AN INVESTMENT

I have several blocks of lots surrounding the Malin high school that I will sell for business and residential purposes, thus offering to the people of Klamath county an opportunity to make a real investment. I will sell these lots for \$75 and up, on the installment plan, the terms to suit the purchaser. No interest will be charged and I will pay the taxes until deed is delivered to buyer.

Malin is situated in the center of one of the richest districts in the world. It is backed by progressive and conservative citizens. It has a future that assures development to a degree that will make this property worth many times the price I am selling it for. When oil is discovered, Malin will be found to be in the very heart of the field and the biggest producers will be at its door.

If you are looking for something that will pay you big returns, you can make no mistake in buying Malin property.

THE CREATOR PUT the OIL IN THIS WORLD

IN PLACES WHICH ARE HARD TO FIND AND ARE EXPENSIVE TO GET AT.

Otherwise it would have all been found before most of us were born.

It takes faith, courage, and perseverance to develop a new oil field. Also money, and a gamblers nerve to risk a small losing against a possible big winning.

"N. C. O." IS NO EXCEPTION

That's why we are urging everybody to

HELP DRILL A WELL

We have plenty of faith and courage and perseverance, and we had a lot of money too; but not enough, and we want a lot of people to share the risk with us, and we will share the profits with them. Send us your check today.
