MONDAY, AUGUST 8, 1921.

THE HOTTEST DAY

The mercury achieved the altitude record for the season yesterday, when the thermometer at the reclamation service station registered 96 degrees. The previous maximum was 94 degrees.

Crippled Lad Happy in the Hospital

The letter below was written by a small Klamath county boy from the hospital for crippled children in Portland. Through the efforts of the county health nurse, this child has high hopes of becoming, some time in the future, a useful citizen of the county, and, if the spirit in which the letter is written survives, a happy one, too.

"Portland, Ore., July 28, 1921.
"Dear Mother, Father and Bebe,
"I am fine, hope you are, too. They have taken measurements for splints, and say, in the morning, I wash and eat before I dress. I have nothing to do but have a good time. Say, mamma, will you send my purse, handkerchiefs, comb and watch chain?
"Bebe, how's old Chinese and Peach Blossom and the people. And Dad, how's old Snukums? O, mamma, Doctor Dilly Hunt played pitch with me.
"I have had an ex-ray picture of my right hand, right knee and right hip. O, say, how's old Kip? And Don Boy? Have you seen Dutch? Has Sol taken the books home? Have you got the brown bull? Has the cat run off the track any more? Have you had any jams with the car? One of our friends is going home, and, say, my ankle hurts no more; and a doctor give me another examination. I don't know any more news.
"So, goodbye. As ever, your loving son,
"Write soon."

Survey Complete on Williamson-Chil. Link

Judge Bunnell and Commissioner Asa Fordyce last week had the survey from the Williamson river bridge across to Chiloquin completed and a letter from the engineer in charge of the survey stated that the distance will be 4 3/4 miles, with one portion, about 600 feet with a 6% grade, one small raise with a 5% grade and the balance almost level. Judge Bunnell stated that the construction on this road would begin as soon as funds were available. This survey, he added, would make a direct connection with The Dallas-California state highway and was possessed of many money saving features for the county over another route which was suggested to the county court. The route which the court reviewed scarcely had any grade outside the two places where the 5 and 6 per cent grade existed.

SUIT ON NOTE

Suit has been filed in the circuit court by Henry Schneider against John D. Morgan and S. H. Francis for the collection of an alleged unpaid note amounting to \$600, due June 21. Interest at 8 per cent from December 21, 1920, and attorney fees for \$150 are sued for by the plaintiff.

BRITAIN LOST IN TRYING TO RUN INDUSTRY

Herald Washington Bureau WASHINGTON, Aug. 8.—Over in England, the controller and auditor general has been checking up on the costs to the nation incurred in government adventures in business and trade during the war. As reported by the consulate general at London to the bureau of foreign and domestic commerce, an official blue book has been issued presenting some of the results. Precisely as in the United States, the statistics show that the government in business failed disastrously.

A review of some of the important findings in the blue book which does not purport to be complete, indicates a loss on only a few of the operations aggregating more than \$15,581,609, but there are profits shown in other lines.

Profit in Liquor Traffic
For example, the liquor traffic in Great Britain was under governmental control and shows a profit to the government of \$2,371,142. In other words, the government may be successful as a barkeeper but not as a food merchant.

The government insurance business also showed fat profits. On marine insurance, the premiums paid by the insured exceeded the losses and the costs of operations by \$40,976,199. The government also insured property owners and individuals against losses by bombardment from the air or sea and in this class of business it netted a profit of \$29,187,166.

But the figures presented for the food ministry are lamentable. The operations of the wheat commission alone produced a loss of \$277,318,41. The blue book asserts that the perise loss on the bread subsidy for two and a half years to March 31, 1920, cannot be ascertained, "but it exceeded that of the wheat commission's operations." Here then are

losses in these two classes aggregating more than \$754,637,000.

Battleship Oregon Offered to State

WASHINGTON, Aug. 8.—Assistant secretary of the navy Roosevelt has notified Representative Sinnott, that the state of Oregon can have the battleship "Oregon" for all time as a memorial or training ship, provided the navy department incurs no expense.

Neither Portland nor the state have funds available for the purpose and private subscriptions now seems unlikely.

WEATHER RECORD

Hereafter The Herald will publish the mean and maximum temperatures and precipitation record as taken by the U. S. Reclamation service station. Publication will cover the day previous to the paper's issue, up to 5 o'clock of the day.

	Max	Min.	Precipitation

SHOOK LIKE SHE HAD THE PALSY

PORTLAND WOMAN COULD NOT LIFT CUP OF TEA TO LIPS WITHOUT SPILLING IT

"I am willing to join with those who are telling about their experience with Tanlac, for the more people know about this wonderful medicine the less suffering there will be," said Mrs. Mary A. Chambers, 183 1/2 Park avenue, Portland, Ore. "It seems that almost everything under the shining sun was the matter with me. First I was operated on for appendicitis, then I began having lumbago so bad I could hardly move and my back felt like it would break in two. I had no appetite to speak of, would never eat any breakfast, and the little I ate at other meals seemed to do me more harm than good. My nerves were in such awful condition that I shook like I had the palsy, and my hands trembled so I couldn't lift a full cup of tea to my mouth without spilling it. I lost flesh until I weighed only ninety pounds, and was so weak that it would tire me out to walk more than a few steps. "Tanlac helped me right from the start, and I haven't had a bad day since I finished my first bottle. I eat heartily three times a day and even take a snack between meals. I have gained twenty pounds in weight and have picked up strength so that I can do a hard day's housecleaning without getting tired. I'm well and happy today, and I praise Tanlac from the bottom of my heart."—Adv.

FOR RENT—Beautiful large front room. Private entrance, bath and phone. 512 N. 9th St. 8-13*

With an Autographic Kodak

the date and title may be written on each film at the time the picture is made. This autographic feature is exclusively Eastman—and every Kodak has it. For pictures on the motor trip, snap-shots of the children, in fact for almost any type of picture, the title, in the years to come, adds much—the date even more.

Photography expensive? Look at the price tags in our Kodak window—or better still look over the line. Expensive? You never got such lasting pleasure at so small cost.
