

BOXING BOUTS SEPTEMBER 19

Monday night, September 19, at the Sandanavian hall, the boxing game will be revived in this city according to the announcement made yesterday by Hanlon Crump, who announces that permission will be asked of the boxing commission to stage a ten round and two round semi-final bouts.

Mr. Crump states that he has been in communication with two California scrappers, Bob Ross of San Francisco and "Bill" Rowe of Los Angeles. Bob Allen, a 145-pound all-around local athlete, will take on any aspirant from one to ten rounds on this occasion. Crump says that Ross is a well known welterweight of San Francisco and has a clean record. From what data can be had on Rowe, he is a coming middle weight in the southland.

From the information given out yesterday, it is the plan to match either Bob Ross or Rowe with a man of their respective weights in the main event and have two fast semi-finals before the main go. Admission for this boxing contest will be at popular prices and strictly in accordance with the workingman's pocket-book. Any ambitious scrapper who would like to appear in this event can communicate with Mr. Crump at the Acme Motor company.

OREGON BREVITIES

ALBANY—The proposal for the recall of the members of the Linn county court, proposed recently by the Pomona grange of Linn and Benton counties, will be considered at a meeting in Albany next Saturday. It is planned to have a committee of 25 members, representing all sections of the county, determine what action will be taken.

EUGENE—The airplane forest fire observers reported 19 fires on the south patrol and five on the northern route, the most in a single day since the middle of summer. Only one covering 2 acres southwest of Tehama, on the northern patrol, was said to be serious. Timber and underbrush are reported to be very dry now and many more fires are looked for during the next few days, unless there is a rain.

ROSEBURG—Miss Virginia Riggs, a local bank clerk, suffered an unusual accident Friday when she sustained a broken collar bone upon falling out of bed. She fell from her bed in the midst of a dream and struck on her left shoulder.

ALBANY—Fines aggregating \$75 were paid in the local justice court yesterday by truck drivers who were handling heavier loads than permitted by state law.

OBJECT LESSON ON TRAFFIC

Accident Added Weight to New York Traffic Policeman's Order to Pedestrians.

On a road on Long Island there is a dangerous spot where five main roads come together. It is said that more than 100,000 automobiles pass there on Sunday. A stocky-built little policeman, known to nearly all New York motorists, stands there all day long regulating traffic. His arms are continually going like semaphore, but he always manages to say something pleasant—or caustic—to passers-by. This little policeman is very proud of his responsibility, and is impetuous of gesture.

At a busy moment on a Sunday afternoon not long ago a pedestrian started to cross the road among the turning cars. Out of the corner of his eye the little policeman had just noted the approach of a woman driving a flivver.

"Stand back there!" he called to the pedestrian. "Don't you dare to step off that curb!" This with an imperious wave of his white-gloved hand. "Stop!" he again ordered as the man started again. "There's a woman driving a car—never can tell what they'll do!"

At that very moment, while the policeman's back was turned, the woman driver became confused, and with a dull plank her car hit the officer squarely in the back, knocking him down and skinning his arms and face. Luckily, he was not run over. His dignity, though, was terribly upset. Painfully rising, he brushed himself off, but said not a word to the woman. "Now," he called out, shaking his fist at the pedestrian on the sidewalk, "now, I reckon you'll stand back when I tell you!"—Saturday Evening Post.

Two "Immigrants" Help Alien

Two famous Americans, who were immigrants themselves, met recently in Washington when Alexander Graham Bell, inventor of the telephone, sought the aid of Secretary of Labor James J. Davis on behalf of a Canadian girl who had been detained on the border. Dr. Bell (left) came here from Scotland in 1871 and Secretary Davis was eight years old when he arrived here from Wales in 1881.

You are hereby notified that Joseph W. US CARTRIDGES AND SHELLS

Does your rifle barrel say to rust "Please come in"?

If, even though you always clean your rifle before putting it away, there is a tendency for rust to eat tiny "pits" in the barrel, the trouble is caused by the ammunition you use. The priming in such ammunition attracts rust.

cluding the famous .22 N. R. A.) are now made with a special, non-fouling, non-erosive priming that adds thousands of rounds to the life of a rifle.
