

PEACE PORTAL DEDICATION AT BOUNDARY LINE

BLAINE, Wash., Sept. 7.—Recognition of "the oneness of the English speaking race" was marked in the dedication of the Peace Portal yesterday commemorating one hundred years of peace between Great Britain and the United States, Samuel Hill, who presided over the exercises, said upon taking the stand.

Mr. Hill said: "War satisfies neither the victors nor the vanquished. Perfect peace alone satisfies. The instincts of human kind have not been changed by education and only slightly modified by religion. When war holds sway there are no religions. The dominant thought not the most widely accepted religion made its way by non-resistance. All great movements must so proceed if they are destined to prevail."

"The ceremony in which we take part today marks the recognition of the oneness of the English speaking race, and its friendship not alone for the white race but its earnest desire to be at peace with all the world."

"France and England live together in harmony in Canada. United States and Canada side by side for three thousand miles wish for no better neighbor. Belgium sought as a mutual friend by United States and Great Britain one hundred years ago still holds the friendship, the affection of both. Old things have passed away. Science has laid bare the most hidden parts of the world and across and under the sea, over vast continents and through the air the human voice is daily heard."

"May I not express the hope that where science, the arts and religion have failed to control the passions of man, that that still small voice which spoke to Socrates, Plato, Savonarola, and the other wise men of old, to the red man of the plains, and in the forest of North America, to the Buriat and Ostiak in Siberia, which I felt rather than heard in the Vatican at Rome and in the Shrine at Nikko may foreshadow a deeper spiritual life."

"Each country under its own flag, its own faith if you will, recognizing the power which is over all and death all unite. May I not voice the concept of the part my own country should take when I say: 'Our fathers fought with Washington, With Lincoln our sons died. But at the birth of freedom All arms were laid aside. In other lands men fought for power, And some for kingly state, America thine aim endure, To make the people great. For thee no foreign conquest, No fratricidal strife, No anarchy, no oppressor, Strikes at the Nation's life. Be thine, O Star of Destiny, Child of great natures plan, To show the Fatherhood of God, The Brotherhood of Man.'"

Museum to Become Research College

LOS ANGELES, Cal., Sept. 7.—The Southwest Museum, a Los Angeles institution of folklore and nature will be come a university of research, according to the plans of Dr. Comstock, director of the Museum, who intends to call for research facilities that should attract industries. The museum's research library exhibits will afford valuable sources of study for architects, jewelers, furniture designers, interior decorators, dressmakers, milliners and those who work in the fine arts.

Public schools will be encouraged to make the Museum their laboratory of science and studio of fine arts, as well as the clubs for organizations who may take active interest in it.

The Southwest Museum has many exhibits other than collections from its locality. Art objects, such as Navajo Indian baskets, Alaskan Totem poles, Chinese architecture and European valuables are in this institution. The natural history section, according to Dr. Comstock has the finest collection of shells in the country, the largest in America.

During the first fifteen months of their existence, the 90 public employment offices established by the Dominion Government in the principal cities of Canada succeeded in placing 600,000 workers in jobs without cost to either employers or workmen.

HALF A LOAF

SHE IS PICTURE OF HEALTH NOW

PORTLAND WOMAN SAYS NOBODY KNOWS HOW SHE SUFFERED FOR MANY YEARS.

"No one but myself knows what I suffered from nervousness and indigestion for many years, but, thanks to Tanlac, I am in perfect health now," said Mrs. Bertha Carlson 694 Quinby St., Portland, Ore.

"I had so little appetite I had to force myself to eat enough to keep alive. My kidneys were out of order and my back hurt me like it would break in two. I was so nervous I couldn't get any restful sleep and in the mornings would drag myself out of bed, feeling weak and miserable."

"Since taking Tanlac I have a splendid appetite, and although I eat three hearty meals a day my stomach never bothers me a bit. My friends tell me that I am the picture of health, and I know I never felt better in my life than I do now. I cannot help having faith in Tanlac and have started my son taking it."

Tanlac is sold by druggists everywhere.—Adv.

Sea Shipment of Calif. Fruit Heavy

SAN FRANCISCO, Sept. 7.—The heaviest water shipments of canned fruits and vegetables in the history of San Francisco have gone from this port this year, and the peak of shipments will not be reached until October, according to estimates of shipping men.

Approximately one million cases of canned goods have been shipped since January 1 through the Panama Canal to Atlantic ports, principally to New York, Philadelphia and Boston. United Kingdom ports have taken an additional hundred thousand cases.

It is said that buyers with short stocks of goods have put in rush orders to take advantage of reduction of rates and idle steamships. Most of the shipments are last year's products, according to the California Packing Corporation, but much of this summer's fruits and vegetables are being moved.

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has even been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a tin like cold cream.—Adv.

HAVE A BABY BOY.

Congratulations are being extended to Mr. and Mrs. Dan Wann, of Yainax, upon the arrival of a little son, Thomas Wesley, born August 28.

Imitates Dad

"Bill," son of Wallace Reid, movie star, has already learned to make high speed on his three-wheeler. His real name is William Wallace Reid, Jr., and he apparently inherits his love of speed from his father, hero of many a movie automobile race.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.—Adv.

Rattlers Have No Terrors for Waldron

PRESCOTT, Ariz., Sept. 7.—J. P. Waldron of Waldron of Sawtelle, Cal., walked into the office of a local newspaper the other day and informed the "boys" that he was prepared to give them a thrill. A large Arizona rattlesnake was coiled about one arm of Waldron.

Without warning, the reptile suddenly buried its fangs in Waldron's wrist, and when the excited spectators expressed fear for his safety, he calmly replied that he had been bitten by rattlesnakes before. "Let 'em bite," said Waldron. "It's fear and not the poison, that kills!" Thus Waldron explained his intimacy with the dread snake. The same snake was reported to have bitten Waldron earlier in the day when he picked it up a few miles from this city.

Calif. Treasury in Healthy Condition

SACRAMENTO, Cal., Sept. 7.—All records on interest collections on state deposits were shattered last month when State Treasurer Friend W. Richardson, took in \$48,864.50.

The state has on deposit in banks, subject to call at any time and secured by first class bonds, more than fifteen millions dollars. The interest rate runs from 3 1/2 to 4 1/2 per cent, with most of the money at 4 per cent.

Let's Talk Piano with Earl Sheppard.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat If You Feel Back-achy or Have Bladder Trouble

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

Make that idle dollar work! Put it in the bank.

While You Are Planning

that new home or remodeling your old one —be sure to specify a beautiful hardwood floor.

At the following rock-bottom prices, you cannot afford to deprive yourself of the pleasure and convenience and beauty of a Long-Bell Forked Leaf Oak Floor.

13-16x2 1/4 Clear Quartered White Oak	\$200.00
13-16x2 1/4 Clear Plain White Oak	150.00
13-16x2 1/4 No. 1 Com. Oak	75.00
8 x 2 Clear Quartered White Oak	150.00
8 x 2 Clear Plain White Oak	110.00

These exceptionally low prices are less than you would pay for a good carpet.

This flooring can also be laid right over your old floors without trouble and litter of tearing out the old flooring.

We have this stock stored in dust and moisture proof bins—awaiting your inspection—call—phone—or write for illustrated booklet on the care and finish of "The Perfect Floor."

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always remember that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowels pass do.

Women who desire to enhance the beauty of their complexion should just begin, sweetening and purifying the entire alimentary tract for a week and notice results.
