The One Way to Succeed Is to Be Successful

Sounds ridiculous but it's true. Unless you can practice the principles of success in a small way—You never can in big ways.

Successful men invariably are thrifty and saving. Many of them started in business with a few hundred dollars saved from small salaries. This bank welcomes the man who is trying to get ahead.

Average Reduction on All Models Since Last Year
Price Now—\$1895

And remember that for five years, including last year, when it sold at \$2600, the Hudson Super-Six was the largest selling fine car in the world. At its new price of \$1895 doesn't it represent incomparably the greatest value in the fine car market? No judicious buyer today makes his choice without comparing not only the present price of cars, but also their relative values as indicated by the position and reputation they have held for years. Such comparison today directs intensified interest upon Hudson.
