

KILBANE-FRUSH FEATHERWEIGHT BOUT SATURDAY

CLEVELAND, Sept. 16—When Johnny Kilbane, world's featherweight champion boxer steps into the ring at Luna field here tomorrow afternoon to face Danny Frush of Baltimore in a 12-round bout to a decision, it will be the first time he has defended his title since he knocked out George Chaney at Cedar Point, Ohio, Sept. 4, 1916.

Kilbane is to receive \$60,000 for his end—win, lose or draw—or possibly more, as he is working on a 50 per cent basis. This is said to be the largest amount ever guaranteed a boxer below the heavy-weight rank, and very few heavy-weights have received that much for a championship match. Frush is to receive \$2500—his training expenses.

Kilbane was 32 years old last April. Despite this supposed handicap, he is confident he will retain his title. Frush is 22, or about a year younger than Kilbane was when he wrested the championship from Abe Attell on February 22, 1912, at Vernon, Cal.

Although Kilbane's title has not been at stake for five years, he has fought any number of no-decision bouts.

Frush is regarded here as his foremost opponent. He has defeated some of the best in the featherweight division, and has a far better knockout record than Kilbane. In his list are several who went the limit with the champion. One of these is Artie Root of Cleveland, who came dangerously near winning the featherweight championship in a bout here a year ago when he landed a punch on Kilbane's chin, only the ropes saving Johnny. Frush has knocked out Root twice, while the latter stuck ten rounds with the title holder.

Kilbane has the advantages over Frush in reach, his being about three inches longer than the challenger's. He has about four inches the better of him in chest measurements. Frush is about a ninth taller, and is quite a little stockier about the legs.

The articles of agreement require that Frush weigh 126 pounds half an hour before entering the ring. Kilbane is expected to weigh 120 pounds coming in at catch weights.

PUG WALTERS MONT. FIGHTER WANTS MATCH

An ambitious boxer named "Pug" Walters from Montana has made his appearance in this city to be matched up with some of the good 126

PUG WALTERS From Montana

pound featherweight boxers on the Pacific coast. Walters from his appearance looked like he would be a worthy opponent of some of the Pacific

coast boys who have made names for themselves in this division.

Walters claims that most of his fighting has been done in the eastern states but within the past few years, he has appeared in many bouts staged in the Montana towns. He claims that he has fought some of the corners in Kalspel, Great Falls and other sporting centers of that state.

Walters claims that his toughest opponent was Young Wagner at Browns' Gymnasium in New York where for six rounds, it was a steady grind against a seasoned fighter. This fight was given Walters on a decision. The next hard battle was with Joe King at Long Acre in Harlem, New York. This battle fell to Walters by the K. O. route in the fourth round. In turn at Hoboken, Kid Freeman and Young Sieger were beaten on decisions and Young Leary by the K. O. route in the fourth round. All the battles in the east were in the 115 pound class.

The last battle of importance which Walters claims took place was in Kalspel, Montana, just before the outbreak of the world war and the bout was with Bud Carr champion of Plathoad county. Walters received the decision at the end of six grueling rounds.

Walters claims that he served in both the Mexican border troubles also through the entire foreign conflict. At Sivery, in the Argonne forest, Verdun sector, the Germans captured him on October 18, 1918, and he had a hard time being released even after the armistice was signed. Walters claims to have been a member of Co. B. Infantry, 33 Division, enlistment from Illinois.

Billy Shade Home With Four Boxers

SAN FRANCISCO, Sept. 16—Billy Shade, one of the "fighting Shades" of Crockett, Cal., near here, has returned with four Australian boxing titles; welterweight, middle weight, lightweight, and heavy weight.

Shade spent nearly two years in Australia, during which he engaged in ten bouts. The longest went nineteen rounds against Tommy Uren, former middleweight champion of the Antipodes. Shade lost only one fight, to Francis Charles, French middleweight, but later defeated him. Shade plans an eastern trip. He has his eyes on the world's heavy-weight championship eventually.

Plumbob Team Withdraws From City League

Baseball fans are to be disappointed this coming Sunday if they had planned on attending a game at Modoc Park. No game will be played September 18 following the decision made by the managers at the baseball meeting of the city league last night.

An agreement was made by President Swanson of the Plumbob team whereby the Plumbobs will be withdrawn from the league. Sunday, September 25, a city league game will be played.

Make that idle dollar work! Put it in the bank.

Outbursts of Everett True By Condon

THAT'S A GOOD SUGGESTION I'LL GET THAT OTHER ONE AND HAVE A LARGER PLUME PUT ON THIS ONE.

PUBLIC IS URGED TO HEED NATURE'S WARNING

Thousands of People Suffer Permanent Loss of Health Because of Neglect—Nature Has Set the Danger Signals for Us and We Cannot Afford to Pass Unnoticed the Warning That She Gives Us.

Good digestion means good health; bad digestion means bad health. A sound stomach is worth a hundred times its weight in gold. Probably eighty per cent of all diseases originate in the digestive organs. Dyspepsia, or what is more commonly known as indigestion, is not only one of the most prevalent, but it is one of the most difficult to treat of all present day diseases, and has for years baffled the skill of leading specialists everywhere.

Stomach trouble is almost always followed by a complication of diseases. One of the first being an over-worked liver, with all the symptoms of biliousness, followed in turn with headaches, coated tongue, nausea, dizzy spells, pain in the back, palpitation of the heart and other distressing symptoms. Sooner or later the kidneys will become involved and that is just why these danger signals should be heeded in time. A wise man puts out the fire before there is too much destruction; the same theory should apply to stomach trouble.

Gas in the stomach means fermentation instead of digestion; decay, instead of nutrition for fermentation produces poisons, which are absorbed by the blood, and which frequently bring on the condition known as auto-intoxication or self-poisoning. This is also why we develop acidosis, which brings on so many complications such as rheumatism, hardening of the arteries, high blood pressure and other conditions, which may mean permanent loss of health. Acidosis is one of the main forerunners of Bright's disease and diabetes, hence it is evident that if we have stomach trouble, however slight, we are foolish indeed if we do not take prompt steps to correct it.

If we are not fit as a fiddle in the morning; if we don't feel better than when we went to bed; if our breath is offensive; and we have had bad taste in the mouth; nature has set the danger signals for us and we cannot afford to neglect the warning that she gives us. That is just why the demand for Tanlac, the great Stomachic, Systemic and Reconstructive tonic has broken all world's records. The American people have learned that it probably provides the surest, safest, and quickest remedy for all such troubles, and millions upon millions have taken it with the most astonishing and gratifying results.

Tens of thousands of men and women of all ages and in all walks of life afflicted with stomach, liver and kidney disorders, some of them of long standing, as well as thousands of weak, thin, nervous men and women apparently on the verge of collapse have testified publicly that they have been fully restored

to their normal health, strength and weight by its use. Still others who seemed fairly well, yet who suffered with indigestion, headaches, shortness of breath, dizzy spells, sour, gassy stomachs, coated tongues, foulness of breath, constipation, bad complexion, loss of appetite, sleeplessness at night and terribly dejected, depressed feelings state that they have been entirely relieved of these distressing symptoms and restored to health and happiness by Tanlac.

NOTE: Tanlac Vegetable Pills are an essential and vitally important part of the Tanlac Treatment wherever constipation is present.

You cannot hope to get satisfactory results from the Tanlac Treatment without first establishing a free and regular movement of the bowels. It stands to reason that no treatment can do the greatest amount of good when you are suffering from constipation or biliousness, or when your system is clogged up with these products and poisons.

Tanlac and Tanlac Vegetable Pills are sold by Druggists everywhere.—Adv.

Don't Do It!

Don't try to do this stunt when you visit Overhanging Rock in Yosemite National Park. There's a ranger there ready to arrest you. He pinched Larry Keegan, of Butte Mountain, for doing it. There's 3000 feet of air between Larry and the ground below. And there's no undertaker there!

SULPHUR IS BEST TO CLEAR UP UGLY BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.—Adv.

Strand Theatre Has Overflow House Again

Klamath Falls theatre patrons are evidencing their hunger for road shows by the manner in which they are flocking to the Strand Theater. Last night again, as on Tuesday and Wednesday, standing room was not even available for the first show and the second show at 9 o'clock greeted the Galvin World of Follies with almost every seat taken. The play in which Marguerite Clark sprang into fame overnight, "Baby Mine," was presented very creditably and was well received.

The offering tonight will be one of Nat Goodwin's greatest successes, "A Bachelor's Romance," and it is said if the play has as many checked-off romances as greeted the famous actor in his series of matrimonial stabs, it will be highly pleasing. The offering tonight ran one year steady in New York and six months in both Boston and Chicago.

Tomorrow evening, three shows will be given at the closing performance of the Follies company, the first starting at 6:30; the second, 8:15; and the last show at 9:30 o'clock respectively. The strongest play of the week, "The Masquerader" will be presented.

Duck Hunters Are Successful Season Open

Early this morning the sound of guns being discharged was heard all over the county, especially in the vicinity of the ponds, dams, lakes and rivers. Investigation showed that Jack Thompson, A. C. Yaden, Jack Furber, Fred English and a large number of other well known sportsmen were taking advantage of the opening of the duck season.

On the streets this morning, people were carrying home nice bunches of ducks and in many homes this evening, wild ducks will be the 'piece de resistance' along with many a tale of "How I killed that bird—and that one, etc."
