An automobile knocks while it is going up hill, but a man knocks most when he is going down hill, suggests Doc Goddard.

She Says Nova De Feet

Why Hens Run Away

"What's that hen making all the fuss about?" "She's just laid an egg." "But what's she running so for?" "She's trying to beat it."

Youngster—"I understand the married women have organized a club."

OLSTER—"What do they call it?" "Broom Handle" or "Rolling Pin."

I sometimes wonder, says "Gaytee", why, when a modern girl dresses for a ball, she does not get confused and go to bed.

Al Leavitt says one of the great thrills in the daily routine is to meet a man who really and truly knows what he is talking about.

"Whiskey has ruined the reputation of many men."

"Yes," replied Al Graham, "and, at the same time, I ain't so sure that a lot of naturally no-account men haven't done their share to ruin the reputation of whiskey."

M'Nary Will Spend Month In West

Herald Washington Bureau

WASHINGTON, July 23.—Senator McNary expects to leave for Oregon the latter part of the week or the first of next week, and will spend all of the month of August in the West. This is of course contingent upon the plan now practically settled for the senate to adjourn tomorrow until September 12.

That will give time for the tariff bill to be received from the house and to be referred to the finance committee and give the committee time to prepare changes in the bill so it can be reported when the senate reopens the second Monday in September.

It is expected that between now and the time of leaving Senator McNary and Senator Stanfield will hold conferences and settle the entire question of patronage in the state of Oregon. The entire slate of appointments will be given out at once, regardless of the time of the beginnings of the terms of the different officers.

Preliminary conference between the two senators indicate that a complete agreement will be reached.

Efforts are being made to substitute a tax bill for the tariff when the senate returns if the house has by that time prepared and passed a measure revising the internal revenue tax. There is opposition to this, however, on the part of many members of the house who want the tariff settled first, on the theory that it will

Pendleton Round-Up Plans Promise Great Show in September

PENDLETON, Ore., July 23.—New world's records in the events which make the Pendleton Round-Up famous the world over are expected at the 1921 show which will be staged here September 22, 23 and 24.

Fast relay strings, wild young steers and bucking "bronks" whose hasty temper and uncertain disposition will give the cowboys a chance to show their skill in the bucking contests, are promised for the great out-door drama. The steer bulldogging gives indication of being a most spectacular event, for Ray McCarroll and Frank McCarroll, two brothers, are vying for the championship. Frank McCarroll recently broke all records when he bulldogged in 7 3-5 seconds, but his brother, Ray, succeeded a few days ago in clipping two-fifths of a second off this time.

One of the features of the show is the speed with which events are given. The big panorama of events begins each day exactly at 1:30 p. m., and continues without pause during the afternoon. Never is the slogan "Something Doing Every Minute" better exemplified than at the Round-Up.
