### GOOD GAMES AT PARK TICKLE THE BASEBALL FANS

Two classy games of baseball were the fortunes of those who attended Modoc Park yesterday afternoon and from the big league style which all teams put up, the fans had more than a run for their money.

Nine innings were necessary to decide who was superior in the Copco-Jewel game and after keeping the fans on the anxious seat for two extra innings, the Copcos in the ninth inning managed to put Sweeney over the home plate for the winning run. In this game, the pitching of Foster was superior to his opponent, Hutchison, despite the fact that 16 Jewels fanned the air while only four batmen of the Copcos fell before the curves of Foster. But Foster was facing some of the hardest and surest hitters of the league in the persons of Clark, Gay, Noel and Bears while the Jewel players were less experienced than the others.

Two new faces in the catching staff on both teams showed up. Dunlap of the Jewels and Kenyon of the Copcos and both created favorable comment on their work. Kenyon slammed out a home run in the second inning and advertised himself well. In this game, the Copcos earned six runs while the Jewels secured two. One neat double play was pulled off by Ramsey to Southwell to Bristow. Umpires Cook and McDonald were kept busy with their duties all through this contest.

**The other game**  
The Ewauna-Plumbob game was a good game despite the score 7 to 4, as the Ewaunas by timely hits placed five earned runs to their credit out of 7 obtained and the Plumbobs earned two of their four, showing that errors were not responsible and battling was for the scores.

The Ewaunas introduced a "mystery" pitcher in the person of O'Neill and from where he came, the Ewaunas have made it a point to keep this information to themselves but they all remarked at the close of the game, "Isn't he there, though?" The players of all teams watched O'Neill's work with interest and the fact that speed and a peculiar "break" of the delivered ball were self evident to the spectators, created such comment.

The Ewaunas started off in the first with two runs and were blanked until the fourth and fifth innings when two and three runs were secured and after that, the Plumbobs put a damper on the scoring. O'Neill allowed the Plumbobs 2 runs in the fourth inning when Noel, Bresslar and Smith picked him for a hit apiece and in the seventh, Vochatzer and McCollum each got a hit apiece scoring two players.

As usual, "Babe" Noel secured his customary three bagger and O'Neill also slammed one out of two. Four double plays were pulled in this

### Newsboys Set Fine Example in Honesty

Consider the Newsboy  
(From the Hartford Times.)  
One of the great New York newspapers pays an astonishing tribute to the young merchants who sell its wares upon the streets. This newspaper, like practically every other, printed an "extra", after Saturday's prize fight. When the papers arrived at Times Square, the young man whose business it was to sell them to the newsboys, taking their cash in return, found himself overwhelmed by an eager flock of youngsters who grabbed the papers as fast as he could open the bundles and raced away to dispose of them without going through the formality of paying for their stock.

Many a boy could have kept all the money he received as profit and neglected to pay for his papers; but, no, the paper declares, as soon as the storm of selling was over the boys returned to the neighborhood and settled, until the cash turned in was exactly what it should have been for the number of papers sent out from

the office of publication. That was only ordinary honesty. It is true, but a kind of honesty met with seldom enough to be uncommon. Yet it would be expected by those who are familiar with newsboys. The newsboy doesn't expect to be cheated, and he certainly doesn't intend to cheat anybody. More power to him.

### At The Theatres

#### THE STAR

In "Lying Lips," a Ralph Ince special production, which opened at the Star theatre last evening, you will find one of the most pleasing pictures of the season. You will see the greatest realistic shipwreck scene ever produced and from this moment on the picture is one of intense interest and if you wish to see a real picture see this one which will be shown tonight. A good Mack Bennett comedy completes the bill.

#### THE STRAND

The showing at the Strand for Tuesday and Wednesday will be the famous play, "East Lynne," the dramatic favorite of the generation and staged by P. P. Craft. "East Lynne" is staged in the beautiful and historic Severn river valley in western England where the author, Mrs. Henry Wood laid the scene of this immortal romance of love, hate and ambition. The character, "Lady Isabel" is played by Miss Blanche Forsythe, England's premier emotional leading lady and "Richard Carlyle" is taken by Mr. Fred Paul. Too much cannot be said regarding this famous picture but among the differences which this particular play has over any like production is that scores of scenes are shown hitherto described in "off stage business," but not enacted before the audience; correct costuming of the early Victorian period; natural scenery of "East Lynne" reproduced with perfect fidelity and a distinguished cast of notable players. The management of the Strand theatre promise a splendid film treat in "East Lynne."

**G. B. THOMAS IN WASHINGTON**  
WASHINGTON, July 25.—George B. Thomas, Portland school director, is here trying to press a decision in a claim of the Benson Polytechnic school for \$25,000 which Thomas claims is due the school for its work for soldier rehabilitation in the war. Senators McNary and Stanford and Representative McArthur have been promised a decision from acting Director Fiddler this week.

**FALL'S TRIP DELAYED**  
WASHINGTON, July 25.—Secretary Fall of the Interior department, who will visit Crater Lake National park on his Western trip, was to have left Washington July 15, but that has been changed now to August 5, and another delay may be added.

**VALE EXAMINATION SET**  
WASHINGTON, July 25.—A civil service examination will be held on August 19 for candidates for Vale postmaster.

### Underwood's Makes Addition to Their Weather Apparatus

Underwood's Pharmacy has installed a Tycos recording thermometer in their window on the corner of Main and Seventh Street, making quite an addition to the "weather bureau" department of the store.

This thermometer is a handsome instrument being finished in white enamel and actuated by clock work that causes a dial to revolve beneath a pen leaving a continuous record, hour by hour of the temperature.

The pen is guided by the mercury of the thermometer, and although the bulb containing the mercury is high above the head of the passer by, on the outside, and is within a latticed box that allows a free circulation of the air and at the same time protects from direct or reflected heat of the sun. The mercury in the bulb is connected with the pen by a steel tube calibrated to the thousandth part of an inch, and the expanding and contracting of the mercury causes the pen to move backward and forward, leaving the record of temperature upon the dial of the instrument.

During the warm weather of last week the new thermometer attracted much attention. The highest temperature recorded was ninety degrees, on Saturday at 3 p. m. The lowest was Wednesday morning at 5:30 when the mark was at 45 degrees.

The Herald will, hereafter, publish the high and low temperature each day, together with the report of the Cyclo-Stormograph, in the same window.

### AN INVESTMENT

I have several blocks of lots surrounding the Malin high school that I will sell for business and residential purposes, thus offering to the people of Klamath county an opportunity to make a real investment. I will sell these lots for \$75 and up, on the installment plan, the terms to suit the purchaser. No interest will be charged and I will pay the taxes until deed is delivered to buyer.

Malin is situated in the center of one of the richest districts in the world. It is backed by progressive and conservative citizens. It has a future that assures development to a degree that will make this property worth many times the price I am selling it for. When oil is discovered, Malin will be found to be in the very heart of the field and the biggest producers will be at its door.

If you are looking for something that will pay you big returns, you can make no mistake in buying Malin property. For further information, write or see

Annie Laurie of the famous song really lived, but the composer of the song, William Douglas, did not marry her, for he was killed while fighting near Marlborough in Flanders.

### Speaking of Good Pianos

There is the PACKARD at the Shepherd Store. There are pianos and pianos; for some of them you are asked to pay all they're worth; others there are that are worth all you pay for them; and among these are some few that are so unique in the actual VALUE built into them by conscientious and proud makers that you get FULL value, plus! What we might say in a full page ad, would add little significance; the lovely Packard is so well regarded from coast to coast that we don't have to say much. In short, the Packard is one of the few instruments that appeal to people who KNOW piano values and are willing to PAY for it!
