OREGON LUMBER COMPANY SEEKS TO SETTLE SUIT

Herald Washington Bureau WASHINGTON, Sept. 20.—In explanation of the request of the department of justice to the federal district attorney in Portland that the case of the United States against the Oregon Lumber company, which is set for trial in October be postponed, officials of the attorney general's department said today that an offer was to be submitted to the government in compromise.

It is understood here that when T. B. Neuhausen of Portland was here some time ago, he broached the matter of a compromise with the department and engaged a local counsel to handle the matter for the company in his absence.

At any rate, Attorney Charles R. Pearce of this city has advised the department officials that in a few days he will submit an offer for the company to compromise the suit now set for trial, asking \$53,000 in damages for timber cut from lands, the entries for which were subsequently cancelled.

This suit is one of two pending against the company.

The other one is now on appeal to the supreme court of the United States. In this case the government is suing for the recovery of the value of lands taken under rock and timber entries.

Originally the government sued to recover the lands, alleging that the government lost these valuable holdings because the entries were secured through fraudulent means and patents issued.

The lower court stopped the government from recovery on the grounds that the statute of limitations intervened.

Then the government sued the lumber company for the value of the lands and in this action no statute of limitations prevails.

The company in answer claimed that as the government had its choice of remedies and chose at first to recover the land it had exhausted its remedies and therefore the second suit should be dismissed.

On this question the appeal is pending.

The attorney general's office denies that political influence has been used to have these suits dropped.

Survey of Klamath Flow Progressing

YREKA, Cal., Sept. 20.—The topographical and geological surveys of the Government, who have been on the Klamath River for two months, defining and ascertaining boundaries and locating dam sites for power and other purposes, are slowly moving down stream. Beginning at Ishi Pishi Falls, they have been slowly getting down stream until last week they made camp at the mouth of Trinity River, near Waithepec.

There results of their work will furnish data regarding the fall and flow of the Klamath. It appears that from Keno, Ore., the drop of the river to Fall Creek, near Hornbrook, is forty-five feet to the mile. From this point on down as far as Tully Creek Falls, the head of light navigation, thirty-five miles from the mouth, the fall is very steady at about thirteen and one-half feet to the mile. The only break in this 230 miles of steady fall is at Ishi Pishi Falls, a few miles above Orleans, where there is a sharp drop of twenty-five feet in about 160 yards.

Fifteen million dollars is to be spent in the electrification of the Central of Brazil railway, which is owned and operated by the Brazilian government.

Party Victim

An unconventional picture of Miss Virginia Rappe, film actress, who died following a booze party in the suite of Roscoe Arbuckle in a San Francisco hotel.

Fiance

Henry Lehrman, movie producer and fiance of Virginia Rappe, actress who died in a San Francisco hospital following a booze party in the rooms of Roscoe (Fatty) Arbuckle at a San Francisco hotel. Lehrman demands that Arb. be punished.

Many Sites for the 1925 Fair Proposed

PORTLAND, Ore., Sept. 20.—Just now Portland is a big debating society, free for all, and the various sections of the city are loud in their boasting for proposed sites for the worlds fair to be held here in 1925—the Atlantic-Pacific Highways and Electrical Exposition.

There are a dozen or more sites available, and the communities adjoining each have been so clamorous in advocating advantages that the committee in charge of the preliminary arrangements decided to put a questionnaire through which proponents of each site can set forth in detail the reasons they have to offer for its acceptance. These questionnaires are to be submitted before November 1.

In the meantime the entire state is rallying behind Portland, and a representative gathering from all counties was called to consider the best methods of financing the big project.

THE STRAND

Mr. and Mrs. Harvey Marton, Jr., are said to have come to a parting of the matrimonial ways. A violent disagreement has arisen between the two. Their attempt to bring about a settlement of their differences in New York by moving to Mr. Marton, Sr.'s ranch in Arizona has proven to be a failure.

Brought up by a worldly, scheming mother who had dissipated the family fortunes in her wild search for pleasure, and sordidly affected by her environment, it is no wonder that pretty Mrs. Harvey Marton thought only of Harvey's money when she married him. But a day of thought and of reckoning came to the young man who found his wife in the arms of Jerry Marquis, foreman of the Bar Z ranch to which Harvey's father had sent him with his young wife. And Harvey Marton came down to earth. He faced the grim fact of his own shortcoming, his own softness and lack of manhood. He came close to the soil in hard struggle and fought himself into a celess, lithe, panther-like, hard-fisted type of man. How he regained his claim to manhood, awakened his wife to true ideals, and broke the shackles of a corrupting environment is told in the photoplay "Old Loves for New."

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.—Adv.

to be shown at the Strand Theatre tonight.

Mint Distillery Under Operation

James Watkins, Jr., manager of the Klamath Mint company's farm on the Caldonia marsh was in town today and reported that distilling started last week. The best of the mint crop, he said, is producing about 40 pounds of oil to the acre. Some of the late spring planting will not be far enough advanced for cutting this year, but the crop from about 40 acres will be distilled.

The company plans to prepare more ground this fall for mint planting, and part of it will probably yet be planted before winter. It is planned to have 300 acres in mint next season.

IF BACK HURTS BEGIN ON SALTS

Flush Your Kidneys Occasionally If You Eat Meat Regularly

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidneys pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complication.—Adv.

Railway labor unions in Mexico and the Central American States have formed a federation.

SQUEEZED TO DEATH

When the body begins to stiffen and movement becomes painful it is usually an indication that the kidneys are out of order. Keep these organs healthy by taking

GOLD MEDAL WARMEN OIL

The world's standard remedy for kidney, liver, bladder and uric acid troubles. Famous since 1894. Take regularly and keep in good health. In three sizes, all druggists. Guaranteed as represented. Look for the name Gold Medal on every box and accept no imitation.
