**Paderewski Will Visit in Mexico**

SAN FRANCISCO, Sept. 8.—Ignace Jan Paderewski, former prime minister of Poland, will leave his ranch at Paso Robles, California, September 30 to be the guest of the Mexican government at the celebration of the centennial of its independence in Mexico City, September 27, according to Eduardo Ruiz, consul general of Mexico. Senator Ruiz expressed the hope that the visit of Mr. Paderewski would be instrumental in bringing about the recognition of Mexico by the United States.

A celebration in San Francisco of the Mexican centennial is being planned for September 19 to 20, at which American citizens have been invited to join the Mexicans. A feature of

the celebration will be the presentation of a statue, "The Final Struggle" by the Mexican colony to the city government, September 27. The statue represents the figure of an American Indian vanquished by the new civilization. It is by Manuel Centurion, a Mexican sculptor.

Senator Ruiz said that Mexico had advanced greatly under the presidency of Obregon, and he hoped recognition by the United States would not be long delayed. Turmoil and strife had been ended in Mexico, said Ruiz, and the country had entered upon a new era.
