Trucking and storage, Central Transfer & Storage Co. 155W. 15-31

See that 6121 Blue Serge Suit at K K K Store for \$25. Written guarantee with every suit for wear and service. 31f

## NEWS FROM THE STATE CAPITAL

**Telegram Salem Bureau**  
SALEM, Aug. 1.—The Polk county road case in which certain residents of that county are endeavoring to hold up the construction program of the state highway commission because of alleged irregularities in the proceedings, has been transferred from the circuit court at Dallas to the court at Salem. The reason is that Judge Skipworth of Eugene, who was to try the case, discovered that one of the attorneys was his brother-in-law, Judge Percy R. Kelly will hear the case.

The state treasury recently has been replenished to the extent of \$200,000, and James Crawford, assistant state treasurer gives out the information that persons holding state warrants "not paid for want of funds" should present them at once. The traffic department of the secretary of state's office has purchased weighing jacks by which loads on motor trucks may be weighed to ascertain if the owner is violating the law relative to the maximum loads allowed on the state highways.

Attorney General Van Winkle has handed down an opinion holding that the county treasurers are the custodians of the funds of school districts unless the county court rules otherwise. In that event the district clerks are the custodians.

J. B. V. Butler, Arthur Beattie and Miss Jessica Todd, all members of the faculty of Oregon Normal school at Monmouth, have been appointed by the board of regents to conduct the school until a successor is named to the late President J. H. Ackerman.

Frank Davey, of Salem, member of several sessions of the Oregon legislature, has announced himself as a candidate for secretary of the state fair board.

Only four forest fires have been reported this season to the office of F. A. Elliott, state forester. None did serious damage.

Governor Oleott has announced the appointment of J. H. Cramer, of Portland, Dr. W. H. Lytle, of Salem, and C. W. Lassen of Pendleton, as members of the state veterinary medical examining board. The first two are reappointed and the latter succeeds Dr. F. T. Notz, of Baker, who retires to go into another profession.

Sam A. Kozar, secretary of state, has apportioned to the several counties of the state a total of \$6600.50, representing 5 per cent of the receipts of sales of public lands for the year July 1, 1919, to June 30, 1920. The apportionment is based on the area of public lands in each county. In the state the total acreage is 61,188,480.

Land acquired by a county or a municipality at tax sale is acquired and held for a corporate purpose and is therefore not subject to taxation while thus held, but upon the sale of such property on contract, or when the land is used for a purpose which affords an income to the municipality holding it, the exemption ceases, according to an opinion of Attorney General Van Winkle, written for the state tax commissioner.

Oregon's total indebtedness, including all county, city, school, port, irrigation district and drainage district bonds and other obligations is \$107,400,593.84, according to figures compiled by Frank K. Lovell, state tax commissioner.

The state public service commission has completed in pamphlet form a compilation of all general statutory provisions relating to the operation of the commission. The compilation was made by W. P. Ellis, secretary of the commission, and is the first work of the kind ever put out by that department.

The Union Oil company of California has remitted to the secretary of state \$17,706.48, covering the tax on sales of gasoline and distillate in Oregon for the month of June. For sales at general stations the tax aggregated \$16,663.61 and at the Klamath Falls sub-station \$1042.87.

C. H. Gram, state labor commissioner, has been investigating complaints at Pendleton, Baker, La Grande, Huntington and other Eastern Oregon cities.

A total of 2,108,868 gallons of gasoline and 105,777.5 gallons of distillate were sold by the Standard Oil company in Oregon during the month of June, according to the company's report to the secretary of state. The total tax paid under the tax law of 1919 was \$21,617.56 and under the tax law of 1921 it was \$32,146.45.

**PIONEER FAMILY REUNION**  
KELSO, Wash., Aug. 1.—Sixty members of the pioneer Bozart family, of which there are about 300 descendants in the Pacific northwest, attended the seventh annual reunion of the family at Woodland, Wash., near here, recently.

The Bozarts crossed the plains from Pike county, Missouri, in 1845, locating on the Lewis river, near here. Mrs. Cynthia Bozart, aged 81 years, is the only living member of the original party.

A jeweler says pearls are like women—they require a lot of attention.

## SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray, and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.—Adv.

## THE SACRED HEART ACADEMY

Is a boarding and day school conducted by the Sisters of Charity of Nazareth, Kentucky, and meets all the requirements of the Oregon school regulations. All grammar and high school grades are taught, the student being required to bring a report from the school last attended.

Non-residents may avail themselves of the boarding department of this institution, where their children will be under the careful supervision of the sisters, and where everything for their welfare will be done. Applications will be accepted in the order of their receipt.

**TERMS**

Tuition, Day Scholars, per month ..... \$ 3.00  
Board and Tuition, per Month ..... \$30.00  
Boys up to 14 years will be taken as boarders.  
Girls up to 18, or until the completion of their high school course.

**DAY SCHOOL**

Students are accepted for the day school without age restrictions and may remain until the completion of their high school course, receiving the same careful attention and thorough training as the boarders.

## TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat If You Feel Back-achy or Have Bladder Trouble

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

## Are You Prepared? Fly Time Is Here

We have a large stock of **SCREEN DOORS** in three designs, to fit all regular door openings.

These doors are made of clear, kiln-dried, California white pine—covered with the best grade of rust-proof, galvanized wire, and put together with hardwood wedge dowels—a patented process—which makes an exceedingly rigid door.
