

IS ASHLAND TOO FOXEY FOR THE LOCAL TOSSERS

Local Elks didn't think it was possible, but from recent developments they are beginning to believe the big horns from the valley are far wiser than they were given credit to be.

They seem to be placing more rubber holed nose hounds in our midst than the local managers can cope with. There is a leak here some place! Two or three of the locals, figured the team would be strengthened considerably if they were in the "line up." Manager Walters does not care particularly to mention any names yet, but it looks funny that John Enders would be entertaining one of Ashland's Past Exalted Rulers just at this time! A Mr. D. Peruzzi arrived in town with a blare of trumpets, announcing that he was on a friendly visit, then on to Crater Lake. But he managed to visit quite a lot with some of our boys. He was seen talking confidently to "Brick" Moody!

It is being rumored around that Swanson and Hunsaker found a vial of money under their pillows this morning!

Then again back to the training table. Eleven lusty athletes ranged about the festive board, and only eight of them left under their own power. Johnstone, Cozad and Underwood had to be taken home in jitneys.

It is going to be mighty hard to fill those places.

The dark part of it is, that it is practically impossible to find out what is being fed these men. Nick says its just the usual "beans and doughnuts" he has always prepared for such occasions, but we noticed he had his tongue way over in one cheek after he said it.

Anyhow Noel intimates that he now to seek advice and get help from Walters is on his way to Prisco always goes when he is in distress. Mayor Ralph. That's where Tom has another entire team, practicing so perhaps Ashland will have spent her money in vain.

The plot thickens, what will be the outcome?

JOKING ASIDE, IT IS TO BE A REAL GAME

The ball game here Sunday between the Ashland and Klamath Falls teams promises to be the largest attended game of the season, according to information given out by Manager Walters of the local Elk team. Tickets were placed on sale around the city Tuesday and nearly all were sold within the first two days which gives the promoters assurances that Klamath Falls will be able to go over to Ashland for a return game within the near future and give the antlered tribe a demonstration of Klamath spirit.

Around the cigar stores where sport is discussed at great length, a majority of the dopsters figure that the Klamath team will be slightly stronger on the battery end than the Ashland bunch. All say though that despite the joshing, real ball playing will be done by both teams as many of the players in both teams are members of either town teams or have a semi-professional record lurking in the past.

A record breaking crowd is expected at Modoc park at 2:30 o'clock Sunday afternoon—and the Klamath Falls band is being solicited to add its musical powers to bring together the fans.

As a watering place, the ice cooler has advantages.

WONDERFUL! IS WHAT SHE SAYS

NEVER DREAMED MEDICINE COULD DO AS MUCH, DECLARES THIS PORTLAND WOMAN.

"I'm willing to testify that Tanlac does all that is claimed for it," said Ma. Anna Shultz, 615 Claybourne Ave., Portland, Oregon.

"I think it's nothing less than wonderful the way this medicine has built me up. While I managed to keep on my feet most of the time, for several years I had been in a badly rundown condition. I lost my appetite and the little I ate seemed to do me more harm than good. I was so nervous I scarcely ever got any restful sleep at night and in the morning felt so miserable that I could hardly get up. Finally rheumatism got me in its clutches and was especially bad in my left shoulder and arm and in my back.

"I had taken only a few doses of Tanlac when I began to have a good appetite, and it wasn't long before my digestion was absolutely perfect. My nerves soon quieted down and I slept all night long without waking once. In fact, I'm in perfect health now. I never dreamed that any medicine ever would help me as much as Tanlac has.—Adv.

IF KIDNEYS ACT BAD TAKE SALTS

Says Bachache Is Sign You Have Been Eating too Much Meat.

When you awake up with headache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, also you have backache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

The National Dessert

For most people the best part of a meal is the dessert. Ice Cream has proved to be the most popular "last course" in the average family. As an "After the Theater" treat Klamath Falls Creamery Ice Cream is doubly appreciated. Don't say "soup to nuts"—say "soup to ice cream."

TRY SULPHUR ON AN ECZEMA SKIN

Cure Little and Overcome Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.—Adv.
