

## TROOPS LEAVE FOR TROUBLED COAL DISTRICT

WASHINGTON, Sept. 2.—Orders for the immediate entrainment of troops for the West Virginia coal strike zone were issued early today. Action was postponed this morning on declaring martial law, however.

Federal troops began moving today from Camp Dix, New Jersey, Camp Sherman, Ohio, and Camp Knox and Fort Thomas, Kentucky, following receipt of orders to entrain at once for the strike zone.

The orders were issued as the result of a telegram from Brigadier General Bandholtz urging that troops be sent at once. General Bandholtz had been sent to the strike zone to discover whether the armed bands of miners would observe the president's command that they disperse before noon yesterday. General Bandholtz is to command the troops.

The president's proclamation declaring martial law in the strike district is signed and requires only issuance to make it effective at once.

LOGAN, W. Va., Sept. 2.—After a morning of uncertainty, in which reports from Spruce ridge told of sporadic fighting since day break, it was officially announced at noon that "heavy fighting" was taking place on Blair Mountain, Mill Creek and Crooked Creek.

Colonel Eubanks said that one Logan man was wounded on Blair mountain and five of the opposing force were seen to fall.

Airplane reconnoitering east of the ridge reported increased activity among the armed bands and carriers said there was a "continual roar along the entire line."

These reports indicate the heaviest fighting since the line was established along the Spruce Fork ridge. New men have been sent in and the line of battle is now 20 miles long. Reinforcements continue to reach Logan from the southern part of the state.

LOGAN, W. Va., Sept. 2.—The situation confronting the people of Logan county is the direct outgrowth of the long controversy between organized and unorganized miners. All of Logan county east of Spruce Fork ridge is unorganized, but the little section between the eastern slope of the mountain and the Boone county line is filled with union miners.

These men last week prepared to join the march of other union men from Marmet to Mingo county to protest against the enforcement of martial law in Mingo county.

Many of march miners who abandoned the march are said to have retraced their steps and started for Jeffery where the union miners of Logan were gathered until it is estimated fully 5000 are in that region.

## Free Transportation To Landing Will be Provided Labor Day

All people who plan on attending labor's old fashioned basket picnic Monday will find free transportation at their service by going to the Central hotel at Ninth and Main street at 9:15 and 11:55 o'clock a. m., where busses will take them to Shippington to the barge. The barge leaves Wickstrum's wharf at 9:30 and 11:30 o'clock for the picnic grounds. No afternoon barge trips will be made. Chairman Conklin of the entertainment committee announces.

There will not be any charges for the transportation features and at the picnic grounds, free coffee will be served. An orchestra will be taken along and in the afternoon, dancing will take place on the barge. The Rev. Father Marshall and Rev. C. F. Trimble will deliver addresses Monday afternoon.

BAKE HITS ANOTHER  
NEW YORK, Sept. 2.—Babe Ruth poked out his 49th home run in today's game with Washington here.

## Fire Chief Would Adopt Portland Plan For War on Weeds

Fire Chief Ambrose may be able to solve the problem of having the weeds cut in the Hot Springs addition and in the flats, if he can prevail on Police Judge Leavitt to adopt the plan followed in Portland by Chief of Police Jenkins. In that city, according to the Portland Telegram, prisoners confined in the city jail who cannot pay a fine are put to work clearing the weed nuisance as described in the following clipping.

A score of trustees, direct from police headquarters, will constitute an array of municipal scythe-swingers in sweeping down on un-cut weeds on lots about the city, starting tomorrow. "Alleged vagrants, drunks, and drug addicts will make up Captain of Police Moore's 'special detail' squad to rid the city of noxious weeds.

"There promises to be some lively scything, Chief of Police Jenkins believes, with each trusty assured of lopping off two days of his sentence for each day spent in lot barbing.

"Two husky patrolmen will direct activities of the slackers and see that there is no loafing on the job. The prisoners will work eight hours daily until all lots about the city are cleared.

Klamath Falls jail does not have many prisoners but even one man at a time putting in 8 hours on patches in the infested districts might relieve the fire situation, citizens say.

## TOO MANY BAD TEMPERED DOGS

The public appears to be in need of protection from vicious and semi-vicious dogs. Mrs. Addie Walker, of 123 North Fifth street, was severely bitten on the leg a couple of days ago by a stray dog which she was trying to chase from her garden. The dog's owner at first refused to believe that his dog had inflicted the injury, so sure was he of the animal's good nature. Finally, says Mrs. Walker, he was convinced and promised to shoot the dog, but last evening, she says, she saw the animal on the street again.

Mail carriers and milkmen, it is said, find a number of dogs on their routes that it is safer to avoid than take chances with.

Russell R. Griffith, superintendent of carriers at the local postoffice, says he has received many complaints from his force lately and that several of the carriers have been bitten.

Herald carriers also report attacks by dogs along their routes from time to time. The boys have been instructed to take no chances by entering yards where dogs with threatening disposition are kept.

## CABINET DISCUSSION FOR IRELAND'S REPLY

LONDON, Sept. 2.—Lloyd George has sent the Irish reply to his latest communication on the peace proposal to London for circulation among cabinet members, and owing to a series of issues involved he summoned a cabinet meeting Wednesday at Iwerness, Scotland.

## BID FOR ASHLAND ROAD REFERRED TO ENGINEER

The bid of John Hampshire, \$103,132, for grading 14.3 of the Ashland to Klamath Falls highway between Jenny Creek and Hayden Creek, was referred to the highway engineer by the state highway commission at its meeting in Portland Wednesday.

## ROOT'S AGE IS BAR TO ACCEPTING POST

NEW YORK, Sept. 2.—Elihu Root today declined the nomination as member of the International court of justice under the league of nations, because of his advanced age, it is reported.

## WEATHER REPORT OREGON—Tonight and Saturday, probably showers.

## MARKET REPORT PORTLAND, Sept. 2.—Livestock steady; eggs firm; butter unsettled.

## CITY SCHOOLS READY TO OPEN NEXT TUESDAY

City school will open next Tuesday, September 6, announced J. P. Wells, city superintendent, today. There will be a half-day session only Tuesday.

The school board last night appointed two more teachers, Miss Tenney E. Frakes for the Fifth grade of the Riverside school, and Miss Ruby Fenwick, of Boise, for the Fourth grade of the Central school. Miss Fenwick succeeds Mrs. Lou Martin who resigned on account of ill health. Miss Fenwick took instruction at both the Monmouth state normal and the University of Oregon and has taught in the city schools at Eugene and Ontario, Oregon. Miss Frakes is a graduate of the California normal school at San Jose and for the past three years has taught at Lakeview.

Superintendent Wells announces that beginning pupils will not be admitted to the city schools after the first month of school unless they have had enough previous instruction to enable them to enter classes that commenced at the first of the year.

He also calls attention to the fact that children who will be six years of age on January 1, 1922, may enter now. The school authorities are anxious to have all pupils, and especially beginners, start work at the first of the term.

Boundaries for the several schools are as follows: Riverside, Eighth street and the Southern Pacific railway tracks (except for the first grade for whom the boundary is Sixth street); Central school, the district bounded by Eighth street, the Southern Pacific tracks, East Main street, Crescent avenue and Lincoln street; Fairview, the district bounded by Eighth street, Lincoln street, Crescent avenue and the government canal; Mills school, the district east and south of the Southern Pacific tracks and east Main street; Pelican Bay school, no boundaries established.

## Marion Co. Judge To Try Brumfield

SALEM, Sept. 2.—Judge George G. Bingham of Marion county was named by Supreme Justice Burnett to preside over the Brumfield trial, it was announced this afternoon.

ROSEBURG, Sept. 2.—Proceedings in the Brumfield case marked time today, awaiting the appointment by Chief Justice Burnett of a trial judge to succeed Circuit Judge Hamilton. The prosecution declares it is ready for immediate trial. It is said the defense will ask 30 days continuance.

## TRAVELERS COMING HOME

Mr. and Mrs. W. E. Harris, 1125 Main street, have sent postcards to friends here announcing their departure from Vancouver, British Columbia. One card sent was quite humorous as Harris writes that while there is "much rain and a person can get wet easily still there was sunshine in the dark cloud for a person could get wet inside as well." The card also states that there has been an excess of rain on the coast region, since their arrival several weeks ago.

## NEW MEXICAN ROAD WILL OPEN BIG AREA

LOS ANGELES, Cal., Sept. 2.—A new highway 250 miles long between La Paz and Magdalena Bay, is being constructed by Mexican soldiers and laborers under the direction of President Obregon, according to Capt. F. D. Sarazoa of the French steamship Providence.

The road will open for development a large mining territory which has heretofore been closed on account of lack of transportation facilities, Captain Sarazoa stated, and is only one of the several projects contemplated by the Mexican government in its development plan.

## ANNEXATION OBJECTIONS ARE CRUMBLING

Roseburg residents who have applied for cottage rights at Diamond lake are reported to be unfavorable to including Diamond lake in the enlarged area of the Crater Lake National park. A bill for annexation is now before congress for consideration and at present is in the hands of the Public Lands Committee. The bill introduced by Senator McNary in the Senate, and passed by that body, proposes to add a territory 13 1/2 miles east and west and 9 miles north and south, including Diamond lake, Mt. Thielsen, Mt. Bailey and a number of other scenic points.

Four objections were raised to the proposed enlargement from timber, grazing, sportsmen's and reservoir interests. The timber claims have been overcome as the government has always thrown timber open on reservations when necessity arises; the grazing feature has been found to be small and only possible in isolated districts; the sportsmen have been convinced that the inclusion of Diamond lake in the park district would be advantageous for spawning and fish reserve and the deer included would be offered a refuge in which to increase, while the reservoir proposition has been discounted as a negligible factor in retarding the inclusion of the proposed area.

The Roseburg citizens opposition is said to arise mainly from the fact that they have planned a resort there and the Forest Service has repeatedly refused cottage sites. Roseburg folks fear, with the inclusion of Diamond lake in the new district, that they would be forever barred from fulfilling their plans. It is said that by inclusion of the area, sanitation would be facilitated and the waters of Diamond lake freed from sheep or animal pollution; refuse of all sorts kept clear of the shores; destruction of foliage and shrubbery stopped and the source of trout and other fish spawn increased. Diamond lake waters are warm and bathing is said to be fine.

The inclusion of the lake in the proposed area is said by authorities to be of great advantage in encouraging tourists to linger in the park for at Crater Lake park itself, the 90 day season is too short, while Diamond lake and its lures would make it possible to detain the tourist in the park and section practically double the present time.

## Boy is Recovering From Bullet Wound

Howard, 13 year old son of Mr. and Mrs. Al Graham, is out of the hospital and will return to his home on the Algoma road today, well on the road to recovery from an accidental bullet wound received last Sunday.

The lad attempted to shoot a squirrel from horseback with a short-barrelled .22 rifle. The horse became excited as Howard raised the weapon and in some manner it was discharged, the bullet passing clear through the left forearm entering the inner side near the wrist and emerging on the back of the arm halfway to the elbow. Fortunately no large blood vessels or bones were injured.

## REPAIRING PELICAN CITY ROAD

Robert Hunsaker, street commissioner, reported today that his 'crew' of workmen who have been fixing up the Pelican City road along Oregon avenue were about half finished and that the work was progressing rapidly. This stretch of road was passed upon for repairs at the last two meetings of the city council and a contract was made with Capt. A. Wickstrum for cinders at \$1.25 a yard, payment to be made for the cinders next spring.

## LAUNCH IS SAFE

NEWPORT, Oregon, Sept. 2.—The launch Freemont, with 27 passengers on board, which was held outside the Yaquina bar last night by rough seas, arrived here safe this morning.

## Prospects for More Variety at Market Tomorrow are Good

Mrs. Ben Bond, marketmaster, stated today that the Grand Central market would open at 8 o'clock tomorrow morning in the Central building and that reports from farmers, who plan on being present, indicated a full supply of standard vegetables, including green corn and some strawberries and blackberries, would be for sale.

Mrs. Bond requests people who desire to secure Dutch cheese and mustard pickles at the market to bring containers with them as many of the farms are not provided with cartons to put their product in.

The farmers of the county are awake to this opportunity to sell their produce, Mrs. Bond says, and many have applied for a regular stall in the market. Farmers tell her that next year, with a public market here, a great variety of produce will be raised, something that has not been done in the past as there was little market for any surplus above home needs.

## EDITOR CHARGED WITH ASSAULT

MEDFORD, Sept. 2.—The trial of Bert R. Greer, editor of the Ashland Tidings, charged with assault upon H. G. Enders, merchant of Ashland, has been postponed in Justice Gowdy's court in Ashland until Mr. Greer returns from California. He gave bonds to insure his appearance when he returns about the middle of September.

The row is the culmination of a feud of many months' standing between the two men, which resulted in a warm dispute in the Tidings office on Tuesday morning ending, it is alleged, by the editor striking at Enders with an iron bar. It is claimed that he struck at the merchant's head with the improvised weapon, but Mr. Enders ducked to ward off the blow, the bar striking the hand and bruising it somewhat.

"As I understand the affair from information given me by Mr. Enders said County Prosecutor Moore, 'Enders went into the Ashland Tidings office to request that the personal attacks on him in that newspaper cease. Warm words followed during which names were exchanged, and I am unaware as to who started the wordy altercation.

"Anyhow, Enders claims that Greer became infuriated, picked up the iron bar and advanced towards him in such a threatening manner that he thought it best to leave the office until the editor had calmed down somewhat. Later they resumed the dispute out in the street in front of the office, and Greer, so Enders claims, struck at his head with the iron bar."

## Alleged Holdup's Hearing Postponed

Jack Morrison and Glenn Reynolds, the alleged highwaymen who robbed Mr. and Mrs. R. E. Kromers and Harry Hall August 5 near North Beaver marsh were scheduled for a hearing in Justice Gaghagen's court this morning at 10 o'clock. Lillie Bennington, who was captured with the two men, appeared this morning as a witness.

At 2 o'clock this afternoon, District Attorney Brewer had not appeared in the justice court. Justice Gaghagen stated that the trial may be heard later in the day.

## WOOD WILL ACCEPT GOVERNSHIP OF P. I.

MANILA, Sept. 2.—Major General Leonard Wood has announced his acceptance of the post of governor general of the Philippines, which was recently tendered by President Harding.

## DEATH LIST IN BELFAST FIGHTING NOW IS 18

BELFAST, Sept. 2.—Two boys, wounded when they climbed a wall to watch the street fighting, died today, bringing the total death toll in the Belfast disorders since Monday up to 18.

## HI SCHOOL BOY, CRUSHED UNDER TRUCK, IS DEAD

Paul Covert, aged 17 years, senior in the local high school, died at 3:30 o'clock this morning in a local hospital as the result of injuries received about 5:30 o'clock last evening when he fell beneath a heavy wood truck, driven by S. Enders, and owned by Frank Frankford, wood dealer.

The lad had been working during vacation at the Hwauna box factory and from details gathered by the coroner it appears that he was riding home from work on the truck. At the corner of Sixth and Main he attempted to alight while the truck was in motion, and tripped and fell under the rear wheel. The truck was a heavy vehicle with solid tires, and the wheel passing over his body inflicted internal injuries. An autopsy this morning by Drs. Massey and Trux resulted in a statement that death was caused by crushing injuries and internal hemorrhages.

Witnesses told the coroner this afternoon that the boy was sitting on a tool box on the left hand side of the truck. As the vehicle approached the street corner he started to get off, stepping backward. He fell and rolled beneath the truck. He was picked up by Traffic Officer McLaughlin and Bert McDonald and rushed to the hospital. Witnesses held the driver entirely blameless for the accident. The driver, Stanford Enders, lives at 343 Ninth street.

The parents of the dead boy, Mr. and Mrs. James H. Covert, reside at 1605 Johnson avenue. He is also survived by a brother, Darrell. The family came here about three years ago from Everett, Washington. Paul was born October 5, 1904, at Napa, California.

The funeral will be held Sunday afternoon from the Whitlock chapel, the Rev. A. F. Simmons officiating. The dead boy was a member of Baptist church. High school class mates will act as pall bearers.

Make that idle dollar work! Put it in the bank.

## Asks County Court To Review Decision Of Justice Court

Attorney William Marx has filed two suits in the county court asking for a writ of review of the recent justice court findings in the Thomas L. Cleveland, sometimes known as T. L. Cleveland and doing business under the name of James Sumpter, case filed in Justice Gaghagen's court last week.

Two writs of review were filed with Judge Bunnell, one directed against Roy N. Fouch, who does business under the firm name of the Business Service Bureau, and the other against attorney John Irwin.

Attorney Marx states that owing to the absence of Circuit Judge Kuykendall, as a matter of expediency, these writs of review were filed in the county court to secure a quick decision as the amount of money involved was small and a procedure in the circuit court would delay the action too long.

The writs are filed in view of the recent difficulties which have beset the plaintiff Cleveland (or Sumpter) in regard to alleged unpaid obligations. Last Saturday, the two defendants attached bank accounts at the First State and Savings bank and one of the alleged accounts, claimed by the defendants as being the property of T. L. Cleveland, belonged to Richard F. Cleveland, a son of the plaintiff, Attorney Marx claims. The writs of review ask for a certified copy of the proceedings in Justice Gaghagen's court and also for a Sheriff's jury to determine the ownership of the money, alleging that Richard F. Cleveland was at no time a party to the suit. B. O. McKee and Ed. Propst are sureties on the writ for T. L. Cleveland.
