

**Diamond Deserted While Horsehide Tossers Seek Deer**

Baseball temporarily is forgotten by the members of the city league, since the deer season opened. Why waste time slugging at a horsehide covered object hurled by mere man when the call of the woods is strong and there is royal sport to be found within them?

With the bringing in of deer the past two days by successful hunters, nearly every ball player who can secure a gun has announced his intention of hitting for secret spots where deer have been reported seen in fair numbers.

It is said that nearly every player of the Copco team has announced his intention of seeking sport in the woods over Sunday and it is said that the Jewel team feel the same way. A number of the Ewauna team also have planned hunts and several Plumbobbs have left to be gone at least a week. Modoc park tomorrow will be a deserted desolate place without the city league teams within its confines.

**Three Deer Bagged By Dorris Hunters**

DORRIS, Cal., Sept. 3.—Three lucky sportsmen returned to Dorris the first day of the deer season with three big bucks killed in the vicinity of the "Nigger Hole." Ross Wilkins, Stanley Russ and Joe Herzog each brought in fine bucks. Herzog bagged a five pointer. One of the three was a huge mule tail weighing 250 pounds.

Numerous hunters are in the woods this week armed with a rifle. Deer are reported to be very plentiful in Siskiyou county this season, especially in the Medicine lake and Lava Bed regions. Several have been killed already by Macdoel hunters. Other sportsmen are expected to return with the limit before the week is out.

**THE STRAND.**

The Strand theatre will show Sunday nine full reels of Rex Beach's famous northern story, "The Spoilers" and one of the strongest actors on the silver screen, William Farnum will play the leading role of "Roy Glenister." Too much cannot be said of this never tiring and ever interesting story.

This thrilling romance of the gold fields of our great northwest, is strong in sentiment, is steeped in fierce primitive passions inspired by insidious evils that invest the closing coils of a great conspiracy for robbing honest toil of its golden fruits, after it has braved privations with death ever imminent, day by day or through the long night of the midnight sun. It has the better and brighter things in contrasting figures to the rugged miners, is sweet and refreshing as reliant and imperious woman hood, to give it interest in unusual ways.—sobering and surprising as it touches the hearts and actions of rugged and battling men. These strong elements in the melting pot of this romance, fuse to make a great work intense, picturesque and potential beyond compare, as far as current production of motion pictures is concerned.

**HEALTH TALKS.**  
Beginning today, and each Monday hereafter, there will appear in this paper "Health Talks" by Dr. Mallett, setting forth the curative principles of Chiropractic treatment. Nothing in the history of the human race has made such strides in alleviating the ills of mankind as has Chiropractic. Received at first with skepticism, it has won its place in the very front ranks of curative agencies by the sheer force of its triumph over disease. Whether you believe in such a method, whether you are or are not suffering from some ailment, the intellectual benefit to be gained from these articles by Dr. Mallett will justify your reading them and becoming familiar with the underlying principles of what bids fair to be one of the great curative agencies of future generations. 3-14

**Cooking Electrically**

the ideal method

Electrically equipped kitchens hold no terrors for the housewife. They are cool, cozy, and comfortable in the summer. They eliminate the drudgery, the grime and the nerve racking tension caused by wood stoves. The expense is surprisingly low. Let us tell you about it.

**HEALTH THAT REDUCES GOITRE**

Saturday Health Talk No. 1.  
By Dr. GEO. E. MALLET

Goitre is a swelling of the thyroid gland. It is usually accompanied by stomach weakness. There are several varieties of goitre. The watery type is easily and quickly subdued, but the other varieties are more stubborn in yielding to chiropractic spinal adjustments.

Uncle Ben Says: "Better music than the ring of money is the ring of health in your voice."

The cause is removed by adjustments of spinal bones affecting the nerve impulses to the thyroid gland and the stomach. When such adjustments are followed through to the point where the spinal nerves are freed of the pressure caused by the disturbed alignment of the spinal joints, the normal flow of nerve impulses restores a normal condition.

**Healthful Again.**

"For two years my wife had one of the worst kind of goitres. It affected her breathing, and made her nervous. She took adjustments for eleven months and now does all of her own work and feels good all the time."—A. L. Baker, Chiropractic Research Bureau, Statement No. 1260H.
