You will be glad that we mentioned it and suggested your opportunity.

New Road Started To Lake o' the Woods

A crew of government engineers and laborers arrived today to start work on a new road into the Lake o' the Woods. The new highway will be built through the government reserve from the lake to the main road

which leads to Rocky Point and on around the Upper Klamath lake.

The hard climb which has always confronted travelers into the Lake o' the Woods will be done away with when the new road is completed as the survey takes it around the mountain instead of over it.
