

Ball Benefit Dance Tonight Will Be Well Patronized

Tonight at Dreamland pavilion, the special free-will offering dance given by Bert McDonald for the benefit of the city baseball league will take place at the usual hours and a special orchestra has been secured to make the occasion one of the best of the year.

This benefit dance came as a distinct surprise to the managers and players in the city league as they were unprepared for such a distinct boost and from reports obtained this morning from the players, this dance will be largely attended.

The dance given last night at the Scandinavian hall was well attended and the crowd present enjoyed the occasion. From a financial standpoint, last night's affair helped wonderfully in raising the deficit in the league treasury.

Tennis Play Lags On Account of Players' Absence

The tennis tournament at the Elks club for the handsome silver loving cup has not been played consistently on schedule, due to absence of contestants, but this week the games are expected to be resumed. In division one, Wiley has won one set, defeating Baker.

Charles Hall is expected home either at the end of this week or at the beginning of next week and with his return, it is expected that the matches will be played off and the winner decided.

The courts have been rolled and are in fine condition for the tournament and after use each day the small damage done is speedily repaired.

Nimrods Oiling Up Guns; Deer Hunts Planned Aug. 20th

With the advent of cool weather this week, a number of the sportsmen have been digging around in closets, garrets and other repositories for the hunting togs and guns which have been stored since last fall. Guns are being oiled, the barrels inspected for pits, and at the gun stores the price of ammunition and hunting licenses is being inquired about.

On August 20, Saturday, the hunting season for deer opens in Jackson county and a number of hunters in this section plan on going out after their "buck." The fish this summer have had their "goat" but now, they want their "buck," minus the "buck fever."

The deer season for Klamath county does not open until September 1. Hunters should take warning from the game commission that deer killed in Jackson county cannot be brought here until after Sept. 1.

Byron Hardenbrook and several others plan to leave around the first of the month for Curry county to engage in a two weeks' hunt near Gold Beach.

Numerous deer have been reported seen this season around Chiloquin and from Lakeview comes report of a fairly plentiful supply.

NEWS FROM THE STATE CAPITAL

Herald Salem Bureau SALEM, Or., Aug. 17.—The transcontinental freight bureau has joined the Oregon public service commission in asking the interstate commerce commission to allow a reduction from 15,000 to 15,000 pounds in the carload minimum for Oregon and Washington hops. It is felt that it will be granted and Oregon and Washington put on a parity with California.

Adjutant General George A. White is informed that the government will finance an Oregon team of riflemen to participate in the national rifle shoot at Camp Perry, O., although federal funds are not available to hold a state shoot this year.

Boys at the state training school enjoyed the film "Peck's Bad Boy," given at the school recently by Frank Blich, a Salem motion picture exhibitor.

State Treasurer O. P. Hoff announces the apportionment of a total of \$384,985.60 to the several counties of the state from interest received on the state irremediable school fund. The apportionment is on the basis of school population and is \$1.74 per capita. The total school population of the state, that is, persons between the ages of 4 and 20 years, is 221,288.

An initial bond issue of \$5,000,000 will be made by the state world war veterans' aid commission under the bonus loan act adopted by the people at the special election last June. Indications are that the \$30,000 appropriated by the legislature to put the act in motion will be too small, and a meeting of the state emergency board will be called in a few days to sit with the board and make a study of the financial situation.

Indications are that the present month will be the biggest in the history of the state highway department as represented by disbursements of money. It is believed the disbursements will aggregate \$2,225,000.

Fire losses in Oregon for the month of July, exclusive of the city of Portland, aggregated \$587,875, according to the monthly report of A. C. Barber, state fire marshal.

During 1920 there were operating in Oregon 379 insurance companies, associations and societies, according to a report to the governor by A. C. Barber, state insurance commissioner. They did business as follows: Insurance written, \$1,094,843,702.43; premiums received, \$24,678,918.29; losses and claims paid, \$2,183,644.63; net premiums for taxation, \$11,445,478.24.

The heaviest traffic in the state is over the Pacific highway, according to a count of vehicles made in all parts of the state by employees of the state highway department on July 15, 16 and 17, from 6 o'clock a. m. to 10 p. m. each day. The average number of vehicles passing daily on all roads was as follows: Horse drawn vehicles, 1541; motorcycles, 488; Oregon, passenger automobiles, 29,949; passenger autos of other states, 5964; light duty trucks, 1870; trucks of 1.5 tons or more capacity, 1314; grand daily total, 41,126.

AN INVESTMENT

I have several blocks of lots surrounding the Mallin high school that I will sell for business and residential purposes, thus offering to the people of Klamath county an opportunity to make a real investment. I will sell these lots for \$75 and up, on the installment plan, the terms to suit the purchaser. No interest will be charged and I will pay the taxes until deed is delivered to buyer.

Mallin is situated in the center of one of the richest districts in the world. It is backed by progressive and conservative citizens. It has a future that assures development to a degree that will make this property worth many times the price I am selling it for. When oil is discovered, Mallin will be found to be in the very heart of the field and the biggest producers will be at its door.

If you are looking for something that will pay you big returns, you can make no mistake in buying Mallin property.

Cooking Electrically the ideal method

Electrically equipped kitchens hold no terrors for the housewife. They are cool, cozy, and comfortable in the summer. They eliminate the drudgery, the grime and the nerve racking tension caused by wood stoves. The expense is surprisingly low. Let us tell you about it.

COULDN'T WALK ACROSS ROOM

PORTLAND WOMAN SPENT MOST OF TIME IN BED AND CHAIR—IS NOW IN PERFECT HEALTH.

I am convinced 'I wouldn't be alive today if it hadn't been for Tanlac,' said Mrs. Eliza Scott, 225 Hall St., Portland, Ore.

"My main trouble was rheumatism and I don't believe anybody ever suffered any more from it than I did. There were times when I couldn't walk across the room and it hurt me so much to move I couldn't even turn over in bed without screaming. I spent most of my time in bed and in my chair, and nobody will ever know what I suffered, as I can't describe it. I kept falling off in weight until I just gave up in despair, thinking the end was not far off.

"It's just wonderful the way Tanlac rid me of all my troubles. My rheumatism is completely gone and the other day I walked down town and back, a distance of 20 blocks, and never felt tired. Everybody is telling me that I am the picture of health and looking years younger, and I know I never felt better in all my life. There's no doubt in my mind that Tanlac's the best and grandest medicine ever made." For sale by druggists everywhere.—Adv.
