

The Greatest Offering Ever Given the People of  
This Section. Read Every Word of It

# Announcement!

I wish to inform the public that I am opening a general Real Estate office upon my property in the new townsite of West Chiloquin, Ore. My P. O. address is Chiloquin, Ore.

My main business is to handle my own personal town property and acreage located just across the Williamson river, opposite the S. P. Railroad Depot, all of which lays along the banks of this beautiful stream.

It is one of the most beautiful locations for a residence or business building in our Klamath Country, and as it is located in the midst of our largest manufacturing lumbering industry and cattle raising sections, it is destined to be one of Klamath's best business centers.

It is the headquarters and distributing point for a very large and growing country.

There is no section of our state that has as large and as sure an asset for a successful business as this. There are many thousands of dollars disbursed to the Indians of this reservation every year, and it will grow larger as the section is developed. I may be wrong in my summing up of the future of this place, but after having spent 27 years of my life here watching its growth, its every development, and having been one of its pioneer business men and active every day for not less than 24 years of this time, also having invested many thousands of dollars in its lands—and will continue to do so as long as I can buy what I desire—I will say that this location and this property is the best investment, the biggest and best value for your money, the best business location today in our Western Country, and more especially in Klamath County.

Development of any natural resource in your community is good, whether it is a certainty or not. You can never know what you have until it is developed. The people are right, in taking a chance at any thing that they can convince themselves that for every dollar invested, by taking this chance, they will receive in return a hundred, a thousand, or even ten thousand, if what they are seeking are found.

How often in your remembrance have you known the public who put their small savings into these developments or proposed large return givers that have received the promised profits. No knock or advice intended for anyone. But why not be willing to put your money into something less glowing in returns, but a

**Sure Winner!**

**West Chiloquin investments are this!**  
**YOU CAN'T LOSE!**

COME AND SEE ME

OWNER

Within a very few days the

## U. S. GOVERNMENT

will pay to the Klamath Indians \$175,000.00, in cash. Every man, woman and child receives \$150.00 each. This alone will save the Klamath business people, and our community that extreme depression that most of our neighbors must experience before normal levels are reached next spring.

*We don't know what hard times are!  
While you live in Klamath you  
will never know!*

While these West Chiloquin lots are to be had at practically a give away price, I advise you to buy as many as you can. They will never be so cheap again.

*The present prices will stand good only for the  
NEXT SIXTY DAYS*

**Prices for Lots \$150 to \$200 Each**

You can buy them on the installment plan if desired, as low as \$25.00 down and \$10.00 per month.

These lots are worth twice the money asked for them, and after this sale I can say that the price will be more than you are asked at this time.

This is directed to the home seeker, the business man seeking a location, and to the investor. No better investment in the state is offered you. To the sportsman, here is where you will always be sure to catch them and most of you know this to be true. I do not think I exaggerate when I say that at this place the Williamson and Sprague rivers furnish more trout than all other streams of the state. Buy a water front lot and build you a cabin and have it always ready for you. You can rent it at a good figure every month in the year if you wish.

If you are interested write or call upon me at Chiloquin, Oregon.

*You can make no mistake in investing at this place*

There is no doubt in my mind that it is going to be the busiest place in Klamath County for a good many years to come.
