

Wear Better Clothes

WEAR BETTER CLOTHES FOR THE SAME REASON THAT YOU BUY BETTER gas for your automobile—better coal for your furnace—the "quality" grade of anything you wear or use.

CHEAP CLOTHES ALWAYS TURN OUT TO BE THE MOST EXPENSIVE. One good suit will outwear two of the cheap kind—and you also have the satisfaction of feeling and knowing that you LOOK right in a good suit of clothes.

Kuppenheimer Good Clothes

ARE THE REAL "INVESTMENT IN good appearance." For over fifty years their makers have maintained a quality standard which has, today, become the quality-value standard of all ready-to-wear clothing.

THAT'S WHY WE SELL THESE FINE clothes—we're proud to offer the men of this community the STANDARD of value, satisfaction, wear, economy and right price. New fall styles in suits and overcoats—now ready.

Wanderlust Keeps Terrier Traveling

KANSAS CITY, Mo., Sept. 12—Mrs. Edward Bearden noticed a fox terrier wandering about the street here. She stopped her car and the dog without waiting for an invitation jumped in beside her. At the Animal Refuge on the Kansas side, it was found that he wore a license tag issued at Beauregard, La. Correspondence with the tax collector located the owner and brought the information that the dog was a runaway that seized every opportunity to take long drives.

His owner wrote "I can't keep that dog at home. He seems to know when any one is leaving for a motor trip and always finds some way of joining them."

He told of having frequently sent for the dog many miles from his home. The trip to Kansas City seemed to have been his longest one.

UNEMPLOYMENT PROBLEM LOOMS

NEW YORK, Sept. 12—Half a million men will be idle in New York this winter, in the opinion of reliable investigators, and the city has set machinery in motion to meet this situation.

In addition to relief measures planned by a special city committee named by Mayor Hylan, 53 charity organizations have decided to pool their resources and establish a general clearing house in order to avoid duplication of effort and handle the problem efficiently.

The Merchants Association of New York and the Brooklyn Chamber of Commerce have joined hands with the Central Trades and Labor Council and the Building Trades Council to formulate a practical program. These organizations believe the situation can be met partly by pushing building projects, thus giving employment to thousands.

The problem of the ex-service man is at the heart of the entire situation, said Major William P. Deegan of the American Legion, one of the members of the Mayor's committee. He said 75,000 former soldier were out of work during the summer and he fears the number will be increased to between 100,000 and 125,000 by mid-winter.

"We have no funds to help them," he said, "but we never let a man go away without help, even if we have to dig in our own pockets to help them."

Down on the crowded East Side, the Bowery lodging houses are already filled to capacity each night. "Men out of work are sleeping everywhere in the open, in every park, on every pier, in alleys, in storerooms and any place they can huddle out of way and rest," said Major Underwood of the Salvation Army. "They cannot do so when it becomes cold."

NATIONAL METAL WEATHER STRIP—Those desiring to place orders for this weather strip may do so by calling or writing to the Herald and I will call and see them on my return from Dorris, the latter part of this week. Orders placed now will be installed about October 1st. No installation can be made this year unless the order is placed while I am here this time.

If you do not know about the merits of the National Weather Stripes, I will be glad to call and explain it to you and make an estimate of the cost of placing it in your building and refer you to many people in this city who have it already installed. Every one of these users will tell you they would not get along without it, even if the cost was many times what it is. T. L. Collier. 12-17*
