

KLAMATH FALL joins in the national demonstration of the better motion pictures

4th Annual Paramount WEEK

NEXT WEEK is Paramount Week—the greatest days and nights of entertainment since the day when you saw your first circus.

It's the fourth annual Paramount Week at that: and when anything happens four annual times in the motion picture world you can wager there's value there, in thrills and laughs and all the marvelous sensations you get when you see a Paramount Picture.

Nothing less than a national screen carnival—that's what Paramount Week is!

The greatest talent of the entire world prepares it for you! Paramount writers, actors and directors in California, New York and London—the largest organization in filmdom, which works on a scale so huge and so successful as to supply more than 11,200

theatres in U. S. A. alone with their photoplays year in, year out.

In Paramount Week you see all the best Paramount achievements of the year, the greatest to date.

But—such is the swift progress of the young art of the screen, such are the striking improvements every year, that the season 1931-32 will bring you sensational improvements in Paramount Pictures, greatly outdistancing all past efforts.

—Improvements in all those vital details of a photoplay which make your breath come quicker, and your eyes shine brighter.

And you'll declare—
"That's the best show in town!"
That's what a Paramount Picture always is.
